During action to reorganize the Board, Deputy Clerk and Recorder, June White occupied the chair and invited nominations for Chairman of the Board of Commissioners.

Commissioner Tossberg nominated F. T. Williams as Chairman of the Board of Ravalli County Commissioners for 1984. There was no second to the nomination. June White asked for a vote and Commissioners Williams and Tossberg voted "Aye." Motion passed.

June White then stepped down as acting chairperson and Chairman Williams accepted the chair.

A letter was written to Jim Houghton, FAA Office, on the Hamilton Airport project requesting an individual audit for this project as most of the grant funds will be spent in Fiscal Year 1984.

A letter of extension was written to Mr. and Mrs. Ray Wolfe on their conditional approval of Sunnyside Orchards, Lot 15-B, Block 8, giving them an extension to November 12, 1984.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, January 4, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Darrell Osburn and Walt Stewart met with the Commissioners to discuss the County's policy on accepting roads into their maintenance system. Commissioner Tossberg said when there is 40% occupancy, the Commissioners will look into this. Darrell Osburn said that they are having problems because the VA and FHA require the roads to be county maintained to give loans, and they are losing sales because of this. The Commissioners explained that they had run into this problem before and Val Tibbitts had said this was not so. The Commissioners said they would check into this for Mr. Osburn and Mr. Stewart. This was in regards to Weber Estates.

Margaret Stelling met with the Commissioners to discuss upcoming meetings regarding the unification of the court system and possible state assumption of her office. She gave the Commissioners a paper she had prepared showing the reasons why she would be against this.

Margaret said that her Bailiff is quitting and she would like to offer a new bailiff more than $3.51 per hour--the Commissioners said that they would see no problem in doing this.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, January 5, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Carol Jeppesen, Planning Office; Darlene Hughes, Clerk and Recorder; Don Mullin, Sanitarian; and Bob Brown, County Attorney; met with the Commissioners to discuss the proposed changes in subdivision regulations. Bob Brown explained the different changes and the Commissioners felt that these were okay. Darlene said that she and Carol plan to go to Missoula and talk to the surveyor down there and the Clerk and Recorder and Planning Office and see what they are doing. The Commissioners said this would be a good idea.

Following review with Darlene Hughes, Clerk and Recorder; and Carol Jeppesen, Planning Office; the following Certificates of Survey were filed:

Occas. Sale & Ag. Purposes - In NW¼ Sec. 1-6-21 - Margaret Fullerton

Ag. Exemption - In SE¼SW¼ and Govt. Lot 7 - Sec. 14-3-21 - Donald L. Ream

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, January 6, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Jay Gasvoda, Corvallis Fire Dept., met with the Commissioners to say that his dept. wants to sell a truck to the Trout Creek Fire Dept. for $7500--they will receive $5,000 down, and take the $2500 later with 10% interest. He said Ralph McCoy will help them make out the note. Commissioner Tossberg said that they should discuss this with Bob Brown to be sure there will be no problems--he said that the Commissioners have no objections. Jay said that the old siren that was on the Pinesdale building is included with the truck and will go to Trout Creek too. The Corvallis Fire Dept. will use the

watching for the things they need. Jay also discussed the mutual aid agreement which Joe Reif is working to get signed between the fire departments in the county. Jay said this should reduce the insurance rates.

Don Kirby and Bob Brown, County Attorney; met with the Commissioners in connection with a road easement to his property that he would like to open up. It is up on North Birch Creek, and the people next to him have built a machine shed fairly close to this easement. It is in the NE¼ Sec. 2, T7N, R20W Don Kirby (Westervelt). He owns about 60 acres. Bob Brown checked out the plat and said it does not show any attempted action on closure. Don Kirby would have to build the road. The Commissioners and Bob Brown discussed this problem further with Mr. Kirby.

Marv Jessop and Tom Allsop met with Bob Brown, County Attorney; and the Commissioners about the possibility of insulating the courthouse. Mr. Jessop said he had checked out the ambulance garage and it would be no problem to insulate the doors. He feels that the West and East walls should be insulated too. He will bring in estimates on this. He said that he would recommend the foam kind of insulation. He said that this will strengthen the doors. Commissioner Tossberg asked how much it will cost for the doors and they felt it would be around $800. Tom Allsop said he could do all three doors for about the same price as one, as it takes a while to warm up the machine.

Commissioner White moved to reappoint Cliff Trexler for a two-year term to the Ravalli County Fair Board. Commissioner Tossberg seconded said motion. Motion carried unanimously.

To fill the expired term of Jim Duus, who does not want to be appointed to another term to the Fair Board, Commissioner Tossberg moved that we appoint Juanita Hork as a member of the Ravalli County Fair Board, to serve a two-year term, effective January 1, 1984. Commissioner White seconded said motion. Motion carried unanimously.

Commissioner White moved that the following people be reappointed to the planning board: J. R. Iman-School Dist. #1; Carl Baldwin-School Dist. #2; Ren Cleveland-School Dist. #3; Rem Kohrt-School Dist. #9; Karin Stanford-School Dist. #13; Clyde Schreckendgust-School Dist. #15. Commissioner Tossberg seconded said motion. Motion carried unanimously.

In connection with filling the opening in School District #7 for the Planning Board, Commissioner White said this was in his district, and he was not going to have any part in the motion. Commissioner Tossberg moved that we appoint Dave O'dell to serve a 2-year term for School Dist. #7 on the Planning Board. Chairman Williams seconded said motion. Commissioner Tossberg voted "Aye"; Chairman Williams voted "Aye"; and Commissioner White voted "Nay". Motion carried.

In connection with the Tax Board opening, Commissioner Tossberg said that he would have no objections to having Clarence Popham serve on the board, but would like to check to see if Ben Nichols wants to stay on the Board, as he has not been very active this past year.

Commissioner White nominated Clarence Popham for the Board. There was no second to the nomination. Commissioner Tossberg - Nay; Commissioner Williams - Nay; Commissioner White - Aye. Nomination failed.

Commissioner Tossberg moved to reappoint Matt Crawford to the Tax Appeals Board. Chairman Williams seconded said motion. Commissioner White abstained from voting; Commissioner Tossberg - Aye; Chairman Williams - Aye. Nomination carried.

The Commissioners agreed to contact Ben Nichols to see if he wants to continue on the Board. If he wants off, they would plan to appoint Clarence Popham.

In connection with the Veteran's Burial Board, Commissioner White moved that we reappoint both Truman Smith and W. D. Stephanie to said board. Commissioner Tossberg seconded said motion. Motion carried unanimously.

On the appointment to the Upper Bitter Root TV District, the Commissioners agreed that the four men suggested by Roger Conner should be contacted to see who would be willing to take the appointment.

The Board adjourned to meet the following Monday at 10:00 a.m.

Hamilton, Montana, January 9, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

At 10:00 a.m., the County Commissioners met as an Advisory Board for the Ravalli County Human Services.

Jay Unrue, County Road Superintendent, met with the Commissioners for his weekly road update. Larry Higginbotham, County Surveyor, met with them to discuss the proposed changes in the road on the Goat Trail matter. Jay and Larry have talked with Norm Crawford and Mark Lewing and are trying to comply with their requests. They feel that their requests will improve the trail. Larry and Jay showed the Commissioners the proposed changes on the map. They called Bob Brown, County Attorney, to come down and discuss the matter with them. This will involve amending subdivisions and there was some discussion as to how this could be done. Greg Lakes, The Missoulian, came in on said meeting.

Bob Harmash met with the Commissioners in connection with his tax problem. Commissioner Tossberg explained that they had discussed this with the County Attorney and he feels that nothing can be done because Mr. Harmash did not respond to the inquiries that the assessor's office made. Commissioner Tossberg explained that if he could prove that any of the property is being double taxed by showing

something. He said that he is sorry about this problem, but feels Mr. Harmash brought it upon himself by ignoring the notices he received.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, January 10, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

The Commissioners were on hand to attend to office management.

Chairman Williams and Commissioner Tossberg went with Jay Unrue, County Road Superintendent, for a road tour.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, January 11, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

At 10:00 a.m. a Park Board meeting was held. Minutes are in the Park Board file.

Jay Gasvoda reported to the County Commissioners that the Corvallis Fire Department had sold its old surplus fire truck to the Trout Creek Fire Department for $7500 cash.

Commissioner Tossberg nominated Stewart Tim Miller to fill the unexpired term of Harold Hopwood on the Upper Bitterroot TV District. The motion carried unanimously.

Commissioner Tossberg moved that we reappoint Harold Hopwood for another two-year term to the Ravalli County Fair Board. The motion carried unanimously.

Commissioner Tossberg moved that we sign the request to secure an emergency fire vehicle for the Ravalli County Airport. Commissioner White seconded said motion. Motion carried unanimously.

The Commissioners circulated a letter adopting the following schedule for travel and meal expense, which is similar to that of state employees:

MEALS	In State	Out of State
Morning (12:01 am to 10:00 am)	$ 3.00	$ 4.00
Midday (10:01 am to 3:00 pm)	3.50	6.50
Evening (3:01 pm to midnight)	8.00	12.00
Lodging		
Overnight, actual cost with receipt, not to exceed	$ 24.00	$ 50.00
Overnight (without receipt)	7.00	7.00

Mileage for private vehicles will be reimbursed at 20½¢ a mile for the initial 1000 miles and 17½¢ a mile thereafter.

The Commissioners told the Department Heads to bear in mind that you will have to remain within your overall budget for travel as established in June.

Jay Unrue, County Road Superintendent, met with the Commissioners and Commissioner White asked Jay to check out a request he had received down on the Sand Hill Road where there is an overflow of water and a culvert or bridge is needed.

Joan Johnson came in to ask the Commissioners if there had ever been a decision on the ambulance administrator job. She said it has been 6 months and she would like a decision one way or another as she has put in 400 volunteer hours and feels her volunteer time is going to have to come to an end. Chairman Williams explained that the Commissioners had felt that Dale was going to continue on as he had in the past, and that this was settled. They said they would talk to Dale on this and get back with Joan. Joan is involved with recertifying the EMTs right now and plans to continue with this. She said that she feels that there are good relations between her and the other workers right now.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, January 12, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Following review with Darlene Hughes, Clerk and Recorder; and Carol Jeppesen, Planning Office; the following Certificates of Survey were filed:

Occas. Sale & Rem. - SE¼NW¼ Sec. 14-3-21 - Wesley M. Haws

Occas. Sale & Rem. in SE¼ of Sec. 12 and E½NE¼ Sec. 13-2-21 - Joseph Madruga

Occas. Sale & Gift to Family - In E½SE¼SE¼ Sec. 2-2-21 - Dale R. Bacon

Occas. Sale & Rem. - In SW¼ Sec. 32-7-20 - Loretta A. Menager

Jim Parker, who is taking over Layton Jones' Channel 9, Cable TV program, while he is away met with the Commissioners to discuss the possibility of working with the County in putting in a TV transmitter to pick up the other stations. Mr. Parker said that he has contacted Reno Peressini, Del Pile and Bob Nichols on this and they are not interested in pursuing this any further. Chairman Williams said that his reaction would be that this is an entirely new concept, and did not work out for Mr. Jones, so might not be feasible for Mr. Parker to pursue. Mr. Parker said that this is done through a computer in Nevada and they suggested that a special TV district could be created and everyone charged $6.00 on their tax statement. Mr. Parker feels that the $6.00 fee seems high to him. He feels that the Commissioners could charge as much or as little as they choose. He said that $40,000 would have to be raised to start this project. Commissioner Tossberg commented that he personnally feels it is a good project, but that it is not feasible to raise $40,000 in this valley for a project like this. Mr. Parker said he would like the County to invest in this and Commissioner Tossberg said he would have to

collecting this amount. Mr. Parker said he would really like to have someone else take the leadership anyway, and because it does not appear to be feasible, he probably will not spend his time on it. Commissioner Tossberg said he feels that they should not encourage Mr. Parker on this as the County could not help much with the money raising.

Commissioner Tossberg moved that we appoint Gerald Phillips to serve as a representative for Pinesdal on the Ravalli County Planning Board, to serve a two-year term. Chairman Williams voted Aye; Commissioner Tossberg voted Aye; and Commissioner White voted Present. Motion carried.

Eddie Buresh from Johnson Controls met with the Commissioners to discuss energy conservation in the Ravalli County courthouse and museum.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, January 13, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Following review with Darlene Hughes, Clerk and Recorder; and Carol Jeppesen, Planning Office; the following Certificates of Survey were filed:

Occas. Sale & Two Gifts & Rem. - In SW¼ Sec. 30-7-20 - Ron Curdy

Occas. Sale & Gifts - In N½SW¼ Sec. 21-10-20 - Joel Rance Smith

Occ. Sale & Family Reconveyance - In N½ Sec. 7-2-20 - Richard Neville

Commissioner Tossberg moved that we grant conditional approval to Orville C. Baltz's Sunnyside Orchards - Amended Plat of Portions of Blocks 4 & 5, subject to the provisions as shown in the letter from the Planning Board, and that the taxes be paid. Motion carried.

Jeff Langton met with the Commissioners to bring them up to date on the Kootenai Road situation. He said that he has obtained the signature of every single land owner except Alice Kohler. He has talked with Alice Kohler at least three times on the phone and he understands she does not oppose the road and recognizes the county's easement, but just does not like to sign agreements. He has talked with Bob Brown, County Attorney, and came up with a simple statement for her to sign--but she did not want to sign that either. She said that she would be willing to give verbal approval over the phone and Jeff discussed this with Bob Brown, who said that the Commissioners could talk with her on the phone and then get an entry of this in the Commissioners' Journal, and this would serve the purpose. Tom Lusk has agreed to do her portion of the work involved. Jeff said he discussed fencing with her, and there does not seem to be a problem on this. Mrs. Kohler can not come in as she has back problems and her husband is seriously ill.

Commissioner Tossberg said that it would be satisfactory with him as long as Bob Brown says it is okay--Chairman Williams agreed with this.

The Board adjourned to meet the following Monday at 10:00 a.m.

Hamilton, Montana, January 16, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Jay Unrue, County Road Superintendent, met with the Commissioners for his weekly road update. Larry Higginbotham, County Surveyor, sat in on said meeting. Jay said that everything seems to be going well with his department--they are doing all the routine work. Chairman Williams said that he had seen where someone went off the bridge south of Mill Creek and Jay said that they were taking care of this. Commissioner White asked when Jay would be taking care of the Victor streets, and Jay said that they would be doing some this year. Commissioner White said that 6th Ave. needs some work--there is an ice build-up on this. Jay said that his dept. is fighting about a dozen situations like this around the county.

Dennis Gordon, Ray Dreo, and Pete Dragos met with the Commissioners and Jay and presented a petition representing all of the people on Sheafman Creek requesting that their road be paved. Dennis said he had contacted all of the houses on that road except Commissioner Williams, and out of 32 houses, had 29 signatures. Of the three who did not sign, one was Commissioner Williams, another was a family who enjoy riding horses on the road and did not care to have it paved, and one was a family who was worried that paving might lead to other improvements that would raise the taxes. He said that 18 land owners are not represented on the petition--people who own land but do not live here, or vacant houses--he said that if the Commissioners want, they could conduct a mailing drive to get these signatures, but he was mainly interested in those who use the road right now. They do not want their taxes raised, or an SID, they just want the road paved with tax money already being paid out.

Jay said that he had had a counter on the road--the men feel that the counter did not do a good job of getting all of the traffic. Jay asked if the road had been improved by the work they had done on it--the men did not feel it really had done much good, but Jay said he felt that it was a considerable improvement.

Chairman Williams and Commissioner Tossberg both explained the policy of the road department in their paving and said that they would eventually get this road paved, but that the Department had to work according to traffic and what fits in with the maintenance. Jay said that he would be willing to do another count to see what traffic Sheafman Creek is getting. The Commissioners said that they would look into this situation.

Don Kirby, Larry Higginbotham, County Surveyor; Denis Applebury, Surveyor; and Bob Brown, County Attorney; visited about the opening up of a dedicated easement on property belonging to Kay Englekey. Commissioner Tossberg said that he wonders what opposition might come up, and would like to approach this in a manner that would cut down as much opposition as possible. Mrs. Englekey will have to fence to provide for the road in order to keep her stock in when the road is in, she has been using this easement for pasture. Bob Brown said that as long as the Commissioners do not object, Don Kirby has the right to build a road on the easement. Commissioner Tossberg said he has no objections on this, but wants it set out so that there are no misunderstandings.

Commissioner Tossberg moved that we open to public access the existing dedicated easement between Lots 1, 2, 3, and 4, Block 17, and Lots 21, 22, 23, and 24, of Block 16, Mountain View Orchards, said road to be built at no expense to the county, but according to county specifications and inspected by the county road superintendent. A roll call vote was taken: Commissioner Tossberg - Aye; Commissioner White - Nay; and Commissioner Williams - Aye. Motion carried.

Commissioner Tossberg suggested that Don Kirby send a copy of the minutes to Mrs. Englekey, and give her some time to respond before starting the road.

William C. Stewart, Sawtooth Avionics; H. E. O'Shant, Aircraft Ultralights; Stanley Read, Read Air Services; and Hamilton Aviation--Lonnie B. Roberts met with the Commissioners in connection with fees for hangars on the airport property. Gary Wiens, Ravalli Republic; sat in on said meeting. Commissioner Tossberg said that he wants to establish a precedent that if someone uses this space for a business, they will have to pay something above the rate of 5½¢ a square foot. Commissioner Tossberg said maybe they would just have to charge anyone starting a business the new fee, and continue with the present leases on the people who are already paying 5½¢. There was some discussion about this being an unfair practice. There was also some discussion about the difference in services offered from the Hamilton Airport and the Missoula Airport. The Commissioners said they would have Bob Brown check out the standard lease form and get back with Mr. O'Shant on this.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, January 17, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Shirley Abel, Head Start Director; Debra Blair, Chairperson, Policy Council; Dorothy Raver and Artie O'Dell met with the Commissioners to bring them up to date on what is happening in Head Start. Debra gave a report on current happenings. Commissioner Tossberg asked Shirley when she will know if she will receive the grant for a mobile classroom. Shirley said that they applied for both mobile classroom and Homestart, and hopefully will get one or the other. She explained how the mobile classroom would work. They said it would go to the remote areas and run four out of the five days--giving the fifth day for the teacher to prepare lessons, etc. They would hope to bring all children into the center at least one day a month. Shirley said that the Homestart turned out to be more expensive per child, and that they would have to purchase a couple of 4-wheel drive vehicles because it would not be feasible to ask someone to use their own vehicle. With the mobile home classroom, they would just use the van that they teach in.

The girls said that they are still hoping to work with the Commissioners for an expansion on the Hamilton Center at the Fairgrounds. Dorothy Raver stated that the Hamilton Center is by far the noisiest and they are really in need of a place where they can shut off the noise--the whole atmosphere is not conducive to a good study setting for the children. They would like to build on to the North of the present building--an addition measuring 20 x 30. They have accumulated between $2500 and $3000 from the parent fund and projects they have had, and could use that to put up a shell, and then would be in a position to use the rennovation money to complete the project--they will have to get permission from Denver on this--it is around $7,000. They also have volunteer help lined up and are hoping to get some donations from local merchants.

There was some discussion about charging rent and Shirley said that she felt the federal requirements would be met if they charge rent on the existing building when the five year period is up, but not on the new structure.

The Commissioners said they would get together with Bob Brown, County Attorney; and Ned Applebury, Fair Manager; and see what can be done. They told the girls to keep asking to see what is happening on this.

Following review with Carol Jeppesen, Planning Office; and Darlene Hughes, Clerk and Recorder; the following amended plat was filed:

Sunnyside Orchards Lot 11, Blk. 4 - Robert Irvine

Commissioner White moved that we file the amended plat of Sunnyside Orch. Lt. 11, Blk. 4 for Robert Irvine. Commissioner Tossberg seconded said motion. Motion carried.

The Commissioners signed Amendment No. 1 to Contract Number 82-012-2041 which in essence negates Ravalli County's contract covering the Food Stamp Issuance Program dated April 19, 1982.

The Board adjourned to meet the following day at 10:00 a.m.

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Darlene Hughes, Clerk and Recorder; and Betty Lund, Election Administrator; met with the Commissioner to discuss the bids for the basement remodel job. Bids are as follows:

Campbell Massey - $12,978

Kirby Construction - $20,150

Richard Ask - $14,900

Rod Beard - $18,197

Commissioner Tossberg moved that we accept the bid of Campbell Massey in the amount of $12,978 for the remodeling of the basement, with the proviso that an acceptable contract be worked out with the County Attorney and with Mr. Massey. Commissioner White seconded said motion. Motion carried unanimously

Gary Wiens came in at the end of said meeting. (Ravalli Republic)

Darryl Tolman came in to discuss a building project he plans to do for Mr. Oury building a racetrack barn and other buildings. He is concerned about the high ground water, and feels he will need to put in a mounded sewer system. Commissioner Tossberg explained that he will need to request a variance from the Health Board, and told him to go talk with the County Sanitarian.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, January 19, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

The Commissioners were on hand to attend to office management.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, January 20, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioners Williams and White present.

Commissioner Tossberg attended a Mental Health meeting in Kalispell, Montana.

Following review with Darlene Hughes, Clerk and Recorder; and Carol Jeppesen, Planning Office; the following Certificate of Survey was filed:

Occas. Sale & Rem. - In NW¼ Sec. 7-7-20 - Norman Friede

The Board adjourned to meet the following Monday at 10:00 a.m.

Hamilton, Montana, January 23, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Rose Magnuson, Montana Common Cause; Dede Montgomery, Mont. PIRG; James Cornigan, District XI Human Resource Council; and Rose Goss, met to discuss the possibility of getting the endorsement of the Commissioners to form a Citizens Utility Board. Chairman Williams stated that it is his understanding that the money they get will be used to employ personnel for research to protect the consumer. Dede Montgomery explained that their concern is that a lot of groups are working on this problem, but there is no cohesion to join together and get the job done. Commissioner Tossberg asked why they have chosen to solicit the endorsement of the Commissioners. He said that as a rule, the Commissioners do not do this, as they would then be asked to endorse many groups. He said that he thinks this is probably a good idea, but questions whether the Commissioners should be involved. Rose Magnuson said that they need the approval of the Public Service Commission and this would be helpful--she said that when a "Cub" is formed this is bound to become a political issue, and the endorsements would give them more "clout" before the Public Service Commission. James Cornigan said that the Human Resource people are promoting this and trying to get a grant for these people as they do not have time in their program for this aspect. There was more discussion on this subject and then the Commissioners said that they would need time to check into this and see if they would be willing to give their endorsement, and that these people should get back with the Commissioners to see what has been decided. Rose Magnuson explained that they hope to accomplish somewhat the same things as were accomplished in Wisconsin with their program. They said that the Missoula County Commissioners have endorsed the project.

John W. Robinson, Councilman; Don Williamson, Councilman; Bernie Swift; Rep. Dist. 91; Judy Williams; League of Women Voters; Carol Jeppesen, Planning Office; Darlene Hughes, Clerk and Recorder; Don S. Mullin Sanitarian; Don Fullerton, City Council; Jack Tanner, Ravalli Republic; Jack Cain, USMM, Interested Resident; C. A. LaSalle, Councilman; Mark Annin, Councilman; Jim Whitlock, Mayor; Jerry Steele, Councilman and Bob Brown, County Attorney; met with the Commissioners to discuss the feasibility of a City-County Planning Board. Jim Whitlock commented that he feels that what happens on both sides of the City affects the County, and people deserve to protect their property--whether it be commercial or residential. There was some discussion of what has happened with previous planning boards. They said that last time they had the plans all made and then the Commissioners would not go along with it, so the whole project was dropped. Commissioner Tossberg summarized to say that there had already been two relatively unsuccessful attempts to create a City-County Planning Board and this meeting was called to see if it would be appropriate to try a third time. Commissioner Tossberg said that the people in attendance should remember that even if this Board is created, it will only have the authority to recommend, the Council and the Commissioners will have the final say.

There was some discussion about the fear of annexation being a primary cause for people being

against zoning. They said that as far as the law is concerned this is an entirely different process and had no connection with annexing. Don Williamson suggested that the press should be requested to emphasize that this would in no way be connected to annexation--a Board of this type would be just to organize growth.

Mayor Whitlock commented that the City now has the authority to zone the area one mile each way, but he does not know if his Council would vote to do this or not.

Commissioner Tossberg commented that a Board of this type would be the best way to get planning and zoning done as the Planning Board does not have sufficient interest in this type of planning. Chairman Williams commented that the projections made in 1972 for growth in the City had been fairly accurate--the previous Board had planned the growth for the area with a 4-mile radius.

Don Fullerton commented that the Board should have a goal to accomplish--they would work to that goal (i.e.--setting up a plan), and when that goal is completed, then the Board would terminate. The men said that the area involved should be defined, and there should be some consideration for people who have lived here for years, so that the rights of the property owners are protected. Mr. LaSalle said that the property owner really dictates in the long run. Commissioner Tossberg said that it should be made real clear that zoning will need to be done because without zoning, nothing would really be accomplished. Mayor Whitlock commented that he feels the City Zoning District is working out real well.

Don Mullin, Sanitarian, commented that most of the area around Hamilton is in high-ground water areas, so people should be made aware of this if they do not plan to annex into the city and use City Water and Sewer.

Bernie Swift commented that he has watched the planning for years and feels that problems come up when people dictate what property owners can do with their own property. He feels that they should move forward with caution to see what the public feeling is. Bernie feels the City and County could work together as they are without creating a new Board.

Mayor Whitlock said he would like to recommend that they go ahead on setting up this Board. Commissioner Tossberg asked that he get the opinions of his councilmen. They are as follows:

John Robinson - In favor of a City-County Planning Board

Don Williamson - In favor of a City-County Planning Board

Jerry Steele - In favor of a City-County Planning Board

C. A. LaSalle - In favor of a City-County Planning Board--would desire a better intent and purpose

Mark Annin - Feels we would have to go the City-County route, but feels that there is no way that the Commissioners can do zoning

Don Fullerton--feels the two boards could work together as the need arises rather than setting up another board.

Commissioner Tossberg commented that the City does not presently have a Planning Board, so another Board would have to be created no matter what.

It was suggested that the first step would be to appoint a Committee to work out a preliminary plan. Commissioner Tossberg said that he feels more public relations need to be considered in order to get the opinions of the people involved. Bob Brown said that the main problem would be to decide what area would be involved and how the taxes would be handled on this area. He said that a Public Hearing needs to be arranged. Chairman Williams said that the people involved should be deciding who they want to serve on a committee to set up the Board, and that a Fact Finding Board would be set up. The people involved should get together on this within the next week or ten days.

Meeting was adjourned.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, January 24, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioners White and Tossberg present.

Chairman Williams attended a Western Montana Council on Aging meeting in Polson, Montana.

Received Applications for Cancellation of taxes #693-698.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, January 25, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Jay Gasvoda from the Corvallis Fire Department visited with the Commissioners in connection with his plans to haul the fire truck for the airport from Billings, Montana. He feels that this is going to be a good vehicle for the airport--it is set up for a one-man operation.

Ruth Cleveland, County Treasurer, met with the Commissioners to check securities as of January 3, 1984:

First State Bank----------	$ 915,100
Citizens State Bank ----------	1,500,000
Farmers State Bank ----------	1,195,000
Ravalli County Bank----------	650,000
First Federal Savings and Loan----------	1,815,709
	$ 6,075,809

Jeff Langton, Attorney for the North Kootenai Road matter, met with the Commissioners for the

purpose of calling Alice Kohler on the North Kootenai Creek Agreement. He has all signatures except hers and wants to get a verbal agreement to the building of the road from her over the phone. All three Commissioners were on the phone to hear her comments. Chairman Williams asked "Do you have any objections to the construction of the North Kootenai Road?" Mrs. Kohler replied: "No, I do not have any objections." Commissioner White said "If you see anything in these minutes you do not like, let us know right away." Copy of these minutes to be mailed to Alice Kohler, P. O. Box 334, Stevensville, Montana 59870.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, January 26, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Henrietta Brandon reported that Kara Anne Korman has been hired as the new Medical Clerk-Typist at the Public Health Nurse Department.

The Commissioners were on hand to attend to office management and audit the monthly claims.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, January 27, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioners Williams and White present.

Commissioner Tossberg attended a State Board of Investments meeting in Helena, Montana.

Following review with Darlene Hughes, Clerk and Recorder; and Carol Jeppesen, Planning Office; the following Certificates of Survey were filed:

Lot 44½ - Block 8 Sunset Orchards #3 - Mtg. Release - Mark McFadgen

Occ. Sale & Remainder - In S½ - Sec. 28-7-20 - Joseph B. Klucewich, Jr.

Occ. Sale & Remainder - In SW¼NW¼ Sec. 12-5-21 - Nadine M. Hughes

Bill Mieck, Technical Assistance Corporation, met with the Commissioners and inspected and evaluated the air circulatory system in the courthouse.

The Board adjourned to meet the following Monday at 10:00 a.m.

Hamilton, Montana, January 30, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Jay Unrue, County Road Superintendent, met with the Commissioners for his weekly road update. Bob Brown, County Attorney; and Gary Wiens, Ravalli Republic; sat in on said meeting. Jay said that there are a lot of washes around the County that his crews are working on. Commissioner Tossberg explained that he had received a phone call from Helen Kruegar up the West Fork--she says her road is a sheet of ice and would like some gravel on it--Jay said he would take care of this. Chairman Williams explained that he had had some people come in to say "Thank You" for the work that has been done on Wyant Lane. Commissioner Tossberg said he had been out the Hamilton Heights road and it needs some work from Foleys to the Game Range--Jay said they would get to this as soon as they can.

Chairman Williams explained that the land owners on the Soft Rock Road want to form an organization to put in a road in their area and may be contacting Jay to find out about the county specs.

Jay said that the asphalt is starting to break up and they will be patching this soon--also will be putting up "Reduced Load" signs soon.

Commissioner White asked if Jay had done the trimming of brush requested to be done on Lewis and Cooper Lanes, where the brush was obstructing the view--Jay said it had been taken care of.

Commissioner Tossberg asked how the work on the Victor Bridge was coming and Jay explained that the Fish and Game have requested that Jay complete forms for them and Jay is working on this even though he feels that the law protects him and he really has the right to work on the river to protect his road and his bridge--he plans to go ahead and do what they request so that there will be no static on this. He has checked with Bob Brown on this and Bob said that the law is specific that Jay has the right to go ahead and do what he is doing. Jay plans to rip-rap around his bridge a little ways, but not to do extra rip-rapping for the individuals involved that is not necessary to protect the bridge and the road.

Joe Reif and Hank O'Shant met with the Commissioners in connection with a new "Lease" which Bob Brown has drawn up to cover the "Commercial" aspects of leasing ground at the airport. Joe asked that "Commercial" be defined more clearly and Bob Brown, County Attorney, was called to come down and explain. Bob said that if the business works from the airport, it would be classed as "Commercial", but if the airport were only used to park a vehicle that was used in a business, it would not be classed as "Commercial". There was some discussion as to putting in wells and sewer systems. The only approved sewer system would be holding tanks that can be pumped out when full, as the ground water level is high in that area. The well and the sewer systems would become the property of the County if the lease is terminated, but the owners would be allowed to take any personal property that was not a part of the land.

In connection with the payment of fees, and the raising of the fees for "Commercial" establishments, it was agreed that the rent would be raised on the anniversary date of the lease (probably July 1st in most cases). Mr. O'Shant said he would sign the lease and get back with the Commissioners.

Jeff Langton, Attorney for the North Kootenai Road matter, met with the Commissioners to get their signatures on the Owner Agreement for the building of the road. The Commissioners had previously agreed to sign as soon as the signatures of all of the land owners had been obtained. This has been done and so

the Commissioners signed. Jeff Langton will now obtain the signatures of the Forest Service officials involved and will bring back the Project Cooperative Agreement No. 13 to be filed with the Owners Agreement--all in Permanent File #6972.

Commissioners Williams and Tossberg conducted an inspection of the County Jail this afternoon.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, January 31, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Helen Bibler and Jim Parker, with Channel 9 TV, met with the Commissioners as Jim wanted to explain to the Commissioners that he has submitted his application for a grant for his TV system. Chairman Williams commented that he had noticed from a Bulletin he had received from the State that they had applied. He said if he gets the grant, this would happen in September, and by then Layton should be back to take over. The whole project would take about six years to complete.

Commissioners Tossberg and Williams visited the Whitacker Rifle Range and inspected the Junk Vehicle storage area. Mr. Hauge, caretaker at the rifle range and the junk vehicle storage area, reported that there appears to be a minimum amount of pilferage from the junked vehicles.

Vester Wilson of Bitterroot Disposal Service came in to ask the Commissioners about dumping garbage which he picks up in the Darby Refuge Area in the Darby landfill. He was asked to put his request in writing so it could be submitted to the County Attorney.

Upon motion, the Board adjourned.

ATTEST: Darlene E. Hughes (Clerk and Recorder) APPROVED: F. T. Williams (Chairman)

APPROVED: Harold White (Member) APPROVED: F. B. Tossberg (Member)

----------0----------

Hamilton, Montana, February 1, 1984

The Board of County Commissioners of Ravalli County, Montana, met in regular session on the above date at 10:00 a.m., with the following members present: Chairman F. T. Williams, Commissioner Harold White, Commissioner F. B. Tossberg, and Darlene E. Hughes, Clerk and Recorder.

The reports of the Clerk and Recorder and County Treasurer for the month of December, 1983, were audited and found to be in balance with cash on hand in all funds in the sum of $6,615,708.55.

Upon motion made and seconded, the following claims were approved and warrants were ordered drawn in payment of same:

Following review with Carol Jeppesen, Planning Office; and Marilyn Keppel, Clerk and Recorder's Office; the following plats were filed: (Bob Brown, County Attorney, sat in on the meeting and gave advise on the legal aspects.)

Occas. Sale & Rem. - In NE¼ Sec. 2-10-20 - Clyde F. Pearson

Ag. Exempt - In SW¼ Sec. 6-7-20 - Raymond F. Palin

2 parcels - 20 ac. and 44.57 acres in NW¼ Sec. 5 and E½ Sec. 6-7-20 - Buckholtz-Neville

Adjust boundary lines - In SW¼NW¼ Sec. 26-4-21 - Sidney M. Wilkerson

Family Conveyance and Rem. - In SE¼NW¼ Sec. 14-3-21 - Dale Stein

Occ. Sale - In NE¼ Sec. 34-2-20 - Donald Raymond and Robert F. Recht

Reloc. of Boundary Lines - In S½NW¼ Sec. 3-6-21 - Anne R. Woodruff and Anna Lee (Reynolds) Oberlaier

Occ. Sale and Rem., Agric. purposes and Gift to Family - In SW¼ Sec. 17-5-20 - Delbert Scott

Pursuant to the acceptance of Campbell Masseys low construction bid of $12,978 on January 18, 1984, the County Attorney prepared a contract agreement dated the 29th day of January, 1984. This agreement

was duly executed by Mr. Massey and Chairman Williams on February 1, 1984.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, February 2, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Bob Nelson, retired phone man, visited with the Commissioners about doing a survey on the courthouse telephone system with an attempt to cut down the phone bill. He said that it makes sense to purchase the phones from A T & T, and the cable lines in the building. He would suggest that this would be the first step, and then he could improve on the current system as it is needed. There was some discussion about a centralized system for the courthouse, and Mr. Nelson felt this would be the most economical way to go. Mr. Nelson feels that he can definitely save the County some money with his system. He is working with Paul Davis under Davis Land and Utility. He needs authorization to check out the courthouse records with the phone company. The Commissioners asked if he will service the system when it is completed and he said he has plans to set up a business that would take care of the maintenance, but that a system of this type would be pretty maintenance free if done right. After some discussion, the Commissioners agreed to give Bob $150.00 for doing a survey of this type for the courthouse. Bob said he would mail a form to them for signature so that they can get the information they need.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, February 3, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

In connection with Weber Estates, Commissioner Tossberg moved that the Chairman be empowered to sign the agreement as shown in Perm. File #6973 for road maintenance in Weber Estates as prepared by the County Attorney. Commissioner White seconded said motion. A roll call vote was taken: Commissioner Tossberg - Aye; Commissioner White - Nay; Chairman Williams - Aye. Motion carried. A letter was sent to Val Tibbitts, Farmers Home Administration, stating that this had been done.

The Board adjourned to meet the following Monday at 10:00 a.m.

Hamilton, Montana, February 6, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

The Commissioners were on hand to attend to office management and audit the monthly claims.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, February 7, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Jay Unrue, County Road Superintendent, met with the Commissioners for his weekly road update. Commissioner Tossberg gave Jay the papers on the Secondary Road project from Marcus Street through the East Side Highway to Corvallis. Jay feels this project will be done in 1985. The engineering on the project will be done this year. Jay said that he would complete the necessary papers.

There was some discussion on the Sleeping Child road, and a complaint which has been received. Chairman Williams requested that Jay look into the need for a sign across the road from the First Avenue Hillcrest drive where there is a drop-off and there should be a sign showing this. Jay said he would look into this. There was some discussion on the problems with the Corvallis Main Street. Jay said that there is an engineering answer to the problem, but the cost is so prohibitive--it would cost at least $200,000 to fix it up. There was some discussion on the Goat Trail road and the Commissioners said they may be forced to put the road building out for bids as Crawford wants a chance to build the road. The Commissioners feel that because of the litigation involved, they would probably be wise to go this route. Jay asked when this road will be built and the Commissioners said as soon as the weather permits. The Commissioners said that Jay should talk with Larry Higginbotham and Bob Brown on this.

Warren Worth from Energy Options, 240 N. Higgins, Missoula, picked up the specs on the Courthouse and Museum to study to see if he would be in a position to help us with our energy problems.

Lloyd Oster, Bob Brown, County Attorney; Carol Jeppesen, Planning Office; met with the Commissioners in connection with a request from Mr. Oster to remove the agricultural restrictions on a piece of property he owns on Indian Prairie Loop. He wants to sell off 6 acres of ground.

Commissioner Tossberg moved that we lift the agricultural exemption on Certificate of Survey #3018 in the SW¼ of Section 6-8-20 for Lloyd Oster. Commissioner White seconded said motion. Motion carried unanimously. The proper form to remove the agricultural restrictions was signed by the Commissioners.

Vernon Woolsey came in to complain about a name change on his road made by the Stevensville Post Office on Quiet Place Drive. The Commissioners said that he should talk to the Postmaster as the Commissioners were only responsible for the County roads.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, February 8, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

At 10:00 a.m. a Park Board meeting was held. Minutes are in the Park Board file.

Jim Carpita, Engineer, came in to discuss Tom French's trailer court. It has been approved already, but they want to change the status so they can sell the lots instead of just renting them out. Jim said that the State requires a home owner's association and a plat of the subdivision. He wants to know what the Commissioners will require. Chairman Williams asked if doing this was a unique system--Jim said that it is done quite often, but usually the original plan is submitted so that the lots can be either rented or sold. Commissioner White said that he would be in favor of allowing the lots to be sold. Commissioner Tossberg asked Jim to put his request in writing so it can be submitted to Bob Brown, County Attorney, to get his opinion. Both Commissioners Williams and Tossberg said they feel this would be a good thing, but would have to see what Bob Brown thinks. Commissioner Tossberg commented that the only drawback he can see is that a homeowner's association is a little harder to get action out of if the place would not be kept up than an individual owner is. He asked Jim to check into the possibility of paving the roads in the subdivision, and said that he was going to suggest that this be done.

Ed Buresh, Service Manager, Johnson Controls, met with the Commissioners to give them some proposals on ways to save money on the energy used in the courthouse and museum. Commissioner Tossberg explained that we have not budgeted for any energy savings programs this year, but would plan to include this in next year's budget. Slim Warren, Custodian, came in and the proposals were discussed. The equipment that is now in the building is Johnson Control equipment.

Tom Hanson came in and gave a preview of a proposed major subdivision--Blodgett Creek Heights. They are proposing to have 95 lots, and this will be discussed at the Planning Board meeting tonight. Don Mullin, Sanitarian; and Carol Jeppesen, Planning Office; were present at said meeting.

The Commissioners signed a Revised Secondary Road Priority Request in connection with the East Side Highway, which will be 4.8 miles of road.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, February 9, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

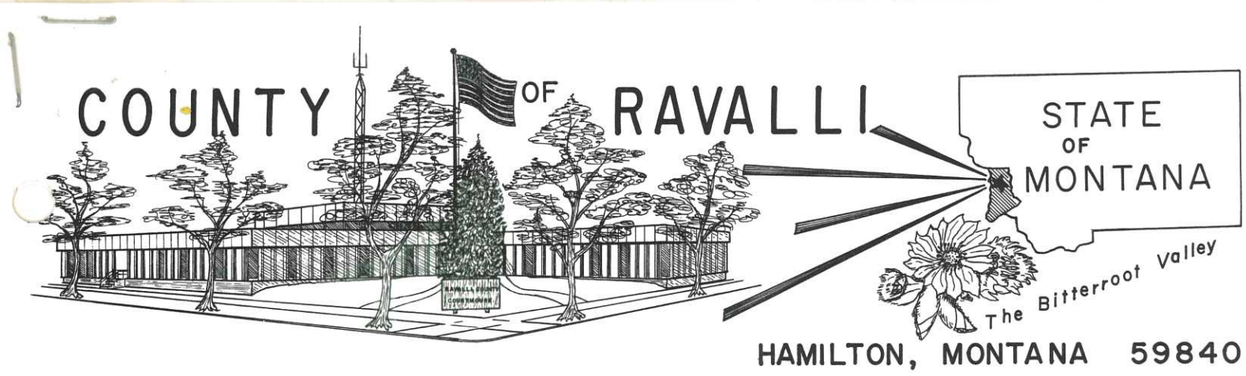
Following review with Carol Jeppesen, Planning Office; and Marilyn Keppel, Clerk and Recorder's Office; the following Certificates of Survey were filed:

Occas. Sale & greater than 20 acres - In SW¼NE¼ Sec. 13-8-21 - John C. Buker

Occas. Sale & Rem. - In NE¼ Sec. 6-6-20 - Jerry Pappas

Ag. Exemption and 223.78 ac. Remainder - In S½NE¼ Sec. 15; and NW¼SW¼ Sec. 14-6-21 - Blodgett Creek Ltd. - Partnership - owner

By motion made by Commissioner Tossberg and seconded by Commissioner White, and unanimously carried, the Board approved for cancellation the attached list of unpaid personal property taxes:



February 7, 1984

Hon. Board of County Commissioners
Ravalli County

Gentlemen:

Attached find a list of unpaid personal property taxes for the year 1974 which are not a lien on real estate. These taxes have now been delinquent for ten (10) years.

These taxes are hereby submitted for cancellation per MCA, 1983 Sec. 15-16-701.

Sincerely yours,

Ruth Cleveland

Ruth Cleveland, Treasurer
Ravalli County

The Board authorized Chairman Williams to sign the Vendor Invoice for junk vehicle disposal program for Ravalli County so that we could receive the $19,589.93 to run the program.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, February 10, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Commissioner White moved that we appoint Judith A. Bruce for this date, February 10, 1984, to serve as temporary Justice of the Peace. Commissioner Tossberg seconded said motion. Motion carried.

Shirley Abel, Head Start Director; and Debbie Blair, Chairman-Policy Council; met with the Commissioners for their monthly report. They said that they have purchased three new dishwashers and are offering the three old ones to the parents and staff--they have the right to submit bids for $50.00 or more.

In connection with the addition to the building at the fairgrounds, Debbie said that the general feeling of the policy council is that they should not have to pay rent as they have donated the building to the County. Commissioner Tossberg commented that he feels that the Fair Board will not be enthusiastic about this viewpoint; he feels sure that they are figuring $3,000 a year, or $250 a month rent. Shirley asked if adding on to the present building might make the difference and Commissioner Tossberg said that it would at least make a bargaining chip. There was some discussion as to whether the funding was still available and Shirley said that she feels that if they get the shell up, then she can apply for the money and they should get it back. She said that if the Fair Board and Commissioners backed her, she should have no trouble with this. Commissioner Tossberg suggested that they work with the Fair Board and come up with some agreement and then the County Attorney can draw up an agreement. In defense of their stand against paying rent, Debbie said that she feels they are all taxpayers and they are paying for the fairgrounds and this building is used to make less priviledged children become better citizens. Commissioner Tossberg commented that Ned does not think $3,000 will put up the shell, but he has not included any donations from the businesses.

Shirley said that she would call Ned and set up a meeting with the Fair Board. Shirley said that she would feel different about paying rent if they produced some kind of an income from what they are doing--Commissioner Tossberg said that this was a good point.

The Board adjourned to meet the following Tuesday at 10:00 a.m., because of the Lincoln Birthday Holiday.

Hamilton, Montana, February 14, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioner Harold White present.

Chairman Williams and Commissioner Tossberg attended a MACO meeting in Billings, Montana.

Commissioner White was on hand to attend to office management.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, February 15, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioner Harold White present.

Chairman Williams and Commissioner Tossberg attended a MACO meeting in Billings, Montana.

Commissioner White was on hand to attend to office management.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, February 16, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioner Harold White present.

Commissioners Williams and Tossberg attended a MACO meeting in Billings, Montana.

Commissioner White was on hand to attend to office management.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, February 17, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioner Harold White present.

Commissioners Williams and Tossberg were in route from the MACO meeting in Billings, Montana.

Commissioner White was on hand to attend to office management.

Because of the President's Day Holiday, the Board adjourned to meet the following Tuesday, at 10:00 a.m.

Hamilton, Montana, February 21, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Henrietta Brandon reported that Judith Ann Theodorson has been hired to work in the Home Health and Generalized Programs at the Public Health Dept. She is a PHNI, and started work this morning.

Louis Jeffries, Denis Applebury, and Greg Lakes, The Missoulian; met with the Commissioners to discuss the possibility of making it so that the owner of the Ponderosa Mobile Home Village could sell the lots instead of renting. This trailer park has been through review--this was done in 1975. It contains 33 acres, and has 22 sites, all occupied at the present. The owner's husband died this [illegible]

and she would like to be able to sell the whole thing, but wants to sell individual lots to persons who live there now and want to buy the site they are on. Denis said that the basic thing is that he will have to survey and set pins and calculate acreage of the lots as they now stand. They have a good sewer and water system--a $21,000 system that was just installed, and their well goes 505 feet--which meets state requirements. This project was just completed by Pinnacle Engineering. Denis said that a Homeowners' Association will have to be set up for the care of the roads, sewer, water, etc. The park lands will be owned by the Homeowners' Association. There was some discussion as to what would be accomplished by putting this back through the review process and Commissioner Tossberg commented that he feels that nothing would be accomplished as the things they would require have been done, and what needs to be maintained can be taken care of by the Homeowners' Association. Bob Brown, County Attorney, came in to discuss the matter. He said that maybe the Plat Committee could just review the plat. The first subdivision was created and plat filed on June 10, 1975. There are no water rights on this property. The Commissioners asked Bob Brown to research this matter.

Following review with Carol Jeppesen, Planning Office; and Marilyn Keppel, Clerk and Recorders' Office, the following plats were filed:

Final plat - amended - Corvallis Tract, Lot 6, Blk. 2 - Electa Walls Black

Commissioner Tossberg moved that we accept the final plat of Corvallis Tract Lot 6, Block 2 for filing. Commissioner White seconded said motion. Motion carried.

The following Certificates of Survey were filed:

20 ac. parcel in SE¼ Sec. 36-3-21 - Forest T. Cooper

Retracement Tr. A CS#2468 in SW¼ - Sec. 15-10-20 - Darlene Dix

3 Tracts over 20 acres; 1 tract 17.59 acres; in S½ Sec. 15-10-20 - Frances Everson

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, February 22, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioners Williams and White present.

Commissioner Tossberg attended a meeting in Helena in connection with the State Board of Investments.

A regionwide Emergency Warning Exercise was performed by the Disaster and Emergency Services.

Jack Myers, Jane Ganaas, and Bill Winn came in to discuss the application for a $7,000 grant for the Ravalli County Chemical Dependency group. Chairman Williams said he wonders if this would be of benefit to the organization as the amount is so small. Jane said that she feels that a Task Force needs to be started, and Bill Winn commented that it must be feasible as most of the Counties are doing this. Bill said that they are seeing almost 70 people a month in addition to the court school, community education, etc. They said that Tess Holler, Phil Meis, and Terry Magone might be interested in helping with a Task Force. Jane said that Missoula has between 10 and 15 people on their force. Chairman Williams said he feels a small group is usually more effective than a large one. Bill said that he has been speaking to a lot of groups and telling them of the need for volunteer help, and hopes there will be some follow-up. Chairman Williams said he would go through the application, and asked that Bill work on a list of names for the Task Force. Bill said he would get back with Chairman Williams the first of March.

Chairman Williams signed letters to Raymond Brown, Human Rights Division; and to Walden Silva, Director; Denver District Office, to determine if Ravalli County is currently involved in complaints or investigations by EEOC, and he also signed a letter to Ronald Paul Foltz showing that the Commissioners have disclosed all facts to Ron needed for his audit.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, February 23, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

John Filz, Ravalli Services; met with the Commissioners in connection with a grant for a vehicle for their organization. The only monies available are for communities who coordinate their vehicles between their various organizations. He would have to put together a transportation development plan by March 16 and would like to have Chairman Williams help him apply for this money. He is not asking for any money from the County, but just wants their verbal support. He would like a letter from the Commissioners, the Council on Aging, and anyone else who might share the vehicle--the grant is to be used for transporting the elderly and the handicapped.

John really feels that this is a possibility, even though it would not be easy. He said that each group would have to work to be more flexible. John feels that this is the only way the money for these vehicles is going to be available. Chairman Williams said he would like to survey the needs in the county and do a little research. John said that under this grant, Ravalli Services would be in a position to provide the operational expense of the vehicle. Chairman Williams said he would get back with John the first of the month.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, February 24, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Chairman Williams present.

Commissioner White was out of the office for the day.

Commissioner Tossberg attended a Mental Health meeting in Polson, Montana.

Loren Hurbert and Leon Jessop, Pinesdale; met with the Commissioners to discuss the possibility of the County fixing two bridges in the Pinesdale area. They said that Jay Unrue, County Road Superintendent, has been up to look into the situation and said it is not the County's responsibility. Chairman Williams said they have discussed this with Bob Brown, County Attorney; and he does not feel it is the County's responsibility. The Pinesdale representatives said that they feel they have been paying county bridge taxes that should take care of the bridges. Chairman Williams said that the Commissioners have talked with Bob Brown on this and both bridges are within the limits of the Pinesdale community, and they feel that this is the responsibility of the Pinesdale people, as a part of the building of their town. Loren Hurbert and Leon Jessop said that they feel that according to Section 7-14-2502, they have the right to have the County fix these bridges, and would be prepared to sue the County if they decide against helping them. They said they are willing to do the construction work and provide the man hours if the County will provide the materials. They said that according to legal opinions they have received, and an Attorney General's opinion, they feel they have the legal right to this. They just do not have the money to do this and have borrowed all they feel they can to set up their fire department. Chairman Williams said that even if the County did provide the materials, the bridge would have to be built up to county specs. The men said that the SCS called in a hydrologist to look at the situation and the hydrologist said that culverts will not work, they need a bridge. Chairman Williams said that he would get back with the men the first of the week--he said that the County is committed for its bridge money and can not overrun the budget, as they are personally responsib not to exceed the budget. The men gave Chairman Williams a copy of their plat of the city. They said that in Missoula and in Bozeman the County has helped the Cities with bridges.

The Board adjourned to meet the following Monday at 10:00 a.m.

Hamilton, Montana, February 27, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Commissioner Tossberg met with the Energy Committee in Missoula, for a meeting.

The Commissioners signed a Proclamation proclaiming March, 1984 as "Red Cross Fund Drive Month".

The Commissioners signed a Proclamation proclaiming the week of April 23rd through April 28th, 1984 as Ravalli County Search and Rescue Association Week.

Rick Rogne and Mary Pitrucka from the Department of Highways were in the courthouse checking on road mileage in Pinesdale for the purpose of determining tax revenues the Pinesdale people might receive for their streets.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, February 28, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

The Commissioners were on hand to audit the monthly claims and attend to office management.

Rick Rogne and Mary Pitrucka from the Department of Highways were in the courthouse checking out road mileage in Pinesdale for the purpose of determining tax revenues the Pinesdale people might receive for their streets.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, February 29, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Ruth Cleveland, Treasurer; Mary Kay Browning, Deputy Treas.; Darlene Hughes, Clerk and Recorder; and Bob Brown, County Attorney; met with the Commissioners to discuss the delinquencies in real property taxes which are 4-years old. They discussed the process of taking tax deed. They said that they would plan to recover all their costs when the property is sold. Ruth said that she feels that the people in the Skyport suit would like to have the county take tax deed and that would get the County into the middle of that problem. Bob said that he thinks this case has been thrown out of court--he said he would check into it. Ernie Woods at Reclassification says that these people have not gone through the proper channels to get their taxes reduced. Ruth said that when the time comes to do the tax deeds, they will get together with the Commissioners.

Jim Parker and Helen Bibler met with the Commissioners to ask for a letter of endorsement for their television project. Chairman Williams wrote one that was sent to Helen Bibler and copies were sent to the Montana Representatives to the U. S. Senate and House of Representatives.

Upon motion, the Board adjourned.

ATTEST: Darlene E Hughes
(Clerk and Recorder)

APPROVED: F W Williams

Orla Lair came in to visit with the Commissioners about the Goat Trail road that is going in. He said that the pins are set on his property and that the people working on it are trespassing. Bob Brown, County Attorney; was called down. He maintained that the property in question was not owned by Mr. Lair, and said he would check this out and send Mr. Lair documentation to prove who owned the property in question.

Commissioner Tossberg moved that we approve Resolution #331 to place a stop sign on the Meridian Roa at the intersection of the Sanitary Land Fill Road. Chairman Williams seconded said motion. Motion carried.

Carol Jeppesen, Planning Office; Darlene Hughes, Clerk and Recorder; Don Mullin, Sanitarian; met with the Commissioners for the following conditional approval of amended plats.

Commissioner Tossberg moved that we grant conditional approval to the Dutch Hill Ridge minor subdivision, subject to the provisions as shown in the letter from the Planning Board, with #3 reading as follows: Build roads to County specs. And add a fourth provision as follows: 4. Name road after coordinating with the appropriate Post Office. Commissioner White said he would abstain from voting because of a possible conflict of interest. Commissioner Tossberg said he does not believe he has a conflict of interest because he purchased a piece of real estate in Weber Estates from the same people who are doing this, so will vote for the conditional approval. Motion carried.

Commissioner Tossberg moved that we grant conditional approval to the Dutch Hill Heights Amended Plat, Lot 1, in accordance with the conditions suggested by the planning board. Motion carried.

Commissioner Tossberg moved that we grant conditional approval to the Sunnyside Orchard Amended Plat, Lots 18 & 19, Block 6, in accordance to the conditions as shown in the letter from the planning board. Motion carried.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, March 2, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Jim Carpita, Pinnacle Engineering; Bob Brown, County Attorney; Gary Wiens, Ravalli Republic; met with the Commissioners in connection with the request Jim had previously made in connection with French's Mobile Home Villa, and whether they will need to go through the Planning Board to sell lots instead of just renting. Commissioner Tossberg said that the Commissioners have discussed this and feel that this should go to the Planning Board again. He said that in thinking this over, they feel it will change the operation of the court considerably. Commissioner Tossberg explained that they have two trailer courts that want to do this. Jim said that he feels that French's is different from Ponderosa in that French went through review more recently than the Ponderosa court did, so was more thorough, and he feels that nothing would be accomplished by going through it again. What needs to be done can be done with a homeowner's association. He feels it will just delay things and create additional expense, and there is always the chance that it could be turned down. Commissioner Tossberg commented that he feels this is not an option. He asked for Don Mullin's comments. Don said that there would be a fee involved with the State approval on sewer and water.

Commissioner Tossberg said that he understands Jim's frustration at being required to do this, but feels that the Commissioners would be remise in not requiring it. He said they will bend over backwards to help get it through right away. He said that it would seem to him that they should not be charged the full review fee again. He said it would be up to Don Mullin and Carol Jeppesen as to what the Planning Board needs to see--he feels that the old files should be available to the Planning Board members. Commissioner Tossberg said that they should give some thought as to how long Mr. French can be kept responsible--he feels they should start by presenting the plat and covenants.

Jim Carpita asked how Cash-in-lieu of parks is arrived at--his Dutch Hill Ridge subdivision will be coming up soon. The Commissioners explained the process.

Ruth Cleveland and Mary Kay Browning, Treasurer and Deputy Treasurer, met with the Commissioners to discuss terminals that will be needed to put in their bookkeeping system on the computer. Ruth said that two from their office will be going to Great Falls to check out their system. Mary Kay wanted to know the breakdown on what to give Pinesdale from the money received by their office. Commissioner Tossberg explained that the State men are checking into this right now and determining the road mileage in Pinesdale and will have a figure soon. Ruth said they would deposit the money until they find out the percentage to charge out.

The Board adjourned to meet the following Monday at 10:00 a.m.

Hamilton, Montana, March 5, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioners Williams and Tossberg present.

At 10:00 a.m. the County Commissioners met as an Advisory Board for the Ravalli County Human Services.

Jay Unrue, County Road Superintendent, met with the Commissioners for his weekly road update. Gary Wiens, Ravalli Republic; Larry Higginbotham, County Surveyor; sat in on said meeting. Chairman Williams complimented Jay on some signs his department has put up. Mrs. Corpian's road on Lincoln Lane was discussed. Jay said that it is real rough. It was built in a swampy area and would be real expensive to repair as the gravel would have to be quite thick--he figures about $16,000 to make a good road out there.

The Commissioners discussed Larry Higginbotham's survey bill on the Goat Trail matter with Jay. They said that they have arranged to use the unbudgeted funds that they received from Forest Receipts that they had not expected to pay this bill. Jay said that this was fine with him.

Chairman Williams said that he had been concerned about the red flags put up down where Blodgett Creek comes into the Bitterroot River and checked with Tom Murphy on this. He is concerned that the bridge will not handle a real flood situation. He thought maybe Jay could use his crane to scoop out some of the gravel. Jay said that his number one problem is who owns the land and if they will let him through. He said that the courts are trying to determine if the government owns the gravel along the rivers, or if the individual owner does. If it belongs to the government, he would get the gravel for a reasonable figure, for free probably. If individuals own the gravel, they always want to get as much as possible for it, and the cost is usually more than the road department can pay. Chairman Williams said that Tom Murphy had said that he has a great deal of confidence in Jay's ability to evaluate flood situations. Jay said that he doubts that there would be enough melt-off to cause the kind of problems they are worried about. He said that part of the park will probably be taken, but he would recommend that they let the State take care of their highways and Tom Murphy take care of the irrigation system. He said that rivers all over the valley move regularly and he does not feel that system designing to save the park would be worth the time and money involved. He said that if the gravel became available to their department, he would be glad to remove it.

Chairman Williams asked if Jay plans to do a count on the Mill Creek Rd. to determine how much it is used. There was some discussion as to where the [illegible]

six places.

Fred Thomas from Stevensville met with the Commissioners in connection with the insurance needs of the County.

Applications for Cancellation of taxes #699-700 were approved in the amount of $46.52.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, March 6, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Blane Hoyt, Jim Corrigan, and Greg Karlsgodt, Human Resource Council, met with the Commissioners to request their support for continuing to use the Human Resource Council to employ youth for the Job Training Partnership Act. They need the Commissioners to write to the Private Industry Council on this before March 20th when they will decide how the program will be run at the local level--whether to let the Human Resource Council continue running it, or turn it over to the Job Service. The Job Service has never had much involvement in the past. The Council works with hard-to-service youth and has a follow-up program to check each worker out at least once a month. When the program is over, they are required to place 50% of the youth, and they feel they can do this. They need the support of the Ravalli Missoula, and Mineral County Commissioners and Missoula and Mineral have already written their letters supporting the council. There is a summer program and an in-school program. Commissioner Tossberg said that Carole Graham from the Welfare Office said that she feels that the Human Resource Council does a better job with this program than the Job Service can. The Commissioners said that they would write a letter, sending carbon copies to those people on the Private Industry Council, prior to March 19, 1984.

Louis Nutt was in to visit with the Commissioners and Bob Brown, County Attorney; about an incident which happened two weeks ago when his 11-year old son was beat up. He said that his attorney, Joe Goldman, advised that he discuss this with the Commissioners and County Attorney as Dave Demmons has said he will not arrest this boy. Dave can not put him in jail and says that he would have to send him to Miles City, and does not want to do this. Mr. Nutt feels the boy should be dealt with. His son was treated for a broken nose and black eyes by Dr. Hanson at Daly Hospital, and Mr. Nutt has bills for over $100, and they are not all in yet. Commissioner Tossberg asked Bob Brown, County Attorney, to discuss this with Dave Demmons. Bob said he would do this, but had no jurisdiction in this matter--he just could discuss it with him. The boys involved were from Corvallis. Bob Brown said he would call Louis Nutt back when he has discussed this with Dave Demmons.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, March 7, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Commissioner Tossberg moved to adopt Resolution #332 authorizing the amending and revising of the Ravalli County Road Department budget to be increased in the sum of $2,813.00 to pay surveying expenses. Said monies were available to the Road Fund due to larger than anticipated receipt of Forest Reserve payments. Commissioner White seconded said motion. Motion carried unanimously.

Commissioner Tossberg moved that we execute Lease Agreements between Donald Doberstein of Victor, Montana, and Ravalli County; and between Hugh G. Cumming and Alice I. Cumming, husband and wife, of Hamilton, Montana, and Ravalli County; to continue the present lease conditions with respect to the gravel pits, said leases to be dated this day. Commissioner White seconded said motion. Motion carried unanimously.

Both Gary Wiens, Ravalli Republic; and Greg Lakes, The Missoulian; sat in on the adopting of the above Resolution and the above Leases, and also on the following discussion.

The Commissioners discussed the necessity to replace Dr. Cox as Ravalli County Health Officer. They said that they would like to retain him on the Health Board, but appoint someone to relieve him of some of the work. Commissioner Tossberg said he has talked with Dr. Fritz Bell who said he would be willing to do this. Commissioner White suggested that they might be required to advertise for the job. The Commissioners decided to discuss this with Bob Brown and then proceed as he advises.

Jay Gasvoda was in to say that his fire department would like to dispose of a 1964 Dodge 3/4 ton crewcab pickup, Serial No. 4Q2AQDHB45806. They would plan to do this at Morris Gardner's machinery auction on March 24, 1984.

There was some discussion as to whether the Commissioners could dispose of the pump this way and Commissioner White suggested that they could do better by advertising separately. The other Commissioners agreed, and Chairman Williams said that they could run an ad in the MACO news.

Louis Nutt, Marion Davis and Gary Wiens, Ravalli Republic; met with the Commissioners in connection with Mr. Nutt's problem in connection with the beating of his son by a Corvallis boy. He had received a phone call from a Corvallis lady and has talked with a couple of parents and the school principal, none of whom were aware that this had happened. He just wanted to report this to the Commissioners.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, March 8, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Commissioner White moved that we appoint Precinct Registrars as submitted by the Republican Central

this day. The letters submitted to the Commissioners by the Republican Central Committee were dated February 9, 16, and 24, 1984. Commissioner Tossberg seconded said motion. Motion carried unanimously.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, March 9, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Commissioner Tossberg moved that the individuals on the list submitted by the Democratic Central Committee as registrars as of March 9, 1984, be approved. Commissioner White seconded said motion. Motion carried.

Commissioner Tossberg moved that we lift the agricultural restrictions on Certificate of Survey #2882, belonging to Mr. and Mrs. Parmenter. Commissioner White seconded said motion. Motion carried.

The Board adjourned to meet the following Monday at 10:00 a.m.

Hamilton, Montana, March 12, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Loren Herbert stopped by to talk with the Commissioners on the Pinesdale bridge issue, and the Commissioners gave him a copy of a letter they have received from the County Attorney relative to the bridges in cities and towns. The Commissioners told Mr. Herbert that they have no legal designation of their roads in Pinesdale.

Jay Unrue, County Road Superintendent, met with the Commissioners for his weekly road update. Commissioner Tossberg said he had received a call from Charles Brown, who lives on the lower part of Martin Lane, about the roads. Jay said that his graders are out and doing the best they can. Commissioner Tossberg said that Lloyd Moran had called and said that it is real hard to put in a 26 foot road on a 30 foot easement, and just wanted the Commissioners aware of this.

The Commissioners discussed with Jay a request through Woodside for a 35 mph speed zone. They feel that this would not be a good idea as there are other places that would want a speed zone if they put one in Woodside.

The Commissioners discussed the problem with the Pinesdale bridges with Jay and how they can be repaired.

Commissioner White said that a culvert on the Cemetery Road in Victor has raised up about a foot and is making a bump in the road. Jay said he would take care of this.

Larry Persson and Ned Applebury met with the Commissioners in connection with a lease agreement they have made with Margit Bessenyey for the Bitterroot Humane Society. Commissioner Tossberg suggested that the Humane Society could drill the well and the Search and Rescue could then hook up to their well for a fee. Don Mullin, Sanitarian, was called down for the meeting. The land involved is about 2.5 acres. Don Mullin said that he does not think that the Humane Society will have to go through the State on this. Ned said that Mrs. Bessenyey is mostly concerned that this be a nice looking building, and well kept. She wants a double fence along the back to protect her animals and Bud Ruark, her farm manager, said that if the Humane people put up the nice pole fence, he will take care of the other one.

Commissioner White moved that we approve this lease from Margit Bessenyey to the Humane Society as per code 76-3-208, Volume 23, page 80; and recorded in Volume 23 Leases, page 298. Commissioner Tossberg seconded said motion. Motion carried.

Commissioner Tossberg suggested that the Sanitarian should be contacted so that the septic system is properly installed. Ned said they would plan to, but feels there is no problem as there has been no flood irrigation on this property for at least 13 years.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, March 13, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Commissioner Tossberg attended a Northwest Energy Council meeting in Missoula during the morning.

The Commissioners were on hand to attend to office management.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, March 14, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

At 10:00 a.m. a Park Board meeting was held. Minutes are in the Park Board file.

Following review with Carol Jeppesen, Planning Office; and Darlene Hughes, Clerk and Recorder; the following Certificates of Survey were filed:

Court Order - In NW¼ Sec. 5-8-20 - Michael L. Blackman

Utility Siting - In NW¼SW¼ Sec. 2-4-21 - Walter A. Basnaw

Occasional Sale - In NW¼ Sec. 2-4-21 - Frank M. Gouse

Occas. Sale & Rem. - N½ Govt. Lt. 2, Sec. 18-9-19 - John J. King, Sr.

Occas. Sale & Rem. - In SE¼ Sec. 10-10-20 - Donald W. Burgess

Mtg. Release - In NE¼ Sec. 5-8-20 - Joe & Pam Jackson

Mtg. Release in NE¼ Sec. 17-9-20 - Eldon Champion

Dorene Sain, Randy Campbell, James Higginbotham and Linda Higginbotham, his wife; Dale Rhodes, Bill Nelson, Bill Good, Albert Gile and Harry A. Stemple met with the Commissioners in connection with

the bridge up by the Medicine Tree Ranch. Jim Higginbotham said that the plat books show that Ravalli County owns this bridge and they feel this is a public hazard that needs attention before someone is injured. The people who live up there would like the Commissioners to go to the State Highway people and see if they can get them to take the bridge over, and if the State will not, then the property owners will be in the position to take legal action. Chairman Williams explained that Jay has researched this and said that the Highway Dept. changed the position of the bridge from what it previously was to provide access, and Jay feels that this bridge is the State's responsibility as it connects to no county roads. Dorene Sain said that the bridge before this one did connect to a County road. Bill Nelson said that they have a letter from the State saying that the State does not own the bridge. Al Gile stated that he feels it legally belongs to the County, and Harry Stemple said that the bridge that this one replaced did belong to the County. The Forest Service logs up beyond this bridge and the people do not feel that this bridge will support the weight involved without someone getting hurt, and no one seems to have the authority to put a gross weight limit on this bridge. Commissioner Tossberg stated that he feels that the loggers have some responsibility for the bridge. Harry Stemple said that the State Highway has done some work around this bridge periodically--like filling in the approach and dragging logs out of the river that have lodged under the bridge. He said that when Bob Mendenhall worked for the Highway Dept. on the Eastfork, the bridge was cared for some--maybe they could contact him to get more of a history on this. Al Giles said that he feels it was wrong for the State to change the access and then not maintain it. The people involved do not feel that the cost is the problem--the bridge just needs wider approaches and new timbers--it is the inspection of the bridge and the determination of safety that is the problem. Al Gile said that he feels the structure of the bridge is good, but the people want it fixed before the whole thing is destroyed.

The Commissioners said that they would get together with the State Highway people and see what can be done, and will get back with Dorene Sain at 821-3771 on this. Dorene said that the right of way was deeded to the County on July 9, 1937, in Volume 39 Deeds, page 137. Al Gile said that he has a file on this and will bring a copy of his file to the Commissioners to study.

Commissioner Tossberg said that it might be that if the State will not do this, some cooperative agreement can be reached between all of the parties involved. The Commissioners will contact the people involved within a week or ten days.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, March 15, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

William Piatt and Larry Persson, his attorney; met with the Commissioners and Bob Brown, County Attorney; in connection with the Restrictive Covenants on Tamarack Meadows where it says in the second paragraph that no lot shall be divided or resold. These covenants are revocable only by mutual consent of the owners and the governing body of Ravalli County. They wonder how the Commissioners feel about releasing an acre of land out of a six-acre parcel for one of Mr. Piatt's buyers so that he can borrow from the bank on the one parcel to build his house. Commissioner Tossberg said he wonders how we get rid of this kind of parcel once it is created. Mr. Piatt said that his buyer does not have the money to pay off the whole parcel and Mr. Piatt does not like to take all of the cash at once as that hurts him income-tax wise. Bob Brown said that maybe the bank would take all of the acreage as security. Larry Persson said maybe they could make a provision that the one acre can not be conveyed separately--the provision would be kind of like a boundary-line agreement. Mr. Piatt said that he in no way intends for the parcels to be split any further, and does not want to create any one-acre parcels, but does not know how to solve this problem. Mr. Tossberg said that he would be hesitant to change our original position--he said we gave Mr. Piatt a break on cash-in-lieu of park because he agreed to no further subdividing. Chairman Williams said he agrees with this position, and would like Larry Persson and Mr. Piatt to exhaust all other possibilities first and if they still have problems, then can come back and talk with the Commissioners. Commissioner White agreed with the other Commissioners and said he feels that they are not shutting the doors for Mr. Piatt as he does have other alternatives to this problem, and can approach the problem in another way. Larry Persson said he will work on this and may be back at a later date.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, March 16, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Commissioner Tossberg attended a Mental Health meeting in Missoula, Montana.

Don Burgoust came in to discuss energy conservation at the courthouse with the Commissioners. Slim Warren, Custodian, sat in on said meeting.

The Board adjourned to meet the following Monday at 10:00 a.m.

Hamilton, Montana, March 19, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Richard Jones met with the Commissioners in connection with a stop sign at the intersection on

moved to be more effective on the lane that is used more. He said that there are at least 60 families on Leese Lane. Commissioner Tossberg said that he would ask the road department to run a count on this road. He said that some work needs to be done on the road and the Commissioners explained that the road dept. is out grading and will get around to all the roads as soon as they can. Mr. Jones would like the Sunnyside Cemetery road improved and Commissioner Tossberg explained the procedure the road dept. uses to fix up roads, and that they try to do the East-West roads first as they tie in with Highway 93 and the East-Side Highway, etc.

Loren Hurbert and Leon Jessop brought in a Pinesdale map with no surveyor seal and signature and Darlene Hughes, Clerk and Recorder, said that she can file it but it is not a legal document this way. The Commissioners called Bob Brown, County Attorney, to come down and discuss this, and Bob explained to the men that their plat was not sufficient for filing.

Following review with Carol Jeppesen, Planning Office; and Darlene Hughes, Clerk and Recorder; the following Certificates of Survey were presented for filing:

Retracement - In NE¼NW¼ Sec. 35-4-21 - Larry C. Biere

Location of corners and lines, Bk 123-639 - NE¼SW¼ Sec. 20-1-21 - Ross Smith

Occas. Sale and Rem. - In NE¼ Sec. 21-9-20 - Norwest Capital Mge & Tr. Co., Klass Otto Knottnerus, owner

Occas. Sale and Rem. - In S½SE¼SE¼ Sec. 16-9-19 - Robert E. Lamby

Occas. Sale and Rem. - In NE¼ Sec. 2-6-21 - David L. Camper

Retrace. - Lts. 1, 2, 3 - Blk 7, Northside Addn. - Lowell Jacobson

Gary Salsbury, Mt. Dept. of Livestock, met with the Commissioners with a request that they consider having a County Brand inspector. The State is cutting back as they are short on money, and would have to make Gary and several others go to an 8-month year. Gary's supervisor suggested that he talk with the Commissioners as they feel that Gary could provide better services for the ranchers in Ravalli County by working full-time as the County brand inspector. The state would pay one-half of his wages, and the County would have to match what the state pays. Gary has done this kind of work for 6 years, and has worked in Missoula for 4. He lives on the County line and already is known by many ranchers who use him to inspect their cattle and know that he is available. Commissioner Williams said he wonders if replacing the deputies that are now doing this work could bring a savings. Gary said that meetings would need to be held with the ranchers to get their reaction to this idea. He feels that he could be a big help in live inspections for the packing plants and the mobile units for butchering. Commissioner Tossberg asked why the State is reducing the staff and Gary said it is because the head counts are down by a large number. Commissioner Tossberg commented that what bothers him is that the State keeps pushing the responsibilities unto the County, and they have better taxing powers than the County does, so this does not seem right. Chairman Williams said that it would appear that the livestock producer has to bear the cost of this employee. George Vogt came in and Gary explained his position to him. Gary said that he presently makes about $12,000 to $14,000 a year, and supplies his vehicle, but feels that the Commissions he would receive would take care of this. Commissioner White suggested that George Vogt should talk with the cattlemen on this and George said that he would be glad to do this, and would get back with the Commissioners. Gary said that it would still be a good idea to keep a couple of deputies at the ends of the County, to cover what he couldn't.

Applications for Cancellation of Taxes #701-702 were approved in the amount of $285.95.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, March 20, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Lee Hilton, Penny Hitchcock, Betty Cook, Alan Applebury, DVM; and Bob Brown, County Attorney; met with the Commissioners to explain that they have obtained a perpetual lease from Mrs. Bessenyey for property for the Humane Shelter and are now in need of finances to start the project. Penny Hitchcock explained the problems involved to the community if there is no Humane Shelter, and gave reasons why she feels the people in the County should support the Shelter. Betty Cook explained a survey she has done comparing costs of Humane Shelters in various other counties. These people feel that it will cost from $35,000 to $40,000 a year to run a Shelter, and that the cost per animal will average around $20. Alan Applebury explained the floor plan that has been designed for the Shelter. He said that they have tried to be economical and yet make the Shelter in a way that will be easy to maintain. They have planned for 2,000 or more animals, which is a little more than the present need, but want to plan for future expansion. They will have 15 dog runs, and the building will have a wood frame and metal roofing and siding. They have estimates from Don Thomas and Jacobson on the building, and the estimated cost is $89,000. They would hope, however, to get some of this in donations of either materials or time. They would plan to build the exterior first. Right now they have a problem with the septic system and are checking to see if they could hook into the City system. They are forced to use disinfectants that are hard on a sewer system, and would prefer to hook up with the City. They feel that they can start construction when they have $60,000, but only have around $36,000 right now. They would hope to talk with the Search and Rescue people and tear down the fence between their property and the new Shelter. This would help them keep the weeds mowed down and both places would look better.

There was some discussion as to the various ways that a Shelter can be run, and Mr. Applebury said that he feels that if the County had to do the whole thing, this would be by far the most expensive route. They feel that if the County supports them as a private organization, this will be a savings to the County. Alan says that he feels there is a real need--he gets from 30-40 calls a week from people who want to get rid of their animals. Commissioner Tossberg explained that the Commissioners had asked Bob Brown to sit in on this meeting to explain the laws. Bob Brown explained that it would appear to him that the County could do a contract with the City, and the City could pay the Shelter. There is no provision in the law for a mill levy for this. Commissioner Tossberg said that he asked one of the Legislators if he would be supportive of initiating something into the laws in this respect, and this Legislator said he felt everyone should take care of their own dog.

Alan said that the Shelter usually generates about 50% of what it costs to run itself, and this seems to stand true in the other counties that have been surveyed. He said that the City has said that they will give their truck for picking up animals to the Shelter, but an employee will be needed and that employee should carry a badge so that they will have no trouble enforcing the laws.

There was some discussion on licensing animals in the County and setting up dog ordinances. The Commissioners said that they would like to leave this alone as long as possible as this can be very expensive.

Commissioner Tossberg said that he is willing to check into whatever the County can do to help, but the problem is the way and means to do this. He said that Bob Brown can make some inquiries to see what is happening in the other counties, and then the Commissioners will get back with the representatives from the Shelter on this.

Gary Taggart and Ralph Van Camp from the Champion Saw Mill and Stud Mill met with the Commissioners to discuss the possibility of the workers in the mill forming an organization to purchase the mill from Champion and protect their jobs. The present price that Champion is asking is three million dollars, but the men are hoping to dicker on this. This would include the equipment on the property, but no logging trucks or timber sales. They have hired a consultant to see if there is enough timber available to make this feasible and he feels that there is for the next five years, but it is real close. Commissioner Tossberg suggested that they need a financial consultant. He said that maybe one of the local banks would work with them to form a group that could finance this project. The men said that seven of the employees have been elected as a committee to check into this project--they have about 65 employees right now, which is about the minimum required to operate the two facilities. They feel they could eliminate some of the supervisory jobs. Commissioner Tossberg asked if they have a good manager in the group, and Ralph said that they were all just workers, but that Roland Peterson had said that he would be willing to work with them on this. Commissioner Tossberg said that he would make a couple of phone calls for the men and see if he could get someone that would at least listen to them and talk this over. The men said that they felt that they should be able to raise a quarter of a million between the men involved to get the project started.

Commissioner Tossberg moved that we adopt Resolution No. 333 calling for an election on the question of conducting a local government review establishing a study commission. Commissioner White seconded said motion. Motion carried.

A motion was made by Commissioner Tossberg that at the request of Mr. Hugh B. Cumming and his wife, Alice I. Cumming, the Commissioners agreed to an extension of the existing contract with the Cummings for gravel and they rescinded their prior approval of the proposed new contract of March 7, 1984. Commissioner White seconded said motion. Motion carried.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, March 21, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Kay and Debbie Engelke met with the Commissioners to oppose the opening of a road easement through her property. The Commissioners had given approval to Don Kirby for opening up said road, with the provision that he should inform Mrs. Engelke and give her time to reply before starting said road. Mrs. Engelke said that this road really does create major problems for them. They just installed a $100,000 gravity-flow irrigation system last summer and the wheels run right down this proposed road, and her main diversion system is set up right where the road would run--also, the road would come within inches of her new shop. She said that they were never made aware of this road and that Mr. Kirby's letter was a real shock to her. They bought this ranch in 1976 and have added property to it until now their ranch contains around 1200 acres. Mrs. Engelke feels that Don Kirby already has access to his property from another road he built some time ago. She said that she would like to know the process for abandoning roads so that this will not happen again. The Commissioners explained the process.

Commissioner Tossberg asked if there would be a reasonable compromise that could be made. Mrs. Engelke said that she could not see one--that this really cut right through the middle of her ranching operation. When she put in the irrigation system, the ASCS helped design the system and approved it--they worked on this for over two years. Commissioner Tossberg said that he would like to go out and

look over the situation. The Commissioners made an appointment to go out and meet at the ranch at 4:00 p.m. Mrs. Engelke expressed her desire to avoid a court battle, but said that she definitely could not just let this go. Dave Golay works for them and takes care of their ranch. Her phone number is 642-3105. The Commissioners went out in the afternoon to look over the problem. The Commissioners attended a Board meeting which was held in the afternoon. Minutes are in the Board of Health file.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, March 22, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

The Commissioners gave Ronald Stock an extension letter on Stock Addition, effective April 7, 1984, through April 7, 1985. Said letter was signed by all three Commissioners.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, March 23, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioners Williams and White present.

Commissioner Tossberg attended a Board of Investments meeting in Helena, Montana.

The Commissioners were on hand to attend to office management.

The Board adjourned to meet the following Monday at 10:00 a.m.

Hamilton, Montana, March 26, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioner Tossberg present.

Commissioner White stopped by the office briefly.

Chairman Williams was out of the office for the day.

Roger Conner and Velma, his wife, met with Commissioner Tossberg to say that they want to sell their ranch and need to confirm the status of a road unto their property that used to be a county road, and they think was never abandoned. It ran from the old county bridge over to their place. Commissioner Tossberg said he would talk with Jay Unrue on this, and would get back with the Conners. Their phone number is 821-3026.

Wally Weber met with the Commissioner in connection with the way the river is washing down by his packing plan and the Blodgett Park area. Greg Lakes, The Missoulian; and Gary Wiens, Ravalli Republic; sat in on said meeting. Wally feels that the park is going to be washed away if something is not done. He said that a lot of people just use this park for a dumping grounds to avoid going to the dump. Commissioner Tossberg said that he was glad to be made aware of this.

Jay Unrue, County Road Superintendent, met with the Commissioner for his weekly road update. Wally Weber explained to Jay about the problem in the Blodgett Park area. He feels the County should dump about four loads of riprap down there to save the park. Commissioner Tossberg said that they would take a look at this. Wally said that there is a lot more water coming down Blodgett Creek than there has been in the past.

Commissioner Tossberg explained the request by Roger Conner about the road into his place. Jay thinks that the whole road running back there was built by Harper when he had his logging operation, and is a private road. He will check into this.

Commissioner Tossberg said that he had had an inquiry about what was being done up Sleeping Child and Jay said that they were doing some road work, and it has been completed. Commissioner Tossberg said that he had also had a request for some work to be done on the Tin Cup Road. Jay said that they have some very serious frost boils up there, and they just need to wait for the frost to go out and cope with it the best they can until then.

Commissioner Tossberg showed Jay a letter the Commissioners received from Cliff Trexler, requesting work on a road up by his place. Jay said he would look into this. Jay said that his men are busy putting in a new bridge down on Victor Crossing, and that this road will be closed for a couple of weeks.

Don McKenna, Del Carter, Tom Murphy, and Bob Brown, County Attorney; met with Commissioner Tossberg about a request from Del Carter that the Commissioners advise the parties involved that their encroachments need to be removed from the public access so that Del can build this road. Don McKenna, Del's Attorney; feels that Del has a right to have these removed because of the Supreme Court decision. Commissioner Tossberg said that he feels that the Commissioners should not do anything until they go out and look this situation over. He said that he would hope that a reasonable compromise can be reached so that there will not be any more court battles over this. Del said that the Commissioners should call his wife, Lorraine, at the nursing home - 363-1144, and arrange a time to meet with them.

Chris Crawford and Lee Foss met with the Commissioner to discuss the County's insurance needs. Commissioner Tossberg said that he felt that the Commissioners had learned some things about this last year, and would be calling for bids this year. Chris questioned whether this is the best way to approach the matter. There was some discussion about hiring a consultant. Commissioner Tossberg said that he would not foresee the Commissioners hiring a certain agent to do their insurance work without putting out bids, but would want Chris Crawford to take part in the bidding if they choose to do so.

Vic Ralls came in to say that Dick Martin had requested that he visit with the Commissioners on his

the County. Commissioner Tossberg said he sees no problem with this and that Vic Ralls should go talk with Bob Brown, County Attorney, on this.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, March 27, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioners White and Tossberg present.

Chairman Williams was out of the office for the day.

Delores Bay and Karen Rayback were in to represent Parents & Friends of Special Needs Children, Inc. a private, non-profit corporation. They are out of money and wonder if there is any way they could get some help from the County. They take children from the age of one to seven up to Sleeping Child for soaking and exercise--these children have problems which require warm water to get them relaxed. They said that some of these children are getting help from Head Start and an occupational therapist comes from the Bitterroot Co-op to work with them. Delores said that this program costs from $175 to $200 a month to run and they were only able to do this for six weeks last summer, but would like to work it into a full-time program. The Ravalli Services has agreed that they can use their van to transport their children. They hope to have about ten children this year. They have to have one volunteer for each child when they go, and have had no problem getting these volunteers. They would like to start their program in April. Commissioner Tossberg explained that the budget season runs from July 1st to June 30th so the Commissioners would be unable to help them until July 1st if there is a provision in the law to help with this sort of program. Commissioner Tossberg asked that the ladies bring in their Articles of Incorp. and By-Laws so that the Commissioners can study the intent of the program and talk with the County Attorney. The ladies did get a little grant of about $500 from the State last year and the Association for Retarded Children bought them some equipment for the swimming activities.

George Corn came in to discuss his job as Juvenile Public Defender with the Commissioners. He will make an appointment to return when he has assembled additional facts and figures on the number of hours the job has required.

Penny Maki from Florence brought in the papers for the Florence Park project on the grant for the Commissioners to sign. Marion Davis was present for the meeting. Commissioner Tossberg said that he would call Penny when everything is ready. She said that she would like a copy of the contract after it has been signed.

Commissioner Tossberg signed a Cooperative Agreement for Eradication of Marijuana for the Sheriff's Office--said agreement was between Ravalli County, and the U. S. Dept. of Agriculture, Forest Service.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, March 28, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Commissioner Tossberg attended an energy meeting in Missoula, Montana, but was present for office management the remainder of the day.

Commissioners Williams and White were on hand to attend to office management.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, March 29, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Commissioner Tossberg moved that we accept Ruth Gordon's resignation as Justice of the Peace for District No. 2, effective March 31, 1984, in accordance with her letter dated March 28, 1984, and we do so with regret. Commissioner White seconded said motion. Motion carried.

Greg Hanson, Attorney from the firm of Garlington, Lohn & Robinson; Charles Engelke and Kay Engelke, his wife; met with the Commissioners in connection with the road easement that Don Kirby wants to open up through their property. Greg Hanson said that Mrs. Engelke has asked their firm to check into this matter for her. They have some concerns about the irrigation ditch being there and if this creates some rights and are trying to look into the history of the subdivision--Mr. Kirby's land was not included in the original subdivision. Mr. Hanson said that Mrs. Engelke would like to abandon this road, and starting this procedure may bring this thing to a head. Mr. Hanson plans to talk with John Robinson, Don Kirby's attorney, on this. Mr. Hanson and the Engelkes feel that it would not hurt to have the surveyor go ahead and flag where the road would go so that everyone is aware of the exact location. Commissioner White said that he felt that Don Kirby had let him believe the road was going to be put in a different spot than they are planning for now. Commissioner Tossberg said that the Commissioners are very eager that the parties work out a compromise on this. Commissioner Tossberg has talked with John Robinson on this and John said that they were willing to work out some kind of a compromise. Chairman Williams said that John Robinson told him that he feels that the ditch was put in after the subdivision. Mr. Hanson asked if Mr. Kirby will push to build the road right now, or if he would give them time to visit on this and work things out. Commissioner Tossberg said that it strikes him that he would compromise, but he does not know to what extent. Commissioner Tossberg said that personally he feels that he was a little mislead by Mr. Kirby, and, if nothing else, he has learned that they should

The Commissioners conducted interviews with the following people for the vacancy of Justice of the Peace, District No. 2:

Marvin C. Parker, William E. Koerner, Robert F. Palach, Jim Haynes, and Frank Serwacki

DeWayne Letzig and Elynor, his wife, met with the Commissioners and Don Mullin, Sanitarian, explained the lay of the land and said that he has no problem with this but it will have to go through State review. Don has been monitoring the area for some time now.

Commissioner Tossberg moved that we lift the agricultural restrictions on Tract 32-A, Lake Como Orch. No. 3, located in NW¼ Section 9-3-21. Commissioner White seconded said motion. Motion carried.

Gerald Schultz brought in a revised letter in connection with a bequest to the Council on Aging. He also discussed the position of Public Defender with the Commissioners and said that he feels everything is going fine with the exception of the two following requests:

1. He would like the Commissioners to consider paying for a secretary for him for two days a week.
2. He would like some money for attending Public Defender school, if possible.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, March 30, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

The Commissioners interviewed Sharon Evans, Judy Bruce, and Joe Reif for the Justice of the Peace position.

Application for Cancellation of Taxes #703 was approved in the amount of $1725.17.

Commissioner Tossberg moved that the Chairman be authorized to sign an agreement with the Department of Fish, Wildlife and Parks for the purpose of implementing the "Land and Water Conservation Fund Act of 1965" to obtain funds for the Florence Park in the amount of approximately $13,000.00. Commissioner White seconded said motion. Motion carried.

Commissioner White moved that we appoint a Justice of the Peace by written ballot. Commissioner Tossberg seconded said motion. Motion carried. Written ballot was taken. Two votes were received for Jim Haynes, and one for Frank Serwacki. Jim Haynes was appointed as Justice of the Peace.

Following review with Carol Jeppesen, Planning Office; and Darlene Hughes, Clerk and Recorder; the following Certificates of Survey were presented for filing:

Occas. Sale - Gifts and Rem. - In SE¼SW¼ Sec. 34, Township 6 N., R21W - James M. Watt

Mtg. Release - Riverview Orchards, In Lt. 17, Blk. 2 - Teresa R. Sorenson

The Commissioners signed Amended Plat to Bell Meadows Addition, Lt. E - Homer & Linda Mitchell, with reservations, feeling that the plat may cause problems in transferring title. Commissioner Tossberg moved that this plat be accepted for filing. Commissioner White seconded said motion. Motion carried.

Commissioner White moved that we adopt Resolution No. 334 in connection with transferring of funds to the General Fund - Facilities Administration Dept. in the amount of $10,564.00 for remodeling the basement area of the courthouse. Commissioner Tossberg seconded said motion. Motion carried.

Bill Groff, Mel Gaudin, Bob Thoft, Gary Wiens, Ravalli Republic; Bob Brown, County Attorney; Don Mullin, Sanitarian; met with the Commissioners to discuss a possible subdivision in Victor. They say that this has always been a part of the town, but has not been officially added to the Town of Victor. They wanted to know if there was a way to connect this subdivision and not go through the review process.

Upon motion, the Board adjourned.

ATTEST:

Darlene E. Hughes
(Clerk and Recorder)

APPROVED: F. T. Williams

Hamilton, Montana, April 2, 1984

The Board of County Commissioners of Ravalli County, Montana, met in regular session on the above date at 10:00 a.m., with the following members present: Chairman F. T. Williams, Commissioner Harold White, Commissioner F. B. Tossberg, and Darlene E. Hughes, Clerk and Recorder.

The reports of the Clerk and Recorder and County Treasurer for the month of February, 1984, were audited and found to be in balance with cash on hand in all funds in the sum of $8,266,496.29.

Upon motion made and seconded, the following claims were approved and warrants were ordered drawn in payment of same:

TOTAL MISCELLANEOUS FUND $8,711.39

Ray and Helen Wolfe met with the Commissioners on their subdivision. They are about to wind things up and wanted to be sure everything has been completed. Commissioner Tossberg recommended that they talk with Carol Jeppesen, Planning Department, and see that everything is finished up.

Jim Haynes was sworn in by Darlene E. Hughes, Clerk and Recorder; as Justice of the Peace for District Two. The Commissioners said they have called the insurance company and Jim is now bonded, and that he should sign up with Polly on all of the payroll things.

Jay Unrue, County Road Superintendent, brought in the traffic count for Leese Lane and Sunnyside Cemetery Rd. He will not be in for his regular meeting at 11:00 as he wants to be present for the driving of the piles on the Victor Crossing bridge.

Charlie and Lillian Johnson met with the Commissioners on their subdivision up on Sheafman Creek - Ideal Acres. It consists of 20 acres and is divided into five-4-acre lots. The Commissioners explained that Carol Jeppesen, Planning Office, would be presenting this to them as soon as she gets everything together. The Commissioners told the Johnsons that they could plan on hearing from them as soon as this was completed.

Commissioner White moved that we adopt the Resolution No. 335 to change the "Stop" signs on Sunnyside Cemetery Road and Leese Lane. Commissioner Tossberg seconded said motion. Motion carried.

Rex Clothier visited with the Commissioners on the need for the American Legion to have extra fields for baseball practice.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, April 3, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Jim Patterson, Roger Pollesch, and Don McGee met with the Commissioners to discuss a Ready-Mix

Woodside Crossroads. They said that they are getting some static from neighbors and want to check this out so that they do not run into any problems. They plan to take out the 10,000 yards of gravel and then are also putting in for a miner's permit for more gravel. They are very careful not to put out dust as they do everything they can to save the materials they are using. Commissioner Tossberg said tha this is not a zoned area. Mr. McGee does plan to put in a crusher as soon as he can afford it. They are aware that they need to be real careful when they wash out the mixer so that they do not contaminate the irrigation ditches. They said that Don Mullin was out and had no complaints on their operation. The Commissioners said that they would check this out and get back with the men. Jim Patterson - 961-3127; NW 1045 Orchard Drive, Hamilton, Montana 59840.

Jim Kazebier was in to see if the County Commissioners had any objection to his doing the building inspection for a new bowling alley. The architect for the builder had requested that he make the inspection.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, April 4, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Jay Unrue, County Road Superintendent; John Robinson, Attorney; and Bob Brown, County Attorney; met with the Commissioners to discuss several problems that the Commissioners have been working on.

Henry Griffin, President of the Farm Bureau, said they will have a taxation meeting at the REA at 7:30 tonight as some men from the State are coming down and they would like the Commissioners to attend. Commissioners Tossberg and Williams both said they would try to attend.

The Board of County Commissioners of Ravalli County, Montana, met, according to law, as a Board of County Canvassers in the Commissioners' Office at the County Courthouse in the City of Hamilton, the County Seat, on April 4, 1984, for the purpose of canvassing returns and declaring results of the Rural Fire Districts and Irrigation Districts elections held in the County of Raval li, on the 3rd day of April, 1984. Present: F. T. Williams, Harold White, F. B. Tossberg, Darlene E. Hughes, and Betty T. Lund. For official returns, see records in the Clerk and Recorder's Office.

Mrs. Moore and Gary Wiens, Ravalli Republic; met with the Commissioners so Mrs. Moore could discuss a problem she is having collecting for the irrigation system on her Hamilton Heights Subdivision. She has been put in charge of the collecting and one man is refusing to pay. This is an 80-acre subdivision, with eight original lots, and they are being split again now into five-acre lots. Mrs. Moore wants to be sure that people are notified of their obligations on the irrigation system. The Commissioners recommended that she contact an attorney to help her. She said that the title company will not take responsibility for this problem. Commissioner Tossberg took her to the planning dept. to see if she could get some more insight.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, April 5, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioner White present.

Commissioners Williams and Tossberg attended a MACO meeting in Polson, Montana.

Commissioner White was on hand to attend to office management.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, April 6, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioners White and Tossberg present.

Chairman Williams was out of the office for the day.

Carol Jeppesen, Planning Office; Darlene E. Hughes, Clerk and Recorder; and Denis Applebury, Surveyor; met with the Commissioners to present the following plats for conditional approval:

Commissioner Tossberg moved that we grant conditional approval to Cherry Loop Estates amended plat of Lot 2, with conditions as set forth in the letter from the planning board. Motion carried.

Commissioner Tossberg moved that we grant conditional approval to Ideal Acres and that there be a condition added to those of the Planning Board that there be only two accesses allowed onto Highway 93. Commissioner White seconded said motion. Motion carried.

Commissioner Tossberg moved that we grant conditional approval to Home Acres Orchards amended plat of Lot 16, Blk 15, subject to the conditions from the Planning Board. Motion carried.

The Wolfe subdivision was discussed and it was agreed that the Wolfes would have to have the restrictive covenants signed before the plat could be filed. Commissioner Tossberg said he would write a letter to the Wolfes reminding them of their agreement to fix up the houses in their subdivision.

Charles Gooden, who owns 16½ acres North of Victor, came in to inquire about requirements to put in a trailer court on his property. He would plan to put in about 20 trailers. Commissioner Tossberg sent him to the Planning Dept. to get the requirements needed.

The Board adjourned to meet the following Monday at 10:00 a.m.

Hamilton, Montana, April 9, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Jay Unrue, County Road Superintendent, met with the Commissioners for his weekly road update. Greg Lakes, The Missoulian, sat in on said meeting. Jay explained the procedure they are using to put the new bridge in on Victor crossing. He said that they will be out patching potholes as soon as the rain quits. Commissioner Tossberg said that Larry Higginbotham said there are some bad holes on the West Fork road. He said that there is a real bad one in front of Dale Dye's house on the Old Grantsdale Road. Commissioner Tossberg said that Bob Steiner was in and said that where the Jefferson School sits there is a County road easement that dead-ends with the lab, and they want to cross that easement with a sewer line. Jay said he would have no objections to this.

Jerry Allen was in to ask the Commissioners to sign the Montana Department of Highways Agreement for Control of Noxious Weeds. It was signed by all three Commissioners.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, April 10, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Betty T. Lund, Election Administrator; and Darlene E. Hughes, Clerk and Recorder; met with the Commissioners for the appointment of the election judges. Said election judges were appointed by the Commissioners.

Judith A. Hoy and Robert D. Hoy; Robert Brown, County Attorney; and the Commissioners met for a Public Hearing on the Petition by the Hoys to Abandon a Public Road thru their property. Chairman Williams stated that a Petition had been received on November 7, 1983 and that it was a valid petition. He then read the Viewer's Report --viewers were Harold White and Larry Higginbotham. The report was signed by Larry Higginbotham. Chairman Williams stated that Notice of Public Hearing had been published on March 23, and 30th; and on April 6, 1984.

Chairman Williams asked for comments from the proponents. Robert Hoy explained the lay of the road and said it had never been used. Commissioner Tossberg asked if anyone would be affected by the road closure, or if anyone would be affected by the closure by leaving them without access to their property. He said he wanted to be sure that no one was landlocked as this would not be fair. Mr. Hoy said that Mr. Murphy, who owns 15 acres next to him, agreed with the closure by signing the petition.

There were no opponents to the petition.

Commissioner White questioned the Hoys as to the importance to them of having this road abandoned.

Commissioner Tossberg moved that they take the Hoy Petition under advisement for 10 days. Commissioner White seconded said motion. Motion carried unanimously. Meeting adjourned.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, April 11, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

At 10:00 a.m. a Park Board meeting was held. Minutes are in the Park Board file.

F. T. Williams, Chairman, signed a lease with R. D. Urquhart for Area C-26 for the hangar at the Airport, and Mr. Urquhart left a check for $101.64 for the rent.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, April 12, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Jim Carpita met with the Commissioners to negotiate Cash in lieu of Parks on Dutch Hill Ridge subdivision. The Commissioners said that according to the Reclassification figures, the property was valued from $3500 to $4000. Jim showed the Commissioners papers showing that the land was purchased for $3,000 an acre in December, 1983 or January, 1984. Commissioner Tossberg said that on another subdivision they had conceded to go to the low end of the range instead of the average, and he would be willing to do this but would go no lower. Chairman Williams said that he agreed that they should go no lower than the $3500 per acre figure. This calculates out to be $2500 for the piece of land in question. It was agreed that the Cash in lieu of parks figure for Dutch Hill Ridge would be $2500.

Ron Anderson from Montana Power Company visited with the Commissioners in regards to a light request at the airport. Chairman Williams signed the Agreement for Two (2) yard-lighting services.

Mr. and Mrs. Andrew Lloyd were in to voice a complaint on a letter they had received from the County Sanitarian.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, April 13, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Ruth Cleveland, County Treasurer, met with the Commissioners to check securities as of April 1, 1984:

Citizens State Bank----------	$ 1,480,000
Farmers State Bank----------	1,195,000
Ravalli County Bank----------	650,000
First Federal Savings & Loan----------	1,585,232
First State Bank----------	765,100
Western Federal Savings & Loan----------	1,171,561
	$ 6,846,893

Following review with Carol Jeppesen, Planning Office; and Darlene Hughes, Clerk and Recorder; the following Certificates of Survey were filed:

Occas. Sale & Rem. - In NW¼ Sec. 17-4-21 - Charles A. Gravely

Occas. Sale & Rem. - In NE¼ Sec. 9-10-20 - Donald E. Boehlke and Greg A. Leavey

Replacement Bk. 153-494 - In SE¼ Sec. 30-8-20 - Melvin J. Gaudin

Occ. Sale & Rem. - In NE¼ Sec. 18-10-19 - Jack D. Phillips

The Board adjourned to meet the following Monday at 10:00 a.m.

Hamilton, Montana, April 16, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Jay Unrue, County Road Superintendent, met with the Commissioners for his weekly road update. Gary Wiens, Ravalli Republic; sat in on said meeting. The Commissioners told Jay that there is a dead colt weighing around 150 lbs. up on the St. Mary Road and Don Mullin would like some help in digging a hole to bury it. Don Mullin, Sanitarian, came down and Jay said that his men would dig a hole for the colt. Don said he would bring it in his pickup to the location of the backhoe this afternoon.

There was some discussion on road conditions around the County and the patching that is being done. Chairman Williams gave a letter from Shag Williams to Jay on the gravel pits and Jay said that he would answer this letter. The Commissioners said that there seems to be a problem on the Bob Thoft contract. Jay said that he would talk with Bob Brown, County Attorney; on this. The Commissioners scheduled a road trip with Jay for Thursday, April 19, 1984.

Jay said that they had had their crane vandalized on the Victor Crossing bridge, and this has set them back a little, so they will not finish the bridge quite as soon as they hoped.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, April 17, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

The Commissioners made a road tour to look at the Peaceful Pines Subdivision and the Country Hills Subdivision with their proposed park.

Following review with Carol Jeppesen, Planning Office; and Darlene Hughes, Clerk and Recorder; the following plat was filed:

Eastside Estates - Amended Plat - Joseph Klucewich; SW¼ Sec. 28, T7N, R20W

Commissioner Tossberg moved that we grant final approval to amended subdivision plat of Eastside Estates, SW¼ Sec. 28, T7N, R20W, for Joseph Klucewich. Commissioner White seconded said motion. Motion carried.

Rose Goss, RCCOA, and John Wetzsteon, Goldenagers; requested that the Commissioners give consideratio to vacating a road easement on Baker Street which lies between the Golden Age Activity Building and a portion of the north fence of the Rocky Mountain Laboratory. No action was taken.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, April 18, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

The Commissioners attended a Board of Health meeting which was held in the afternoon. Minutes are in the Board of Health file.

Commissioner Tossberg moved that we grant a one-year extension for the conditional approval of Charlos Heights Orchards, Lot 8, Blk. 4, to Mr. Joe Klucewich. Commissioner White seconded said motion. Motion carried.

Jim Whitlock, Mayor of Hamilton; met with the Commissioners to discuss the boundaries to be used in the zoning by the City-County Planning Board. After some discussion, it was decided that the section lines should be used to make a square block around the City. Jim says that the Council agrees that something needs to be done, and that we should proceed with this City-County Planning Board. They first need to agree on the area it should encompass and then a Resolution will have to be adopted to appoint a Board.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, April 19, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

The Commissioners made a tour of the roads in Ravalli County with Jay Unrue, County Road Superintendent.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, April 20, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

The Commissioners received a copy of a petition from Dean and Ramona Vance for the annexation of property to the Town of Stevensville. See Permanent File Number 6980.

Charlotte Critchlow and Rob Johnson, Extension Office; came in to get the Commissioners' input on accepting a $10,000 grant which the State has offered them for a part-time 4-H aide. The $10,000 figure would be the maximum amount and everything, including fringe, would have to come from that. They feel that this money will not be cut from the federal budget, even if some other funds are cut. This

$10,000 would be given the first year with no strings attached, but after that, they would expect some match funds--maybe about 10%. Chairman Williams asked how the 4-H work compares with that in other counties. Charlotte said that we are the 5th in the State in 4-H enrollment and all of the other counties with this many do have a part-time 4-H aide. Charlotte and Rob said that over 30% of their time goes into 4-H work. Commissioner Tossberg said that his concern is the ability to terminate a program like this after it has started if it becomes too expensive--he would not want the County to have to foot too much of the bill in the second year and thereafter. Rob said that the Commissioners can back out anytime they choose, but the only problem is that when people begin to expect a service, it becomes harder to back out. Chairman Williams also expressed his concern that this could lead to an obligation for the County at a time when funds are tight and there may be the need for cutting back. The Commissioners decided unanimously that Rob and Charlotte could go ahead and accept the $10,000 for this year, but that they should make it very clear to the person hired and people using the program that this was temporary, based on whether funds are available next year.

Charles and Lillian Johnson and Marlin Foss met with the Commissioners to negotiate cash-in-lieu of parks for Ideal Acres. It was agreed that the amount required would be $6,000.00. Mr. Johnson gave the Commissioners a check in that amount, made payable to Ravalli County Park Fund.

Commissioner Tossberg moved that we adopt Resolution #336 in connection with the Hoy Petition for vacation of a roadway in Home Acre Orchards #3. Commissioner White seconded said motion. Motion carried. See Permanent File #6981.

Chairman Williams signed a Federal Assistance Contract for the Headstart Program for PA 22-Full Year Head Start and PA 26-Handicap.

Fred Munnerlyn from Marshall Cable TV came in to visit with the Commissioners about the ownership of some property on the Eastside Highway where the Volunteer Fire Station sits. They feel that this land belongs to the County and they need to cross it with a cable. They would plan to put it about 150 feet from the building, and bury it 3 feet. Commissioner Tossberg said that they would have to research this to see who owns this property and then get back with Mr. Munnerlyn.

Following review with Carol Jeppesen, Planning Office; and Darlene Hughes, Clerk and Recorder; the following Certificates of Survey were filed:

Occ. Sale & Rem. - In NE¼ Sec. 3-6-21 - John S. Benson

Occas. Sale & Rem. - In SW¼ Sec. 14 and SE¼ Sec. 15-10-20 - Mary H. Martin

Carol Jeppesen, Planning Office, presented the comments from the Planning Board on the Peaceful Pines subdivision and on the Blodgett Creek Subdivision.

The Board adjourned to meet the following Monday at 10:00 a.m.

Hamilton, Montana, April 23, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioners Williams and White present.

Commissioner Tossberg attended a Mental Health meeting in Thompson Falls, Montana.

Commissioners Williams and White were on hand to attend to office management.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, April 24, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Commissioner Tossberg attended an energy meeting in Missoula, Montana for part of the day.

Commissioners White and Williams were on hand to attend to office management.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, April 25, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Penny Hitchcock, Nina Portis, Betty Cook, Alan Applebury, and Dick Weber, Attorney; all representing the Humane Society; met with the Commissioners to ask for a financial commitment from the County for the Humane Shelter. They are in need of both capital money and operating money. They said that the City of Hamilton is willing to give a monthly operating fee, but they want to wait to see what the County will do. The representatives feel that they should start with the County and work down through the cities for donations.

Commissioner Tossberg explained that Dick Weber and the Commissioners had discussed this previously and Dick had suggested that the law states that one of the duties of the Sheriff is to work as a Humane Officer, so it appears to them that perhaps the Sheriff's office could contract with the Shelter for services of this type. He said that it would probably be an annual charge that could be paid at the beginning of the budget season and they could use the money in the way it was needed. Dick Weber mentioned his concern about the Sheriff becoming involved in this as they do not want to be in the business of picking up stray animals and would not want this to be expected of them. Commissioner Tossberg said he does not think this would happen. He said that he feels that the two attorneys should be able to work out an agreement that will suit those people involved. They have talked with Dale Dye and he has no objections as long as this complies with the law. Dick Weber said that he has a copy

this.

Chairman Williams asked the representatives from the Shelter what figure they have in mind that the County should pay. Penny said that she feels that the County should pay 50% of the building costs and 50% of the operating costs--this would be $45,000 for building and about $20,000 for operating. Penny feels that the first year the Shelter is operating will be a busy one because we have been without a Shelter for so long.

Chairman Williams asked if there is a possibility of scaling down the original building plans. Dr. Applebury said that they would be able to start the project when they have $60,000, and that there is a possibility that with volunteer labor and materials, they can come out better than the original $90,000 estimate. Commissioner Tossberg said that the law would indicate some difficulty in the Commissioners being able to donate to a capital fund, but they could pay for one year's service and give a lump-sum the first part of July, that could be used for building. He said that the Humane Association has about $3,000 in the budget now that has not been used, and is available whenever they need it.

Nina Portis asked what the Commissioners would do if they were forced to operate a County Shelter. Commissioner Tossberg said that he does not foresee getting into a situation where they were forced--they would not have the funds and would have to put the issue on the ballot and then issue bonds to pay for it if they were ever forced, so it would take quite an emergency to put them in a forced position like this. Nina asked if Revenue Sharing monies could be used for a project like this. Commissioner Tossberg explained that the Revenue Sharing monies have been used for years in operation of the County to keep the mill levy down, and now that our mill levy is at a maximum, they are used in supporting the budget.

Chairman Williams said that he is looking at the possibility of giving the Shelter $10,000 a year for three years; which would be triple what they are getting now. He said that if they did give this to the Shelter, they would expect the facilities to be built immediately.

Gary Wiens, Ravalli Republic; came in on said meeting.

Commissioner Tossberg said that he would be agreeable with the $10,000 figure. Commissioner White said that he would not want to make a commitment as his term would soon be up. Chairman Williams commented that $10,000 would cost each taxpayer about 50¢ apiece. He said that this offer is not definite--that it is contingent upon discussion with the County Attorney, but he wanted to give a tentative proposal. Commissioner Tossberg said that Dick Weber should get together with Bob Brown, County Attorney; and work out details; and then they could all meet with the Sheriff on this.

Following review with Carol Jeppesen, Planning Office; and Marilyn Keppel, Clerk and Recorder's Office; the following Certificate of Survey was presented for filing:

Mtg. Release - In SE¼SW¼ Sec. 15-5-19 - Richard Busa

and the following Amended Plat was filed:

Reloc. - Lts. 9 & 10, Blk. 6, Ravalli Farms - Arthur A. Howard

Leonard Peterson, RC & D; met with the Commissioners to discuss a movement of their organization to take over the 5-Valley Council project. They feel that they would then be able to find the needs in the valley for grant money and apply for the grants to help businesses out. They would want to appoint a subcommittee to work under the RC & D Council on this project. This might require a legal technician as they get more involved in this, and they would plan to hire one with their percentage of the money that they are entitled to. They feel that they need some revisions on their present Articles of Incorp. and By-Laws and are working on this. He said that they have chosen about seven people to serve on this committee--mostly Commissioners from the three counties involved--Mineral, Missoula, and Ravalli, and an Indian Representative. Commissioner Williams would serve on this committee from Ravalli County. They would also have two advisors to the Committee--Dick Sipes and Steve Stream.

They want to keep this a volunteer organization as much as possible and are trying to keep it from becoming a profit-making venture for a handful of people. Chairman Williams said that he would study this and would attend their meeting tomorrow night at 7:30.

Betty Lund, Election Administrator, was in to discuss putting the following issue on the ballot. It was decided that an election would be held on the 5th day of June, 1984, the primary election date, on the question of local government review and the establishment of a local study commission, which commission shall consist of three (3) positions, if the majority of the electors affirmatively vote in favor of such local review and study commission.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, April 26, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Marvin C. Parker and Louise M. Parker, his wife; Shirley Kochis, Observer, LWV; Peggy Munoz, Greg Lakes, Missoulian; Bruce Weide, Allan K. Steele, Chancy Ralls, Tom Hanson, PCI; Mike Gaudin, Carol Jeppesen, Planning Office; Don Mullin, Sanitarian; and Bob Brown, County Attorney; met with the Commissioners to discuss the proposed Blodgett Creek Heights Subdivision. Tom Hanson asked what the

conditions the Planning Board have required were. The Commissioners gave him the letter from Rose Goss, Chairman. Tom Hanson read it aloud to those present. He then went through the conditions one at a time discussing the way they propose to take care of the conditions. Commissioner Tossberg said that he has been up there 4 or 5 times this week and has checked out the shortest routes to town, considering which roads will receive the most traffic. There was a lot of discussion about water rights, wells, the possibility of pollution, the possibility of drawdown on wells, etc. Tom said that they would be closely working with the State on these problems. There was also discussion on the paving of the roads in the area and Commissioner Tossberg said that it would work into the County's plan to pave the east-west roads as they are trying to do this right now. Allan Steele said that he really feels that the density should be reduced by reducing the lots and the economics of the situation were discussed. Tom Hanson said that he would not recommend his clients to go through the subdivision review process to cut lots into 5 acre pieces because it would not be economically feasible. Chairman Williams defended the need for smaller lots in the valley, and Commissioner Tossberg said that the people should get out and zone their own areas before something like this happens if they are against it. Commissioner Tossberg gave Tom Hanson a list of 15 proposed conditions which he had worked up. Tom said he sees no problems on this. The Commissioners said that they will be looking into these problems and talking with the developers on them.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, April 27, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Commissioner Tossberg left in the morning for a Board of Investments meeting in Helena, Montana.

Commissioners White and Williams were on hand to audit the monthly claims and attend to office management.

The Commissioners signed a letter appointing Ruth Gordon to act as Justice of the Peace from Monday, April 30 through Tuesday, May 1, 1984.

Applications for Cancellation of Taxes #704, 705 and 706 were approved in the amount of $22.86.

The Board adjourned to meet the following Monday at 10:00 a.m.

Hamilton, Montana, April 30, 1984.

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Jay Unrue, County Road Superintendent, met with the Commissioners for his weekly road update. He said that he has three of his rigs out patching today. Chairman Williams said that he had received a call from Linda Masterson in connection with putting in a water line and needing a permit for a culvert. Jay said that he would take care of this if the Commissioners would refer her to him. Gary Wiens, Ravalli Republic; came in on said meeting. There was some discussion about a problem up the Mill Creek road and the damage done to the county road when a gas line was put across Marcus Street for the new delicatessen. Jay said that they were aware of these problems and working on them. Chairman Williams gave Jay a note from William T. Larson requesting that the Florence Carlton Loop be paved and Jay said that this does not fit in with the plans to do feeder roads, but that he would do a traffic count and check this out.

There was some discussion on the Moles driveway up by Darby. Bob Brown, County Attorney, came in for the discussion. The landslide in that area which has resulted from over-irrigation of the property above the road has been a continual problem for the last four years, and Jay feels there is no end in sight. It is not feasible for the County to put all of their money into one area, and Jay feels that this road should be taken off County maintenance. He said that there is another access onto the Bunk House Road, and this would be the solution to the problem. They feel that the County should notify the Moles that they can not maintain this road any longer. It was agreed that the Commissioners, Jay, and Bob Brown would go up and look at this road tomorrow at 3:00 p.m.

John Leinan from Sleeping Child Hot Springs met with the Commissioners to complain about the condition of the Sleeping Child Road. He said that the bridge is dangerous and they would like a reflective sign stating "Warning--Narrow Bridge". He is also concerned about a blind corner about 4 miles down the road from the Sleeping Child Hot Springs. They have had five cars in the water over an 18 month period in this spot, and call it "Wimp's Corner" because the wrecker has to come up there so much. He would like a sign warning people ahead of this bad curve. He said that he would also like very much to see this road paved and there was some discussion about getting the Forest Service to help with this as they are responsible for the logging on this road.

Following review with Carol Jeppesen, Planning Office; the following Certificates of Survey were filed:

Retracement Bk. 133-638, Sunnyside Orchards #4, Lts. 17 & 18, Block 16 - Robert Nelson

Retracement - Lts. 6-11, Blk. 5, W & R Addition, SE¼ 6-5-20 - Marion Miller

Reloc. Boundaries - In Govt. Lt. 7, Sec. 11-3-21 - Eddie Moore and Robert Parmenter

Reloc. Boundaries - In SE¼SW¼ Sec. 25-3-21 - Steve Conner, et al

Ag. Exemption - In SE¼SW¼ Sec. 1-1-20 Charles E. Lord

Occ. Sale & Rem. - In SE¼ Sec. 11-10-20 - Clyde Schreckendgust

Upon motion, the Board adjourned.

ATTEST:

Darlene E Hughes (Clerk and Recorder)

APPROVED: F T Williams (Chairman)

APPROVED: Harold White (Member)

APPROVED: F. B. Tossberg (Member)

---0---

Hamilton, Montana, May 1, 1984

The Board of County Commissioners of Ravalli County, Montana, met in regular session on the above date at 10:00 a.m., with the following members present: Chairman F. T. Williams, Commissioner Harold White, Commissioner F. B. Tossberg, and Darlene E. Hughes, Clerk and Recorder.

The reports of the Clerk and Recorder and County Treasurer for the month of March, 1984, were audited and found to be in balance with cash on hand in all funds in the sum of $8,886,807.30.

Upon motion made and seconded, the following claims were approved and warrants were ordered drawn in payment of same:

Larry Meyer, Attorney; Staci Walton and Ruth Cleveland, Treasurer's Office; Audrey Ebel, Stevi. Town Clerk; and Bob Brown, County Attorney; met to discuss delinquent taxes on Lots 2-15 of Blakeslee Addition to the Town of Stevensville. After some discussion, it was agreed that the best thing to do would be for the Town of Stevensville to take an Assignment on the Lots, then pay the County Treasurer to clear her from being Collection Agent. The money will then mostly be returned to Stevensville to be used there. Staci and Ruth have made many attempts to collect from the owners of these 14 lots, but have been unsuccessful. Commissioner Tossberg asked if Ruth will have any problem stalling on this for a few more days until the City Council of Stevensville can meet and have this taken care of. Ruth said this would work out okay. Bob Brown, County Attorney, said that he agreed that this would be the

Darlene Hughes, Clerk and Recorder; Betty Lund, Election Administrator; Dale E. Dye, Sheriff; Jay Printz and Ron Fisher, Sheriff's Office; Dave Demmons, Youth Court Prob.; Ruth Cleveland, Treasurer; Greg Danelz, County Supt.; Don Mullin, Sanitarian; Reba Falk; Charlotte Critchlow, Extension; Vic Vadheim, Museum; Erma Owings, Lena Bell, Henry Grant, and Don Rieger, Museum; Shirley Abel, Headstart; Robert B. Brown, County Attorney; Barbara Lindquist, Council on Aging; and Peggy Munoz and Tonia Bloom, League of Women Voters; met with the Commissioners in the downstairs conference room for the purpose of discussing the upcoming budget season and passing out the budget sheets. Chairman Williams explained the different factors that affect the county budget and said that they are looking at a 2.2% increase over last year, and a possible increase to the health insurance of $10.00 a month per person. He said that some step increases would be allowable for workers who are doing a good job, but that he did not encourage any automatic merit increases. He said that department heads should come to talk with the Commissioners on any proposed raises that they are planning before they incorporate them into the budget. He said that he would also anticipate that there will have to be some capital spending, but would appreciate having the department heads discuss this with the Commissioners also before putting into their budgets. Commissioner Tossberg said that they are still at the stage of a hiring freeze. However, the Commissioners will be hiring an appraiser on a part-time basis as they feel that the results of this will help the County in the long run. Commissioner Tossberg thanked the department heads for their cooperation last year and asked for their continued cooperation in the upcoming year.

Dale Dye said that he would be asking for another temporary jailer as there is no way that he can continue on as he has been.

Vic Vadheim asked if the money they have left in the Museum fund will be carried over--Reba Falk, Budget Clerk, said that it will be. Vic said that they were to pay $500 on the repair of the roof and had not been charged for this. Reba said she would check into this.

Dave Demmons asked if the Commissioners have checked out the possibility of a self-insurance for the County. Chairman Williams explained that they had had several people talk to them on this but that there are drawbacks and as long as they can get coverage with a low deductible, they did not want to take the risks of self-insurance. Shirley Abel asked if it would be possible for the department heads to sit in on an insurance discussion sometime. Chairman Williams said he felt this could be arranged.

Commissioner Tossberg moved that the Chairman sign Cooperative Law Enforcement Agreement No. 01-03-001 with the Forest Service--See Permanent File #6983. Commissioner White seconded said motion. Motion carried.

Commissioner Tossberg moved that J. R. Iman, Woodside Stock Farm, be given conditional approval of the Peaceful Pines major subdivision with conditions as set forth in our letter dated May 1, 1984. Commissioner White seconded said motion. Motion carried.

Commissioner Tossberg commented that they had received correspondence from James Whitlock, Hamilton Mayor, on behalf of the City of Hamilton, with the intent to create a Planning Board under Section 76-1-105, MCA.

Commissioner Tossberg moved that we agree to form a City-County Planning Board with the City of Hamilton. Commissioner White seconded said motion. Commissioner Tossberg voted Aye; Commissioner White voted Nay; and Chairman Williams voted Aye. Motion carried.

Commissioner White moved that we appoint Alvin Cote to the Ravalli County Tax Appeals Board as a temporary member of said board until we receive the resignation of Ben Nichols. Commissioner Tossberg seconded said motion. Motion carried unanimously.

Applications for Cancellation of Taxes #707, #708, and #709 were approved in the amount of $73.65.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, May 2, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

The Commissioners were on hand to audit the monthly claims and attend to office management.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, May 3, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Ned Applebury and Sue Stock met with the Commissioners in connection with the upcoming 1984-85 budget. Ned said that they do not anticipate any changes in the budget, but that they do need a small tractor for mowing and ground maintenance. Commissioner Tossberg said that this would be considered capital improvements, and should be budgeted for in the upcomingbudget. Ned said that he feels they have the money for this, but want to carry over what they have and not lose it. Commissioner Tossberg explained the budgeting process and said that the Fair will still receive the 1½ mills and the $3,500 from the General Fund that they always get. Commissioner Tossberg said that it is always good business to invite bids. Ned said that they may need to rent a tractor until the budget approval time. Chairman Williams asked if they could get some credit on the rent toward the purchase of a tractor, and Ned said that he felt they could.

Ned said that they did make a little money by running the races on Sunday last year, so they

the gate.

Both Ned and Sue said that their buildings are looking real good. They have just done some work on the Show Horse Barn foundations.

Ned said that he just sent an official letter to Shirley Abel, Headstart, so the Commissioners will be hearing on this.

The Commissioners went with Jay Unrue, County Road Superintendent, to look at the new Victor Bridge.

Following review with Carol Jeppesen, Planning Office; and Darlene Hughes, Clerk and Recorder; the following Certificate of Survey was filed:

Mtg. Rel. - In W½ Sec. 1-10-20 - Michael H. Sorum

and the following Amended Plat was filed:

Sunnyside Orchards, Lt. 15-B, Blk 8, Ray and Helen Wolfe (Sec. 6-T9N, R19W)

Commissioner Tossberg moved that we grant final approval to Amended Plat of Sunnyside Orchards, Lot 15-B, Blk 8. Commissioner White seconded said motion. Motion carried unanimously.

Dale Blackerd from Victor Orchard Tracts met with the Commissioners to ask if a person can build right on a lot line. He said that he has a 30 foot road right-of-way down in Victor, and someone (one of the Gaudins) has built right on the road and scraped up the gravel so that water will drain into the road. Both Commissioner Tossberg and Commissioner White felt that there would be no stipulation to keep people from building right up to the road. Mr. Blackerd said that he thinks they are going to block his access by parking there. Commissioner Tossberg suggested that it might be a good idea to retain an attorney to write the owner of the building and remind them that Mr. Blackerd has a 30 foot easement back to his trailers.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, May 4, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioner White present.

Chairman Williams and Commissioner Tossberg were out of the office for the day.

The Board adjourned to meet the following Monday at 10:00 a.m.

Hamilton, Montana, May 7, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

At 10:00 a.m. the County Commissioners met as an Advisory Board for the Ravalli County Human Services.

Jay Unrue, County Road Superintendent, met with the Commissioners for his weekly road update. Larry Higginbotham, County Surveyor; and Bob Brown, County Attorney; sat in on said meeting. There was some discussion as to setting up regulations with the various utilities in order to avoid problems in the future. Larry Higginbotham had talked to the Missoula County Surveyor and has obtained a copy of the resolution they are adopting. Jay said that he feels that we really do not have a problem in this area--that the utilities have always been very cooperative with them and that there would not have been a problem in the Kootenai Creek area if the Forest Service had contacted the local utilities instead of the Missoula ones. The general conclusion was to leave things as they presently are as they are working for us.

Jay said that his men are out patching. Commissioner White said that some patching is needed in the Victor area. Jay said that his crews are out and each one works from a designated area and will cover all of the roads as soon as they can.

Jay said that the Sorenson Bridge, up the East Fork, is totally rotting out and badly in need of repair. They have gone up now and put up the official barricades so that no one can cross it. Jay feels that the cheapest thing would be to reroute the bridge downstream and put in a new bridge like they did on the Victor Crossing. This would cost from $40,000 to $50,000 and the road department can not afford it. He said that this bridge serves about six families and that they do have another access route back behind the Conner store. Jay said that they have 11 bridges like this around the County that the County is to maintain, but that the roads beyond them are not County roads. Bob Brown asked if the owners of the Coultas ranch will give access for people to use this alternate road. Commissioner White said that an election would be required to raise the money for the bridge. Larry Higginbotham asked if the County would be willing to maintain the new access route if the bridge was abandoned. Jay said that they would not. There was some discussion as to what would happen to the budget if the County were forced to build this bridge. Bob Brown and Larry Higginbotham said that they would research this problem. Bob is tied up in court with the Moise Bridge trial for a couple of weeks so will not be able to get right to it. Larry said he could do some research today.

Chairman Williams spent most of the day on Jury duty in the upstairs courtroom.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, May 8, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Chairman Williams spent most of the day on Jury Duty in the Courtroom upstairs.

Commissioners White and Tossberg were on hand to attend to office management.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, May 9, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

At 10:00 a.m., a Park Board meeting was held. Minutes are in the Park Board file.

Chairman Williams spent most of the day on Jury Duty in the Courtroom.

Commissioners White and Tossberg were on hand to attend to office management.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, May 10, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Willy George from the Job Corp met with the Commissioners to discuss the condition of the West Fork Road. Greg Lakes, The Missoulian, sat in on said meeting. Willy wondered why it took so long for the road department to get at the West Fork Road this spring, and why they did not tamp down the oil mixture when they put it in the holes so that it would hold. Chairman Williams explained that the frost had not gone out of the ground earlier and that the County has limited funds and limited crews and they work on a schedule and get to things as soon as they can. The Commissioners said that they would check this out with Jay and get back with Willy.

Following review with Carol Jeppesen, Planning Office, the following Certificates of Survey were filed:

Retracement - In SW¼NW¼ Sec. 7-5-20 - Aaron Hawkinson

Retrace. Bk 107-188 - In Govt. Lt. 2, Sec. 35-4-21 - Ernst Simmons

Adjust Bdry. line - In NE¼ Sec. 21-6-21 - Gordon W. Bingtson and Mark E. Rhodes

Reloc. Bdry. - In SW¼ Sec. 8-5-20 - Dee Shook and Jim Mildenberger

20+ parcel in Sec. 3 & 4-1-21 - Kathryn Mickens

Occ. Sale & Rem. - In NW¼NW¼ Sec. 11-3-21 - Naomi R. Bartel

Commissioner Tossberg moved that we grant conditional approval to Blodgett Creek Heights, and the approval be granted in accordance with the letter which will be dated today. There was no second to said motion. A roll call vote was taken. Commissioner Tossberg - Aye; Commissioner White - Abstain; Chairman Williams - Aye. Motion carried.

Chairman Williams spent part of the day on Jury Duty in the upstairs Courtroom.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, May 11, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Vester Wilson and Bob Brown, County Attorney; met with the Commissioners in connection with the Darby Disposal. Vester said that he has no objections to the requests made by the Board of the Darby Disposal, but he would like to be sure that both commercial haulers have to abide by the same stipulations. Commissioner White stated that he sees no fault in Mr. Greenup letting his son dump whatever he wants in the landfill. Vester said that he feels that Mr. Greenup has contracted with the district and that everyone should abide by the same rules.

Joseph DeMasi met with the Commissioners in connection with the access of Country Hills Subdivision. The Commissioners said that they would check into this.

Bob Cutler met with the Commissioners with a complaint that he was told at the Sanitarian's Office that it will take two weeks for paper work at the County level and a couple of months at the State level on some property owned by Nan Groenveld that Mr. Cutler has a sale for. He said that he has a sale for this property and sees no reason for it to be held up this long. Commissioner Tossberg said that he would inquire about this and see if they could speed it up some. Bob Brown, County Attorney said that it had been his experience that when you try to speed things up at the State level, it takes even longer.

Commissioner Williams was on Jury Duty in the upstairs Courtroom for most of the day.

The Board adjourned to meet the following Monday at 10:00 a.m.

Hamilton, Montana, May 14, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Michael W. Rodriquez, 363-5311, was in to inquire about job openings in the County--the State of Nevada will pay his wages for six months to get him started in Montana if he can find a job within the next few days. He has done some logging, ranchwork and cooking, but would not want to do cooking any more. He said that his employer would not be obligated to keep him beyond the six month period, but he would like a statement that his work was satisfactory.

Jay Unrue, County Road Superintendent, met with the Commissioners for his weekly road update. Gary Wiens from the Ravalli Republic sat in on said meeting. The Commissioners commented that the water in the river has risen and there was some discussion on the Victor Bridge. Chairman Williams told Jay of Willy George's complaint about the West Fork Road. Jay said that his men do roll the hot mix into the patch-holes. Commissioner Tossberg asked if he had understood right that Jay could do

have to be limited as to what went over it. The Commissioners told Jay about Michael Rodriquez's offer to work for six-months being paid by the State of Nevada. Jay said that he would be willing to put him to work as long as they could see to it that there were no strings attached. The Commissioners said that they would discuss this with Dale Dye first and see if he can use him.

Jay said that he will be getting the fuel contracts out for bid this week.

Jay expressed a desire to have some backing from the Commissioners in enforcing the rules around the County that people keep their irrigation water off the roads and that people keep their fences back off the right of ways. After some discussion, it was decided that the Commissioners would ask Bob Brown, County Attorney, to attend the next road meeting and maybe something can be set up so that these rules can be more easily enforced.

Chairman Williams asked how Jay is coming with getting the phone company to repair the culverts they have damaged. Jay feels that the phone company will take care of this as soon as they can.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, May 15, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioners White and Tossberg present.

Chairman Williams and Slim Warren, Custodian; attended an energy meeting in Missoula, Montana.

Following review with Carol Jeppesen, Planning Office; and Darlene Hughes, Clerk and Recorder; the following Certificates of Survey were filed:

Occ. Sale & Rem. - In SW¼NE¼ Sec. 6-5-20 - Ralph I. Waliser

Gift to Family - In NE¼ Sec. 34-7-21 - Opal F. Norton

and the following Amended Plat was filed:

Dutch Hill Heights, Amended Plat of Lt. 1 - Steve and Jan Edens

Commissioner Tossberg moved that we grant final approval to the amended plat of Lot 1, Dutch Hill Heights. Motion carried.

The following Final Major Plat was filed:

Heaps Addition - Sec. 5, T6N, R20W - Lynn & Judith Heaps

Commissioner Tossberg moved that we grant final approval to Heaps Addition, Phase I. Motion carried.

Jim McNairy, a Darby school teacher, talked with the Commissioners in connection with his desire to set up a summer tennis program in Darby and in Hamilton. Commissioner Tossberg suggested that he talk with Frank Bedey, Westview Principal, in connection with the Westview courts, and to the City on the courts over by Safeway.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, May 16, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Duane Daubenberger from Hall-Perry Equipment came in to ask the Commissioners if they plan to buy any equipment or asphalt this year. The Commissioners told him that he would need to talk to Jay Unrue on this--he said he would go talk with him.

The Commissioners attended a Board of Health meeting which was held in the afternoon. Minutes are in the Board of Health file.

The Commissioners accepted the resignation of Herald R. Cox as Health Officer for Ravalli County. Fritz Bell has been appointed to serve as the new Health Officer.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, May 17, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioner White present.

Commissioner Tossberg went to Helena to testify at a Northwest Power Planning Council meeting.

Chairman Williams went to Coeur d'Alene to a Council on Aging meeting.

Commissioner White was on hand to attend to office management.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, May 18, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioners White and Tossberg present.

Chairman Williams attended a Council on Aging meeting in Coeur d' Alene.

Eddie Buresh from Johnson Controls met with the Commissioners to ask how they are coming on their energy conservation project. Commissioner Tossberg explained that they do plan to do something but have not made any decisions.

Ilene Hallich met with the Commissioners to request the opportunity to take over the ambulance billing for the County. She feels she could possibly save the County some money. She worked for Arrow Ambulance as their office manager for many years and knows a lot about this. Commissioner Tossberg explained that she should talk with Dale Dye on this and see how he feels; Commissioner Tossberg said

Rob Johnson, Charlotte Critchlow, County Extension Agents; and Bill Peterson, their supervisor from the State; met with the Commissioners to discuss the upcoming budget. In connection with Capital Outlay, the Commissioners saw no objection to purchasing the VCR for $500, but said that they would have to give some consideration to the other items that would raise the budget.

Don Mullin, County Sanitarian; Jim Carpita, Engineer; met with Commissioner Tossberg in connection with Country Hills Subdivision. Don presented the letter from the Planning Board. There was some discussion as to what the Commissioners will be requiring before they give conditional approval on this subdivision. Jim was a little concerned about the requirement from the Planning Board about consulting a biologist on the wildlife preservation--he feels they are doing everything they can to help in this area. Commissioner Tossberg said that they would probably just require a letter to the biologist asking for any further suggestions to help preserve wildlife--he said the letter should state that there is a major subdivision going in that will allow people to have horses and cows so that the biologist knows what he is dealing with.

The Board adjourned to meet the following Monday at 10:00 a.m.

Hamilton, Montana, May 21, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Jay Unrue, County Road Superintendent, met with the Commissioners for his weekly road update. Bob Brown, County Attorney, sat in on said meeting. There was some discussion about the rising water and the problems on the roads. Jay said that the Victor Bridge was open for traffic.

Jay explained the problems with people letting their irrigation water run on the roads and the encroachments of road signs along the road right of ways. Jay said that he talked with Dale Dye on this and he feels they should document the incidents and if they do not get results, have Dale send out a deputy. Jay does not want to do this kind of thing, but feels he has to do something to put a stop to this. Jay said that he is also having problems with dirt bikers who are spinning-out on the roads and making more grading necessary. Bob Brown commented that these bikes are not licensed to run on roads and the Sheriff's office could cite these people and this might slow them down a little. Bob said that he would get together with Jay and work out a form letter to warn people that are encroaching on the roads with signs and fences, and if these warnings are ignored, they will then be in a position to take action to abate the offenders. In connection with the water on the roadways, Bob suggested that it may be necessary to send one of Dale's men out to make people more aware that they need to abide by these rules.

Commissioner Tossberg said that he had received a complaint from Marty Simpson that there was a lot of speeding on the Grantsdale Cut-off road. Commissioner Tossberg said he had checked this out and it is posted on the West end, but not the East end. Jay said that this is posted through Grantsdale and the rule follows until the signs change to resume speed. Commissioner Tossberg said that he had also received a complaint on Center Street in Grantsdale. There are some real big holes out there and they need some gravel in them. Jay said he would take care of this.

In connection with the Sorenson Bridge, Bob Brown said that he feels that it is best to leave it barricaded and not try to patch it up for light loads as someone may try to go over it with a heavier load and go through. He said that a meeting should be set up with the property owners. Jay said that he would set one up for a Monday morning at 11:00 a.m.

Bill Winn, Alcohol Action, met with the Commissioners to give them a third quarter goal achievement report and the goals and objectives for the upcoming year. They are required to handle 20 people per full time counselor, so need a case load of 50 to meet their requirements, but they carry a significantly larger case load. Bill is looking into other methods of funding as he is afraid the State funding will run out. They have a sliding fee scale for their clients, and everyone pays something They would like to receive the comments from the Commissioners by June 1, 1984, as this is part of the basis on which they apply for their state grant.

Dale Dye, Sheriff; John Vugteveen, Rocky Mtn. Communications; and Bob Metcalf, Sula Fire Dept.; met with the Commissioners to discuss the purchase of a repeater for the Sula Fire Dept. John has donate the major part of the equipment. It will cost $913.30 plus maintenance of about $40.00 per month. The maintenance is for the pole space, tower space, and utilities involved. This will increase their budget by $500 for this and they would like to leave $1,000 in to cover the repeater and any additional expenses which might come up. They will also need to increase their utility budget by another $500 as the rates have gone up with Ravalli County Electric, and will continue to go up further. Reba Falk, Budget Clerk, came in to discuss the possible changes in the budget. Bob Metcalf said that the fire dept would like to build onto their present fire hall so that they will have a place to park the Quick Response Unit vehicle. They feel they can do this for $1500 or less with the volunteer help available. The Commissioners agreed to the purchase of the repeater from John Vugteveen and the addition to the fire hall. This should be budgeted for in their upcoming budget.

Jim Carpita met with the Commissioners to discuss a rough draft the Commissioners had prepared in connection with the conditional approval of Country Hill major subdivision. Commissioner Tossberg sai

should discuss this with him. Commissioner White said that he has a problem with requiring lower fences to protect the wildlife as he feels that the landowner should have the ability to fence out the wildlife as they choose. Denis Applebury, surveyor; came in for the discussion. Commissioner Tossberg suggested that the Commissioners may require that the subdividers require anyone building a new home in that area to make it energy conservative. Jim said that he feels this should be the choice of the homeowner. Commissioner Tossberg said that the energy people are serious about this and he feels that something should be started at the County level to start enforcing the new regulations. He gave Jim some copies of articles on the subject.

Don Mullin came in to introduce Larry Fenster, a new employee in the Sanitarian's Office, to the Commissioners. He also brought the contract that would cover Larry from today through the end of the fiscal year, which Bob Brown prepared. Commissioner Tossberg called Bob Brown, and he said that he sees no problem with the contract. He said that this contract does not let the County out of Workmen's Comp. or Social Security. A new contract will have to be made in July if everything works out. Don does not feel that Larry will need any overtime as he should be able to schedule his inspections within the working hours. Larry said that this contract was fine with him. Commissioner White moved that the Commissioners accept said contract. Commissioner Tossberg seconded. Motion carried. Contract is in Permanent File #6986.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, May 22, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioner White present.

Commissioner Tossberg was out of the office for the day.

Chairman Williams attended a Council on Aging meeting in Polson, Montana.

Commissioner White was on hand to attend to office management.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, May 23, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioners Williams and White present.

Commissioner Tossberg was out of the office for the day.

The Commissioners received a letter delivered by Robin G. Groeschel from her and Michael T. Moshenko in connection with Country Hills subdivision.

Jim Fors, Insurance Agent, met with the Commissioners to discuss self-insurance for the County. He said that they are working with a wellness program to make people aware of how they can take care of themselves and reduce the chance of getting sick. They are also working with some providers who are willing to provide service at a lesser rate. They plan to offer an incentive for people who cooperate with these services. He said that he is aware that MACO is working on providing self-insurance for the Counties through their organization, however, he feels that they would be better off encouraging the Counties to get into their own self-insurance programs. He said that on the wellness programs, they have found that 30% of the people will try to improve their health by doing what is suggested, 30% will watch and see what happens and then may do something after they see the success of the first 30%. The other 40% probably will not change what they are doing. He said that they give schools to educate people concerning the less expensive way to treat things. He said that with self-insurance the employees generally cooperate better because they can see direct results. They average a 3-7 day turnaround on claims. He said that they have carried self-insurance on as few as 6 employees and were successful with this. Chairman Williams asked for projections within two weeks. He said he would call and request the needed information from the Commissioners. He said that they would plan to retain all current benefits for the employees so that nothing would be lost. Chairman Williams asked about consolidating with someone else such as the City. Jim said that this usually takes away the incentive of the employees as they may be paying for someone else's illness that they do not even know. He said they had tried this with the school districts and ran into some problems.

Everett Curdy came in to visit with Chairman Williams on the Summerdale Orchard Park. He said that the park people feel he has encroached on their property. He said he moved the fence over about 6 feet for 120' along the side and part of this is in the draw, he had previously given the park about 4 or 5 feet on the South side, running the full length of the park because the fir trees were there and the cows were crowding the fence so he moved it over. He said he had talked with the Commissioners at the time he did this and they said they could see nothing wrong with this.

Mrs. Bill Frost came in to inquire about road maintenance on Frost Lane. She said that her deed said this is a County road to be maintained by the County. She said that this road serves three families and it would really help if the County would grade it a couple times a year. The Commissioners explained that if they did it for her, they would have to do it for everyone else. She said it was about a quarter of a mile of road. The Commissioners said that they would check this out and give her a call--961-3549.

Following review with Carol Jonasson, Planning Office, the following Certificates of Survey

were filed:

20.06 acres in NE¼ Sec. 2-6-21 - David Camper

Ag. Exemp. - In Govt. Lt. 4, Sec. 23-4-21 - Tish Harding

In NE¼ Sec. 8-6-20 - Occas. Sale and Rem. - Family Conveyance - John M. Bibb

Occ. Sale & Rem. - In SE¼SW¼ Sec. 26-6-21 - Donald Hill

Occ. Sale, Rem. and Gift to Family - In NE¼ Sec. 9-10-20 - Jimmie L. Zeiler

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, May 24, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioners Williams and White present.

Commissioner Tossberg was out of the office.

Lee Tieken who lives up Alberta Way, Victor, talked to the Commissioners about the maintenance of a short new piece of road by his house. He said that the County has been in there grading. The Commissioners said they would check this out.

Commissioner White moved that we grant an extension of the conditional approval of Alder Acres II to Warren E. Drew, effective from June 1, 1984 to June 1, 1985. Motion carried.

Loreto Tessicini was in to discuss his request to be on the City-County Planning Board.

Following review with Darlene Hughes, Clerk and Recorder; and Carol Jeppesen, Planning Office; the following Certificates of Survey were filed:

Crt. Order - In SW¼ Sec. 12-10-20 - Buddy Crist and Glen W. Maclay

Occ. Sale & Rem. - In SW¼NW¼ Sec. 14-6-20 - Jones, Rizzo, and Lake - Three R Properties

Occ. Sale - In SW¼NW¼ Sec. 2-2-21 - Kristina A. Mackey

Commissioner White moved that we grant conditional approval to Hamilton Heights, Amended Plat, Lot 12, Blk. 11, subject to the conditions from the Planning Board. Chairman Williams seconded said Motion. Motion carried.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, May 25, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioners Williams and White present.

Commissioner Tossberg was out of the office for the day.

Mr. Tieken from Alberta Way was in again to discuss the maintenance of his road.

The Board adjourned to meet the following Tuesday at 10:00 a.m., because of the Memorial Day holiday.

Hamilton, Montana, May 29, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioners Williams and White present.

Commissioner Tossberg was out of the office for the day.

Following review with Carol Jeppesen, Planning Office, the following Certificates of Survey were filed:

Occ. Sale & Rem. - In SE¼ Sec. 33-2-21 - Kristina Leona Fandry

Occ. Sale & Rem. - In SW¼ Sec. 16-9-20 - Wesley H. Douglas

Occ. Sale & Rem. - family conveyance - In SE¼NE¼ Sec. 13-5-21 - Darrell M. Binkerd

Occ. Sale & Rem. - In S½ Sec. 16-9-20 - James W. Painter, et al

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, May 30, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioners Williams and White present.

Commissioner Tossberg was out of the office for the day.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, May 31, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioners Williams and White present.

Commissioner Tossberg was out of the office for the day.

Winona Linn, and Frank and Sally Brutto met with Chairman Williams in connection with Ravalli County Council on Aging business.

Due to a request by the Auditor, Ron Foltz, that the Commissioners become more involved with the payroll process, Chairman Williams delivered the paychecks to the Sanitarian, Planning Office, County Extension Office, and to employees in the Public Health department.

Upon motion, the Board adjourned.

ATTEST:

Darlene E Hughes
(Clerk and Recorder)

APPROVED: F T Williams
(Chairman)

APPROVED: Harold White

APPROVED: [illegible]

Hamilton, Montana, June 1, 1984

The Board of County Commissioners of Ravalli County, Montana, met in regular session on the above date at 10:00 a.m., with the following members present: Chairman F. T. Williams, Commissioner Harold White, Commissioner F. B. Tossberg, and Darlene E. Hughes, Clerk and Recorder.

The reports of the Clerk and Recorder and County Treasurer for the month of April, 1984, were audited and found to be in balance with cash on hand in all fund in the sum of $7,976,307.28.

Upon motion made and seconded, the following claims were approved and warrants were ordered drawn in payment of same:

Commissioner Tossberg was out of the office for the day.

Glen Scanland from Nordheim road was in to say that he needs his road graded.

A letter was written to W. A. Groff, President of Farmers State Bank, in connection with releasing the letter of credit on Mel Gaudin's subdivision--Victor 8 & 9.

Jim Courtney, State Auditor, was here to audit the District Court Grant.

The Board adjourned to meet the following Monday at 10:00 a.m.

Hamilton, Montana, June 4, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m. with Commissioners Williams and White present.

Commissioner Tossberg was out of the office for the day.

Jay Unrue, County Road Superintendent, met with the Commissioners for his weekly road update. Chairman Williams said that he had received a visit from Fred Bray, who said he is willing to build the road within the right of way on North Gold Creek road and put in the necessary culvert, but wants assurance that no one will disturb this when it is finished. Chairman Williams has discussed this with Bob Brown, County Attorney; and they do not feel they can give this assurance. There was some discussion as to the responsibilities that Mr. Bray would be assuming if he builds this road. Jay said that he feels that the benefits to Mr. Bray would outweigh the responsibilities.

Chairman Williams said he had received a call from a Corvallis resident complaining about a pile of debris left on the Willow Creek road. Jay said they will get this moved. Chairman Williams said he had received a complaint from Vern Woolsey on the way the utility companies had repaired the road after cutting across the pavement. Jay said that there are cracks in the roads all over the valley and they can not blame the utility companies for this as this is just something that happens to the roads in the course of time.

The Commissioners explained complaints received from Glen Scanland on Nordheim Lane and Alice Frost on Frost Lane that their lanes are not being graded. Jay said that they are not on the maintenance system and that the road department can not cover all of these roads.

Commissioners Williams and White went with Jay to check out the new Victor Bridge, which is now completed and being used.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, June 5, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Dennis Schmidt from Bitterroot Distribution, Stevensville; Marilyn Keppel, Clerk and Recorder's Office; and Jay Unrue, County Road Superintendent; met with the Commissioners to open bids for gas, diesel, and asphalt in accordance with the advertised Call for Bids for 2:00 this day. Bids were as follows:

Item 2	1.04192
Item 3	.8874

Commissioner Tossberg moved that we accept the Koch Asphalt Co. bid on the asphalt as submitted. Commissioner White seconded said motion. Motion carried.

Commissioner Tossberg moved that we make the decision on the unleaded and leaded gasoline and diesel fuel (#2) no later than Friday, June 8, 1984, at 10:00 a.m. Commissioner White seconded said motion. Motion carried.

Commissioner Tossberg moved that we grant conditional approval of Country Hills subdivision as outlined in our letter. A roll call vote was taken: Tossberg - Aye; White - Nay; and Williams - Aye. Motion carried.

Commissioner Tossberg moved that the Chairman of the Board of County Commissioners send a letter to the WIC program stating that the County will pay up to $2600 toward the Fiscal 1984-85 rent. Commissioner White seconded said motion. Motion carried.

Following review with Carol Jeppesen, Planning Office; the following Certificates of Survey were filed:

Occ. Sale & Rem. - Ag. Cove. In SE¼ Sec. 33-2-21, Govt. 2-4, Sec. 3-1-21 - Mickens, Daum and Winters

Occ. Sale & Rem. - In S½NE¼ Sec. 10-3-21 - Daniel Huggans

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, June 6, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

The Board of County Commissioners of Ravalli County, Montana, met, according to law, as a Board of County Canvassers in the Commissioners' Office at the County Courthouse in the City of Hamilton, the County Seat, on the 6th day of June, 1984, for the purpose of canvassing returns and declaring results of the Primary election held in the County of Ravalli on the 5th day of June, 1984. Present: F. T. Williams, Harold White, F. B. Tossberg, Betty Lund, and Darlene Hughes. For official returns, see records in the Clerk and Recorder's office.

Commissioner White moved that we adopt Resolution #337 setting the salaries for the elected officials for the 1984-85 fiscal year. Commissioner Tossberg seconded said motion. Motion carried unanimously.

Fred Bray was in in connection with opening up the public access on North Gold Creek Road. He is willing to supply the culverts in two places. Chairman Williams explained that this would be Mr. Bray's responsibility and that Mr. Bray would have to take care of the fences--the Commissioners said Mr. Bray should talk with Bob Brown, County Attorney, as to the manner in which to notify the Fosses of his

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, June 7, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Chairman Williams signed Reimbursement Request #8 and Reimbursement Request #9 for the Hamilton Airport project, and they were mailed to the FAA.

Commissioner White moved that we accept the contract of Ronald Paul Foltz for Fiscal Year 1983-84 for Ravalli County for auditing in the approximate amount of $9,775.00. Commissioner Tossberg seconded said motion. Motion carried.

Because of a possible conflict of interest, Commissioner White did not sign the final plat of Curlew Homes subdivision.

Commissioner Tossberg moved that we grant final approval to the Curlew Homes subdivision and that the final plat be filed. Motion carried.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, June 8, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Commissioner Tossberg moved that the contract for unleaded gas be given to Bitterroot Distributing Co., Inc. Price was $1.005 per gallon for transport quantities and $1.035 for 200 gallon minimum loads. He also moved that the contract for #2 Diesel be given to Bitterroot Distributing Co., Inc., at a price of .887 for transport loads, and .917 for smaller lots, and with respect to that bid, it is understood that payment must be made within 10 days of delivery to receive these prices. Commissioner White seconded said motion. Motion carried.

Ruth Cleveland, County Treasurer; Lincoln and Chuck Shonkwiler, Ravalli County Bank; met with the Commissioners to say that the bank is unsatisfied with the percentage of interest they are receiving on registered warrants. They would like to increase their percentage from 8% to 10%. Commissioner Tossberg said that he has no objections to this increase as long as they provide that the rates will drop when the interest rates go down. There was some discussion on what to do about changing interest rates. Commissioner Tossberg suggested that we might find some well-to-do people to carry these warrants.

It was agreed that the interest rates should be checked into every quarter. The Commissioners said that they would work with Bob Brown, County Attorney, to make up a Resolution to get this taken care of, and that this be renegotiated the first of each quarter thereafter.

Commissioner White moved that we adopt Resolution #338 raising the interest rates on registered warrants to 10%, effective June 11, 1984. Commissioner Tossberg seconded said motion. Motion carried.

The Board adjourned to meet the following Monday at 10:00 a.m.

Hamilton, Montana, June 11, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with no members present.

The Commissioners went to the MACO meeting in Kalispell, Montana.

Petition was received from Fred Bray, North Gold Creek Loop, to open up County road.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, June 12, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioners White and Tossberg present.

Chairman Williams attended a MACO meeting in Kalispell, Montana.

Following review with Carol Jeppesen, Planning Office, and Darlene Hughes, Clerk and Recorder, the following Certificates of Survey were filed:

Occ. Sale & Rem. - In NE¼SE¼ Sec. 13-5-21 - Leslie Groeneveld

Ag. Exempt. & Retracement - E½SE¼ Sec. 7-2-20 - Kathryn Wilson a/k/a Kathryn Robbins

Occ. Sale & Rem. - In NW¼ Sec. 3-10-20 - Alan Rossi

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, June 13, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioners White and Tossberg present.

Chairman Williams attended a MACO meeting in Kalispell, Montana.

At 10:00 a.m., a Park Board meeting was held. Minutes are in the Park Board file.

Shirley Maydole, representing Montana Women in Timber, a support group for the timber industry, met with the Commissioners to explain their views on what is happening with timber in the valley. She said that she had recently attended a meeting in Kalispell where Melcher, Baucas, Schwinden and several others spoke and encouraged their group to talk with their County Commissioners on their viewpoints. She said that 50% of the income in Western Montana is related to the timber industry, and that this industry now generates around $9 million in the county. She said that 1400 people and their families are directly involved with this industry. She said that her group was very disappointed in Gov. Schwinden's recommendations to put 74,000 more acres into wilderness area as 27% of the Bitter Root

already locked up for various studies and wilderness area. Commissioner Tossberg commented that he had always felt that this land could be removed when the need arises. He explained that the County gets some PILT money from the wilderness areas, as do all of the western Montana counties. Commissioner Tossberg said that he understands that one mill in the valley could cut all of the timber that is brought in. Shirley said that the amount the Forest Service used to sell would supply all of the mills, but the mills can process 60 million board feet and the Forest Service is only selling 35 million board feet now, so this probably does have some affect on the closing of the mills.

Mike Flanagan and Ilene Hallock met with the Commissioners to discuss some problems on the Tin Cup Subdivision.

James Jones from the St. Mary's Road area came in to say that the road signs had not been changed according to what the Commissioners had promised on December 15, 1983. Commissioner Tossberg said that we would send a copy of the Commissioners' minutes to the road department and request that this be done.

Rose Hughes met with Commissioner Tossberg to get his signature on a Veteran's Administration paper to get help for her husband who is ill.

Application for Cancellation of Taxes #710 was approved in the amount of $440.33.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, June 14, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioners White and Tossberg present.

Chairman Williams was out of the office for the day.

George Rummel and Bill Rummel, House of Insurance; Bob Brown, County Attorney; Reba Falk, Administrative Assistant; met for the insurance bid opening as advertised for 2:00 p.m. Bid received from Bob Thomas Insurance was opened and read, with a total bid of $39,042.97. The bid of the House of Insurance was opened and read, with a total bid of $33,403. However, the Errors and Omissions figure on the Liability insurance was not included in this bid as George and Bill Rummel had not received their telephone call from the company involved giving them the bid.

Commissioner Tossberg moved that we take these bids under advisement and render a decision no later than June 20, 1984. Motion carried unanimously.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, June 15, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

George Rummel, House of Insurance; Fred Thomas, Bob Thomas Insurance; and Bob Brown, County Attorne met with the Commissioners in connection with the insurance bids. Commissioner Tossberg moved that we accept the insurance bid made by the Bob Thomas Insurance Agency in the amount of $39,042.97. Commissione White seconded said motion. Motion carried unanimously. Commissioner Tossberg then asked that Fred Thomas provide some assurance on the Errors and Omissions clause that it will stay as bid.

Ted Odmark from Country Hills Subdivision came in to visit with the Commissioners about the public access to his subdivision. He said that the County Attorney had made two suggestions for him to resolve the access problem, neither of which he feels are satisfactory. He suggested that Mr. Odmark petition for a County road and go through the public hearing process, or contact the State and get proof from them that when they granted access to Lincoln Green, it was to pass on to the successors of the land. Mr. Odmark said that his attorney, Sam Haddon, has said that either an easement is public, or it is private, so that the Commissioners should determine it one way or the other. Commissioner Tossberg explained that the Commissioners are not in an adverse position with Mr. Odmark on this subdivision--they are just trying to work out a solution to this problem. He explained that the Commissioners have had relatively little public input on this subdivision compared to other subdivisions they have worked with. Bob Brown, County Attorney, explained that this road had been officially closed through petition, hearing, and order and then the County Commissioners just issued a resolution later to open it up, and County Commissioners do not have the authority to do this, so the road is still officially closed. The action taken by previous Commissioners was improper and ineffective. Bob feels that he should clarify the access through the State as this is state land. Bob said that as far as the County is concerned, this is not a County road, they have no jurisdiction so they need to find out from the State what their intent was when they gave access to Lincoln Green. Mr. Odmark said that the person who gave access to Lincoln Green probably is not even available, and Bob said that it was done in 1974 so someone should be able to check this out without too much problem. Bob Brown, County Attorney, said that all that would be necessary from the State Agency is a letter to show that at the time this was granted to Lincoln Green Co., it would be an easement running with the land. He said that simply a letter of this type would suffice. The title insurance company should be able to obtain this with a phone call.

Bob said that there is a third alternative, and that would be for Shelley Oertli to write title insurance on this property and the access.

The Commissioners asked if this was the only conditional approval provision that bothered Mr. Odmark, and he said that it was--the rest would be no problem. They asked how he felt about the cash-in-lieu-of-parks money that will be required, and Mr. Odmark said that he is willing to comply with whatever the standard is.

Bob Brown said that the title commitment for access is sufficient too if the title company would guarantee access. The County just wants to be sure that anyone coming in and buying this property can get to it without facing any law suits.

Following review with Carol Jeppesen, Planning Office; and Darlene Hughes, Clerk and Recorder; the following Certificate of Survey was filed:

Retracement - Vol. 148-912, Riverview Lt. 1, Blk. 39 - Hubert Huber

and the following Amended Plat was filed:

Home Acres Orch. #3 - Tr. 2 Am. Pl. #33, Lt. 1 & 2, Blk. 2 - Howard Jacobson

The Board adjourned to meet the following Monday at 10:00 a.m.

Hamilton, Montana, June 18, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Bob Brown, County Attorney; Jim Haynes, Justice of the Peace; Allen Horsfall, Probation Officer; and Nancy Sabo, Justice of the Peace; met with the Commissioners to discuss the Public Defender position. The Commissioners explained that George Corn had been in to say that the position was not working out financially. He has asked for $25,000 a year instead of the present $10,000.00. Bob Brown has had the claims pulled that have been submitted by George and said that he found six cases where George did not claim extra money for handling conflicts in felony cases, so when he submits the claims for these, this should help him out some. The need to appoint attorneys for those arrested for drug and alcohol abuse was discussed. This requires a jail sentence, so the need for an attorney is automatic. Allen commented that there is a real urgency on the juvenile cases and they need fast court access, and that an attorney with a heavy case load can not fill this need adequately. He feels that handling all juvenile and misdemeanor cases would put too much strain on any one attorney--that cases of this nature are emotionally draining, and would be for any attorney.

Nancy Sabo said it makes no difference to her whether the Commissioners contract for the Public Defender, or rotate between the attorneys. She said she has been making an effort to get the clients to pay back at least some of the cost of a court-appointed attorney. She said that she has found George to be real busy, but that they have worked well together. Jim said that his experience with George has been with misdemeanors which Peggy Tonan has worked out in advance and he has no problem, but he agrees that there is a real difference between misdemeanors and juveniles. He said that he has called George Corn on felonies and posting bonds and wonders if this should be Gerald Schultz's responsibility. Bob Brown said that this would be something that Gerald Schultz should take care of, but apparently they work together real well and refer things back and forth.

Allen said that he anticipates a real increase in his case load. He said that in the calendar year 1983, he had about 40-45, but already has about 30 this year in the first six months.

Jim Haynes said that he had budgeted for 5/6ths of his salary as he intentionally wants to cut his time. He feels that the Justice of the Peace job is too much clerical, and that Judy Bruce could easily assume some more of this clerical work if they can free her from some of the cumbersome reports that the State requires. He would like to see the J.P. system get a computer terminal and put some of these things on that. He said that Mugs has volunteered Katie Melany to help out over at the J.P. desk and Katie is agreeable with this too. There are also some jobs she could take into the District Court office and work on there. Jim hopes that he can eventually get his time down to one-half. Commissioner Tossberg commented that there is some logic to this as we are this year combining the budgets of the District Court, Justice Court, and Probation. Jim said that another advantage of his going part time is that they are short on space and this will release some of the space so that they can get by for a longer period of time. He said that this will also allow him to pursue his private practice.

Commissioner Tossberg asked that Jim and Nancy check with some of the other counties and see if they have a Justice of the Peace program for the computer.

Jay Unrue, County Road Superintendent, met with the Commissioners for his weekly road update. Commissioner Tossberg said that Dean Whitesitt had called relative to the Stevensville road to Highway 93. He said that he had seen a car have a blow-out on that stretch of road. Jay said that they are in the process of taking care of this road.

Commissioner Tossberg said that he understands that the Sorenson Bridge people will be in next Monday for the road meeting. Jay said that they have permission to salvage steel in the silver bridge up where the East Fork and West Fork roads meet, but do not know if this will help with the Sorenson Bridge situation. Jay will be writing a letter to get this tied up so that they will be sure to get these materials when the new bridge goes through.

Chairman Williams commented that the West Hills Road people are pleased with the thought of having their road paved. Commissioner Tossberg showed Jay a letter from the people on Klement Lane thanking Jay for paving that road.

Commissioner White said that he had received two complaints. Up North Birch Creek the shoulder of the road has broken off, and at the end of Bailey Lane, there is a big wash-out. Jay said he would check these out.

Chairman Williams told Jay about a new sanding operation he had witnessed at the MACO meeting where the sand is thrown out ahead of the hind wheels to give more traction. There was some discussion on this and Jay said he would check into this.

Chairman Williams said that he had received a complaint from his neighbor up Sheafman Creek where seven people have gone through his fence in the last year. Jay said that he would check into this and see if he could do something to slow people down in this area.

Shirley Maydole from the Montana Women in Timber came in to bring a report for the Commissioners to read showing the board feet sold by the Forest Service and the restrictions put on the sales for protecting the beauty of the forests.

Bill Winn, Ravalli County Chemical Dependency, met with the Commissioners to get some feedback on their goals and objectives for the upcoming year, to ask for continued funding, and to discuss the need for continued commitment of the administrative monies and the need for more funding, if possible, to hire a full-time youth worker. He said that they took in $14,000 last year and have made a consistent effort to collect from people using their services, and will continue to do so. He said that about 3/4ths of the DUI people are paying now. They will not need any more funds to continue as they are now, but Bill feels a real need for this youth worker position with the rising problems with alcohol in the schools. He said that he is expecting a large increase and would like to do the ground work in the schools to get to the bottom of these problems. They charge $50.00 each on the juvenile cases, but the actual cost is $75.00. Nancy, Tess, Dave and Allen are all planning to hold driver's licenses of these juveniles until they pay their counseling charges.

Bill's total budget for next year is $86,959. He feels that it would cost about $18,000 to hire an additional full-time person, and the $5,000 administrative funds could be used for this purpose. Commissioner Tossberg said he would check out the laws on this to see if the County can give some help in this area. Bill said that the new person would need experience in counselling, etc. Bill feels that he would like to have this job if it were a full-time person, and let someone else take over the administration angle of his job. Commissioner Tossberg said that the main problem is to determine how to fund this, and then to measure whether this increased position is helping the County. Bill commented that in the last nine months they have had 248 new people, and 85% of these are in their 1st or 2nd time t be seen by their agency. He said that approximately one-third of the people they have counseled are still sober after six months. He said that the number one predictor of how a child feels about himself is how that child perceives how his parents see him.

The Chairman of the Board of Commissioners, F. T. Williams, was authorized to sign the Proposal for Public Entities D.I.C. Liability and Application for Umbrella Liability Insurance with Bob Thomas Insurance Agency. Said forms were then sent to the Bob Thomas Insurance Agency.

The Commissioners selected a jury list and presented it to the Clerk of Court.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, June 19, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

John L. Conant, Safety Consultant, State of Montana, is conducting a survey of County facilities today.

Janet Potter came in to request a zoning variance on Resolution #13, Ravalli County Planning & Zoning District #18, to build a garage in an area where the set-back regulations are 15 feet from the property line. They want to build 5 feet from the property line.

Commissioner Tossberg said that he might have a conflict of interest in this decision as he lives within that zoning district.

Janet said that she just wants to know how the Commissioners feel on this before she proceeds with the variance procedure. Chairman Williams said that he would like to go out and look at the property and then will get back with Mrs. Potter.

John L. Conant, Safety Consultant, came in to give the Commissioners a report on safety hazards he has come up with. He will be sending a typed up list so that the necessary changes can be made. Commissioner Tossberg asked Mr. Conant about the new gas fire extinguishers and Mr. Conant said that these are permissible and meet all of the requirements.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, June 20, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Beginning at 10:00 a.m., Preliminary Budget Hearings were held with the following people in attendance:

Road and Bridge - Jay Unrue, County Road Supt.; Gary Wiens, Ravalli Republic; John Filz and Marion Davis, candidates for County Commissioner; and Reba Falk, Admin. Assis.

County Commissioners - Gary Wiens, Ravalli Republic; John Filz and Marion Davis; and Reba Falk, Admin. Assis.

Sheriff and Ambulance, Emergency Services, Detention and Correction, Coroner: Dale Dye, Sheriff; Ron Fisher and Jay Printz, Sheriff's Dept.; Gary Wiens, Ravalli Republic;

and Joan Johnson

Beginning at 1:30 p.m., Preliminary Budget Hearings were held with the following people in attendance:

District Court - John Filz, and the following members from the League of Women Voters: Jeanne Hargett, Nancy Coe, Judy Williams, Peggy Munoz, Ruth Brandborg, Tonia Bloom and Pat Tucker; and Reba Falk, Admin. Assis.

Youth Court - Allen Horsfall, Reba Falk, and the above named members of the League of Women Voters

Justice of the Peace - Jim Haynes, Nancy Sabo, Reba Falk, and the above named members of the League of Women Voters

Treasurer - Ruth Cleveland, Reba Falk and above named members of the League of Women Voters

Sanitarian and Planning - Don Mullin, Reba Falk and above named members of the League of Women Voters

County Attorney - Bob Brown, County Attorney; Reba Falk; and the following members of the League of Women Voters: Ruth Brandborg, Tonia Bloom, and Peggy Munoz

A contract was signed this day to hire Christopher A. Leece for the County Appraisal Supervisor position.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, June 21, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Beginning at 10:00 a.m., Preliminary Budget Hearings were held with the following people in attendance:

Public Health, Family Planning and Home Nursing - John Filz, Candidate for Commissioner; Henrietta Brandon - Public Health Nurse; Reba Falk-Admin. Assis.; Bernie Swift, State Representative; and Gary Wiens, Ravalli Republic

Clerk and Recorder and Elections - Darlene Hughes, Clerk and Recorder; Betty Lund, Election Administrator; John Filz; Bernie Swift and Gary Wiens; and Reba Falk

Beginning at 1:30 p.m., Preliminary Budget Hearings were held with the following people in attendance:

County Fair - Ned Applebury, Fair Manager; John Filz, Reba Falk, Bernie Swift, and Gary Wiens

Weed Budget - Jerry Allen, Weed Supervisor; Tom Murphy, Weed Board Member; John Robinson, Bernie Swift, and John Filz, and Reba Falk

Ravalli County Council on Aging - Evelyn Locke, Secretary; RCCOA; Barb McClendon, Director, RCCOA; Ron Porter; John Robinson, Board Member; Bernie Swift, John Filz, and Reba Falk

County Superintendent - Darlene Hughes; Greg Danelz, Acting Supt. of Schools; Bernie Swift, and John Filz and Reba Falk

Civil Defense and Airport - Joe Reif, Manager/Director; Bernie Swift, John Filz, and Reba Falk

Following review with Carol Jeppesen, Planning Office; and Darlene Hughes, Clerk and Recorder, the following Certificate of Survey was filed:

Mtg. Rel. - In SE¼ Sec. 8-4-21 - James G. Hansen

and the following Amended Plat was filed:

In Blks 4 & 5, Sunnyside Orch. NW¼ 6-9-19, Pt. Lts. 30-32 - Orville C. Baltz

Commissioner Tossberg moved that we grant the filing of the amended plat of Portions of Lts. 30 & 32, Blk. 4, and Lts. 1-3, Blk 5, Sunnyside Orch. Motion carried.

Jim Carpita and Harry Deeths sat in while Carol Jeppesen, Planning Office; presented the letter from the Planning Board on French's Mobile Villa Conversion. She is asking for conditional approval on this from the Commissioners. All of the old provisions for the subdivision will apply, as well as some new ones that are being included.

Commissioner Tossberg moved that the Chairman be empowered to sign the agreement with the MPS-Blue Shield for medical coverage for county employees for the period commencing July 1, 1984 - July 1, 1985. Commissioner White seconded said motion. Motion carried.

Commissioner Tossberg moved that the Chairman sign the contract between Ravalli County and the Acting County Superintendent of Schools for the year beginning July 1, 1984, and ending July 1, 1985. Commissioner White seconded said motion. Motion carried.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, June 22, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Commissioner Tossberg spent most of the day with the Mental Health and CDC Board in the Conference Room.

Following review with Carol Jeppesen, Planning Office, the following Certificate of Survey was filed:

Reloc. - In SW¼SE¼ Sec. 10-10-20 - G. Jon Roush and Dennis Edwards

The Board adjourned to meet the following Monday at 10:00 a.m.

Hamilton, Montana, June 25, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioners White and Tossberg present.

Chairman Williams was out of the office for the day. Commissioner White was out of the office for the morning session.

Janet Potter delivered Petition for a Variance in the Doran Addition to Hamilton, requesting permission to build a garage on the Bill Bowland property within five (5) feet of the East boundary line.

Beginning at 10:00 a.m., Preliminary Budget Hearings were held with the following people in attendance:

County Extension Office - John Filz, candidate for County Commissioner; Rob Johnson and Charlotte Critchlow, Extension Agents; and Reba Falk, Admin. Assistant

County Surveyor - John Filz, Reba Falk, and Larry Higginbotham, County Surveyor

Facilities Administration - Reba Falk and John Filz

Jay Unrue, County Road Superintendent, met with the Commissioners for his weekly road update. The following people met for this meeting to discuss the Sorenson Bridge problem: Larry Higginbotham, County Surveyor; John Filz, Commissioner Candidate; Bob Brown, County Attorney; George M. Stewart, Ernst C. Peterson, representing himself and J. Roland Peterson; John and Jean Coultas; Bruce and Charlotte McArthur; Thomas McArthur; Jack and Ilene Betts; James B. Carpita, Pinnacle Engineering; Barry Sanderson; and Dan Cederberg. Commissioner Tossberg asked that Jay explain the County's position on this bridge. Jay explained the present condition of the bridge. He said that it was last overhauled in 1964-65, and since that time has been taken care of by the local people, but that a couple of months ago it had to be closed as it became unsafe for travel. He said that there is a lot of dry rot in the timbers and the Northeast compression member has given out, so is unsafe for vehicular traffic. He said that he feels extensive overhaul or replacement is necessary, and from the County's standpoint, this bridge goes from nowhere to nowhere, but from the people's standpoint, it is a means of getting from one side of the river to the other. He said that we are here to discuss the alternatives to this situation, whether it be abandonment, repair, overhaul, or a share-cost situation. He said that experie has shown that the barest cost for the county even with shifting the alignment of the bridge to shorten the length would be from $50,000 to $60,000. He said that there has been some discussion on acquiring the old bridge down by the Hannon Fishing Access and using portions of this, but this would still be expensive as there is no economical switch, so Jay feels there is not a real cost advantage in going tha route.

Commissioner Tossberg then asked for input from the public. George Stewart said that he feels that the timbers should be tested to see if they are really rotten--Jay said that he has checked out all of the timbers and they show too much rot to be safely used. John Coultas asked if this could be repaired in a temporary fashion as it had been before. Jay said that this would be more extensive this time--he said this had been considered, but this would just put off the need for a new bridge a few years and with the cost of the timber, even in small quantities, he wonders if this expenditure can be justified. He said that if it were temporarily repaired, we would need to have a 5-ton load limit placed on the bridge. George Stewart said that he wonders if the heavy timbers above the bridge are needed. Jay explained that this is a truss bridge and they all work together to make up the framework of the bridge. John Coultas then asked the time frame involved to repair this bridge if we wait until after high water. Jay said that his crews have a lot of other work to do, so would have to come and go on this bridge, so it will take some time to get it completed. Ernst Peterson commented that it only took 10 days to repair the bridge back in 1965, so wondered why it would take so long now--the Commissio and Jay explained the number of bridges that the County has to maintain right now.

Commissioner Tossberg asked how many families require access through this bridge--it was decided that there were nine--5 summer cabins and 4 permanent residences.

Commissioner Tossberg asked about the possibility of the use of the old road. Bruce McArther said that this was abandoned in 1938 and goes through the Trinity Ranch, so is only a temporary solution to their problem and they feel that the people are just allowing them to go through their property until they can work something else out.

Bruce McArthur said that he agrees with Mr. Coultas that some timbers could be snubbed in and a good serviceable bridge would result, without such a cost to the County. He said that the reduced load limit would be okay with them.

Commissioner Tossberg asked how much occasion there was for heavy traffic and Jack Betts said that they bring cattle across this bridge when they bring them off the range in the fall.

Commissioner Tossberg asked that Bob Brown, County Attorney; explain the County's position as far as liability is concerned. Bob explained that this is the main concern--that if someone is hurt, there is considerable liability, and that the County only owns the bridge. He said that maybe the County could fix this up on a temporary basis and then turn it over to the property owners to maintain. Ernst Peterson said that there is a previous agreement between the County and the landowners that the County would maintain this bridge. Bob Brown said that this was one of the things that resulted when the people up there petitioned to close the road--they used this to show that there was another means of access and the records show that the people up there petitioned for the closure of this road. One side of the bridge is State land, and the other side is private.

been said. He said that the people up there had Jim Carpita go up and inspect the bridge. Jim was then asked to comment. Jim said that he went up last evening and checked this out and only found rot in the one that has given out, and otherwise, found the construction to be much as it was when he inspected for the State in 1979.

Commissioner Tossberg said that he felt that what was needed was for Jay and Jim to go up there together and check this out. Commissioner Tossberg asked if people other than the property owners use this bridge and Mr. McArthur said that it was used as a fishing access. Commissioner Tossberg asked if this bridge is ordinarilylocked and they said it was not. Commissioner Tossberg wondered if the property owners would be able to sign an agreement with the County that the County would not be liable for accidents. Bob Brown said that the problem is that someone that did not sign might fall through the bridge.

Commissioner Tossberg explained that if this would cost $50,000 to $60,000, this is a substantial portion of the counties' bridge budget, and the Commissioners have some question as to the fairness to the rest of the county to spend such a large sum on building this bridge. He said that this could be submitted to the voters and this might give them some hope.

Bruce McArthur said that he feels that preventative maintenance would be our answer--replacing a couple of timbers each year. John Coultas said he was in agreement with Mr. McArthur. Jay explained that the county has 159 bridges to maintain, so they have a real problem even spending a couple thousand dollars a year on each bridge.

Barry Sanderson asked how much maintenance the County has done on this bridge the last twenty years--he feels that fixing up this bridge and continuing to do a little each year would be the answer.

Jay explained that the liability thing is the biggest problem, and that he is looking for a solution to this. He said that this suggestion does lend itself to consideration, but that the County has to consider the liability responsibility, and if this is not put in good shape, the liability increases. Commissioner Tossberg asked what the attitude would be about putting a gate across the bridge. George Stewart said that this would not bother him. John Coultas said he would think a big sign warning against the dangers would be better. Commissioner Tossberg said that he is sure that they will at least end up with a big sign. Jay said that the cattle and horses bring quite a bit of weight onto the bridge. Jack Betts said that they only transport 3 to 5 head on the bridge at one time. Jim Carpita said it is better to truck cattle around the bridge as this is a different kind of weight.

It was decided that Jim and Jay would get together and go to inspect the bridge as soon as possible. Commissioner Tossberg said that hopefully it will not be necessary for the people to come in again, that the Commissioners will be getting back with these people on what they can do after they decide the condition of the bridge.

Commissioner Tossberg, Jay Unrue and Earl Reynolds visited together on the possibility of a larger turn-out down on Tucker Crossing so that he can make the turn with his semi-trucks. Earl said that he does not think a culvert is involved. Jay said that it would appear that this is a local access and maintenance is non-existent right at this time--he said that this is a 30 foot right of way. Jay asked why Earl feels that the County should take care of this. Earl said that his business generates around two million a year toward tax dollars, and that he had visited with Commissioner White on this and he was not sure of the condition of this road. Jay said that he would look into this, and if it is possible to do this without too much trouble, he will take care of it--if it requires extensive work, the County could not do it. Earl said that they could just extent the Southwest Corner of his property. Jay asked if Earl would pay for the moving of the power pole if this becomes necessary, and Earl said he would.

Commissioner Tossberg said that the Commissioners had received a complaint from Sam Dennis on the Chaffin Road--he thinks the culvert is not big enough to carry the water being released. Commissioner Tossberg also asked Jay to supply one-half of a load of gravel to Slim Warren for the courthouse parking lot. Slim will spread it.

Penny Maki from the Florence Park was in to visit with the Commissioners about the grant, etc.

At 2:00 p.m., a Revenue Sharing hearing was held, with the following people in attendance: John Filz, Commissioner Candidate; Reba Falk, Admin. Assist.; Bernie Swift, House Representative; Nancy Coe and Betty Cook, League of Women Voters. Reba Falk explained that the County expects two payments more of around $80,000 each on Entitlement Period #15; and two from Entitlement Period #16 from the Revenue Sharing monies--around $300,000, and that they plan to allocate this to the General Fund to reduce taxes as that seems to be what the people want. Bernie Swift asked what the County did with the extra $10,000 they received from PILT last year, and Commissioner Tossberg explained that they allocated it to pay for the remodeling of the Election Room downstairs.

Preliminary Budget hearings were then held for the Animal Shelter and Library, with the following people in attendance: Bernie Swift, Betty Cook, Nancy Coe, John Filz, and Larry Johnson.

The Commissioners received a petition for a City/County Building permit and inspection system. Said petition contained 24 signatures from local businessmen.

The Board adjourned to meet the following day at 10:00 a.m.

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Mrs. Kenneth Price (Sandra L.) met with the Commissioners to say that she is upset that the Corvallis Estates Park is up for sale. Chairman Williams explained that the Commissioners are backing up on the sale and will have a public hearing first. He said that this park has been an eyesore. Mrs. Price said that the last time Gene Huckstadt was up, he requested the people to remove junk from the park area, but this was not followed through, and Mrs. Price feels it is up to the Park Board to follow through and make the responsible people clean up their mess. Commissioner Tossberg asked Mrs. Price to document how much this park is really used, and if the people would be willing to make some sort of a clean-up effort on this park. Mrs. Price said that markers need to be set up so they know where the boundaries lie. Commissioner Tossberg asked that Mrs. Price come to the public hearing with some constructive suggestions and figures on who uses the park.

Beginning at 10:00 a.m., Preliminary Budget Hearings were held with the following people in attendance:

Cemeteries, Fire Districts, Fringe Benefits, Mental Health, WIC Program, Comprehensive Ins., and Soil Conservation - John Filz, Commissioner Candidate; Reba Falk, Admin. Assistant; Walt Scherr, Three-Mile Fire; and DeWayne Smith, Victor Fire; and Carol Peterson, Corvallis Fire

Beginning at 1:30 p.m., Preliminary Budget Hearings were held with the following people in attendance:

Veterans Administration, Auditing, County Park Admin., Alcohol Action, Headstart, Health Officer, Reg. & Inspections - Shirley Abel, Headstart; John Filz, Commissioner Candidate; Bill Winn, Alcohol Action; and Reba Falk, Admin. Assistant.

In the County Park Hearing, Commissioner Tossberg moved that we add $2,000 to Line Item #360 - Repairs & Utilities, to help clean up some of the County Parks. A Roll Call vote was taken: Tossberg - A White - Nay; and Williams - Aye. Motion carried. Commissioner White said he objects to any more money being spent for County Parks.

Following review with Carol Jeppesen, Planning Office; the following Amended Plat was filed:

Am. Pl. of Lts. 9 & 10, Blk. 10, Victor Relocation - First Presbyterian Church - Mike Gaudin

Commissioner White moved that we approve the Amended Plat of Lts. 9 & 10, Blk. 10, Victor, for filing. Commissioner Tossberg seconded said motion. Motion carried.

Mavis Wilson from the Corvallis Estates was in to say that she objects to the selling of the park in their subdivision.

Fred Bray was in to ask what is happening on his petition to open up a public road up North Gold Creek Loop. The Commissioners said they would check into this. He said he secured 12 signatures on said petition.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, June 27, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Dick Weber, Attorney; Betty Cook, Humane Shelter; and Dale Dye, Sheriff; met with the Commissione to discuss a contract with the Humane Shelter. Betty Cook reported that they have now collected $40,000, with the money from the County, Stevensville City, and Hamilton City, they should end up with around $65,000, and be in a position to start building. They have a lot of people who have volunteered labor and materials, so should be able to get a real good start. They have checked with the Sanitarian and the Perc Test is not quite ready, but will be by the end of July. They are still hoping to hook up to the City Sewer if at all possible. Jim Carpita is doing some surveying on this to come up with a route that everyone can afford.

The Commissioners said that they would have Bob Brown, County Attorney, review this contract. This facility should be completed by the end of the calendar year.

Dale Dye said that this is more money than we usually give the Humane Shelter for their services, and Commissioner Tossberg agreed that it was. There was a question as to the disposal of carcasses and Be Cook said that the Humane Shelter will be equipped to take care of this, so there should be no problem. As to animal control--Dick Weber said that the Humane Shelter Board did not want to commit to any participation in this, but would certainly cooperate as they have in the past. There was some discussion as to cooperation, and Dick Weber suggested that there should be one person appointed as a liason to the Sheriff's Department, so that there will not be a number of people making calls. Betty Cook expressed a desire to work together with Dale Dye in a cooperative manner so that everything will go smoothly. The Contract was signed by Betty Cook, to commence on July 1, 1984, and left with the Commissioners for review by Bob Brown, County Attorney.

Dale Dye, Sheriff; and Ron Fisher, Undersheriff; met with the Commissioners to make three requests

1. They want out of the job of picking up the Courthouse mail--their work load has increased, and this has become a nuisance.
2. They need some help for the campground patrol and inspections for the summer months.
3. They need to up their budgeted amount for telephone expenses to a total of $9,000.

After some discussion, it was agreed that the Commissioners would grant the request to be freed from the mail delivery, would increase the telephone budget to $9,000, and would allow one-quarter time for a new man to take care of the campground inspections. The Commissioners will [illegible]

picked up after July 1st.

Commissioner Tossberg moved that we grant conditional approval to the French's Mobile Villa Conversion in accordance with the terms as set forth in the letter from the Commissioners. Commissioner White seconded said motion. Motion carried unanimously.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, June 28, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Mr. and Mrs. Ray Spannring met with the Commissioners in connection with Corvallis Estates' park. Commissioner Tossberg explained that there was a breakdown in communications about a Public Hearing and that they are setting up a hearing date and a Notice of Intent to Sell will be published in the paper stating the hearing date.

Pursuant to receipt of petition on June 25, 1984, a Notice of Public Hearing was put in the local paper setting July 10, 1984 at 10:00 a.m. as the date for hearing variance request for Zoning District #18 - Doran Addition, to place a building within 5 feet of an East boundary line.

A letter was written to Judge Bruce L. Birchman on competing applications for relicensing the Kerr Hydrolectric Project for the State of Montana. Said letter was delivered to a representative of the Montana Power Company, for mailing to the proper people.

The contract was signed by the Commissioners on the Bitter Root Humane Society, after having reviewed said contract with Bob Brown, County Attorney. See Perm. File #6992.

On June 11, 1984, a properly signed Petition for Public Road, which road was said "Commencing at Highway 93 South between Lots 2 & 3 of Block 4, Ward's Cove, and proceeding west one mile to Gold Creek Loop Road between Lots 22 & 23" was delivered to the County Commissioners. Pursuant to receipt of said petition, Commissioner Tossberg moved that Commissioner Tossberg and Larry Higginbotham, County Surveyor, be appointed as viewers for this petition, to determine its feasibility. Commissioner White seconded said motion. Motion carried.

A letter was written to Mr. William J. Roberts, Regional Director of the Economic Development Administration sponsoring the Bitter Root Resource Conservation and Development Area and supporting the efforts of the RC&D Council in their request to the Economic Development Admin. for monetary assistance in meeting their objectives of strengthening the economic base and resources of our County.

In view of the issue as to whether to rehire the Public Defender for misdemeanors, juveniles, and sanity cases, Commissioner White moved that we scout around for another attorney. There was some discussion on this matter. A roll call vote was taken: Tossberg - No; White - Yes ; and Williams - No. Motion defeated.

Bob Brown, County Attorney, was present for this discussion and the motion. Commissioner Tossberg moved that we re-employ Mr. Corn as the misdemeanor, juvenile and sanity case Public Defender, at a price of $23,000. Commissioner White seconded said motion and asked for an amendment to said motion. Request was granted, and Commissioner White asked that motion be amended to read $18,000 instead of $23,000. During discussion, Commissioner Tossberg said that Mr. Corn does have an advantage in that he is working on quite a few cases that he will have to be paid for no matter whether he is hired or not. Bob Brown said that he probably has 7 or 8 cases outstanding to start the new fiscal year with. Vote on Commissioner White's amendment was as follows: Roll Call: Tossberg - No; White - Yes; Williams - No. Motion defeated.

The vote on the original motion was taken. Roll Call: Tossberg - No; White - No; and Williams - No. Motion was defeated.

Commissioner Tossberg moved that we attempt to re-employ Mr. Corn as the misdemeanor, juvenile and sanity case Public Defender at a price range of within $20,000 to $23,000. No second. Roll call vote: Tossberg - Yes; White - No; Williams-Yes. Motion carried. The Commissioners will negotiate with Mr. Corn around July 3rd.

Henrietta Brandon, Public Health Nurse, received permission to purchase a window and louver shade for her office. Said money is to come from the facilities administration budget for the fiscal year 1983-84.

Jim Whitlock, Mayor of the City of Hamilton, came to discuss the paving of the East-West street South of the Courthouse with the Commissioners.

Following review with Carol Jeppesen, Planning Office, the following Certificates of Survey were filed:

Occ. Sale & Rem. - In Govt. Lt. 2, Sec. 6-7-20 - Stanley Hendrickson

Occ. Sale & Rem. - In NE¼NW¼ Sec. 22-10-20 - Jack L. Green, II

Occ. Sale & Rem. - In NE¼NW¼ Sec. 22-10-20 - Ralph G. Kirscher

Occ. Sale, Rem., and Gift - In SW¼ Sec. 8-5-20 - Dee Shook

Mtg. Rel. - In SE¼ Sec. 7-6-20 - Rodney Beard

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, June 29, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioners

Williams and White present.

Commissioner Tossberg attended a Board of Investments meeting in Helena, Montana.

Lyle and Fay Theobald of Ward's Cove Mobile Estates (they have lived there 7 years) met with Commissioner White to explain that the people at the Peat Pac are spreading chicken manure and the smell is so strong they can hardly stay in their trailer. They have talked with the Sanitarian and he says it is not against the law for the people to spread the manure. Commissioner White called Bob Brown, County Attorney, down and Bob Brown said he would look into this and see if there are restrictions on the property.

Upon motion, the Board adjourned.

ATTEST:

Darlene E. Hughes
Darlene Hughes, Clerk and Recorder

APPROVED: F. T. Williams
F. T. Williams, Chairman

APPROVED: Harold White
Harold White, Member

APPROVED: F. B. Tossberg

Hamilton, Montana, July 2, 1984

The Board of County Commissioners of Ravalli County, Montana, met in regular session on the above date at 10:00 a.m., with the following members present: Chairman F. T. Williams, Commissioner Harold White, Commissioner F. B. Tossberg, and Darlene E. Hughes, Clerk and Recorder.

The reports of the Clerk and Recorder and County Treasurer for the month of May, 1984, were audited and found to be in balance with cash on hand in all funds in the sum of $8,952,124.16.

Upon motion made and seconded, the following claims were approved and warrants were ordered drawn in payment of same:

Jay Unrue, County Road Superintendent, met with the Commissioners for his weekly road update. Commissioner Tossberg reported that he had received a call from Valley Motor Repair in Darby on the dust on Tin Cup Road. He would like a dust suppressant. Jay said that when people want to put a suppressant on the road, then they (the road department) do not grade the area to stir up the dust. Chairman Williams said that the people in the West Hills-Hillcrest area are delighted with the job the road dept. did on their road. Commissioner White asked when the Victor Streets will be repaired. Jay said that this is in next year's program. Commissioner Tossberg asked about the Victor Crossing road and Jay said that this is in next year's program too, and that they will be doing the Stevensville Bell Crossing road over to the highway and the Marcus Street road.

Jay said that he had been up to check out the Sorenson Bridge again and that in order to make it a 5-ton load limit bridge, he needs to replace the 8 x 8 stricts on both ends and this will take 2 or 3 days work. Commissioner Tossberg asked if the bridge at Bruce Conner's place might be an alternative route.

Chairman Williams asked if the Dutch Hill Crossing road and the Mill Creek road will be done this year and Jay said they would be. Jay's crew is now working on Ricketts road and putting chip seal from Main Street to Bowman.

Les Smith was in to visit with the Commissioners about a possible violation of Zoning District #4. Chairman Williams said that the Commissioners would review this matter and discuss it with Bob Brown, County Attorney, regarding the responsibility for enforcement.

Commissioner Tossberg moved that Roger Loaysen be appointed to fulfill the unexpired term of Michael Kent, Trustee of the Victor Volunteer Fire Dept. Commissioner White seconded said motion. Motion carried.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, July 3, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

The Commissioners were on hand to attend to office management and audit the monthly claims.

The Board adjourned to meet the following Thursday at 10:00 a.m., because of the Fourth of July holiday.

Hamilton, Montana, July 5, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Chairman Williams present.

Commissioners White and Tossberg were out of the office for the day.

Chairman Williams was on hand to attend to office management.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, July 6, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioners Williams and White present.

Commissioner Tossberg was out of the office for the day.

Chairman Williams and Commissioner White were on hand to attend to office management.

The Board adjourned to meet the following Monday at 10:00 a.m.

Hamilton, Montana, July 9, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Jay Unrue, County Road Superintendent, met with the Commissioners for his weekly road update. Chairman Williams explained that he had received a visit from Mrs. Peter Spritzer on Winkler Lane. Her husband suffers from emphysema and she says the dust is so bad that they are going to have to move. Jay said that it is tentatively scheduled for chip and seal, pending the acceptance of the road into the County system, and the giving of at least 10 feet on each side at the end of the road so that there is room for the grader to turn around. Chairman Williams said that he would explain to the people on Winkler Lane that they need to get together and work out an agreement. The Commissioners asked if Alberta Way, down by Victor on the Long Subdivision, is on the road system. Jay said it is not, that

check into this.

Chairman Williams asked about the turn on Sheafman Creek--he said that a couple more cars have gone off the road. There was some discussion on a solution to this problem, and it was decided that the property owner could be asked to move his fence back as a barricade from the County might bring on more liability to the County.

Commissioner Tossberg said that they had received a visit from Terry Magone from the Highway Patrol and he has requested signs on the Indian Prairie Loop road, on the first curve headed West off of Highway 93--a warning sign; and a sign on Harvey & Bass Lane where there is a big dip in the road and then a sharp left-hand turn so that he feels a caution sign is necessary. The Commissioners asked Jay to visit with Terry on this and go out and look into the situation.

The Commissioners showed Jay a letter they have received from Knight and Maclay, Attorneys, on the Sorenson Bridge. Jay said that he will go with Jim Carpita tomorrow morning to look into this.

Following review with Carol Jeppesen, Planning Office; the following Certificates of Survey were filed:

Mtg. Rel. - In SW¼ Sec. 3-8-19 - Reba Anderson

Occ. Sale, Rem. & Ag. Cov. - In NW¼NW¼ Sec. 35-7-21 - Leo Rall

Commissioner Tossberg moved that we accept the amended plat of Lots 1-7, and a portion of Lot 8, Block 11, of Sunnyside Orchards #3 (Grizzly Way Road) of Norman Crawfords. Commissioner White seconded said motion. Motion carried.

Larry Higginbotham, County Surveyor; and Bob Brown, County Attorney; sat in on the filing of the plats.

Commissioner Tossberg moved that we grant conditional approval to the amended subdivision plat of Corvallis Tract, Lot 30, Blk. 1 for Fred Nimmick, in accordance with the letter from the Planning Board. Commissioner White seconded said motion. Motion carried.

Ruth Cleveland, County Treasurer, met with the Commissioners to check securities as of June 30, 1984:

First State Bank of Stevensville----------	$ 765,100
First Federal Savings & Loan ----------	1,685,232
Ravalli County Bank----------	1,400,000
Citizens State Bank----------	1,380,000
Farmers State Bank ----------	1,195,000
Western Federal Savings & Loan ----------	1,171,561
Total----------	$ 7,596,893

Tom Hanson from PCI met with the Commissioners in connection with their contract with Clark Brothers on the Hamilton Airport project. Clark Bros. are asking for additional compensation for removing a pile of gravel and for reseeding the grass because Tom requested that they do this after the original grass seeded did not come up. There was some discussion on this and Bob Brown, County Attorney, sat in on the discussion. Commissioner Tossberg commented that he wants to be sure that the FAA is involved in this so that they will pay 90% and the County only 10% if more money is needed. The Commissioners felt that Clark Bros. should settle this with their contractor as they contracted this job.

Commissioner Tossberg and Larry Higginbotham, County Surveyor; went to view the road petitioned to be opened by the petition of Fred Bray on the North Gold Creek Loop road.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, July 10, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioners Williams and Tossberg present.

Commissioner White was out of the office for the day.

Lois Shuland and Everette Shuland, Janet Potter, Jan Cutler, and Bill Bowland met with the Commissioners for a Public Hearing to hear petition for a variance to Zoning District #18 as advertised. Chairman Williams explained the procedure that had been followed previous to the hearing. He explained that after the Commissioners received the Petition on June 25, 1984, notices had been sent to all property owners in the zoning district, and that the public hearing had been advertised in the Ravalli Republic.

Commissioner Tossberg stated that he lives within the district, but is not a property owner, and that he could be in a conflicting position on this matter. He said that if there are no objections to this variance, he will participate; provided that there are no objections to his participation by any of those in attendance at the hearing. He asked if there were any objections to the variance and the people in attendance all said there was not--he then asked if there were any objections to his participati in the decision on this matter from any one in attendance, and there were none.

Jan Potter commented that they just want the variance approved--all of the other people in attendance agreed that this is what was wanted. Chairman Williams explained the procedure of a three-man board and said that Roberts Rules of Order allowed the Chairman to make a motion and he therefore moved that we grant the Petition of William Bowland of 120 Roosevelt Lane, relative to the variance of

variance to build within 5 feet of the East boundary line. Commissioner Tossberg seconded said motion. Motion carried.

Ron Curdy was in to discuss the conditional approval letter on French's Mobile Villa Conversion. He is particularly concerned about the paving of the streets. He wondered if the County contracts paving jobs and the Commissioners explained that they do not. Commissioner Tossberg explained that he had received several calls from Dale Binkerd, who feels that the existing road is not on the access line and needs to be relocated so that it is done right. Commissioner Tossberg explained that he feels with the cost of paving, etc., that they should be absolutely sure that the road is in the right place before they get started. Ron Curdy agreed with this position and more discussion followed as to how to settle this problem.

Rose Goss, Jim Morton and Loren Lutzenhiser met with the Commissioners in connection with the new four-year plan for Human Resources. Commissioner Tossberg requested that the Human Resources look into some possible funding for the friends of Special Children group who take the children swimming once a week. Jim said that they would discuss this at their meeting this afternoon and could maybe come up with some money.

Following review with Carol Jeppesen, Planning Office, the following Certificates of Survey were filed:

Mtg. Rel. - In NE¼ Sec. 3-9-19 - Gary B. Vernier

Occ. Sale & Rem. - In NW¼ Sec. 7-5-20 - Pauline Chapman Est.

Chairman Williams moved that we adopt Resolution No. 339 granting the variance to William Bowland in Zoning District #18, Doran Addition. Commissioner Tossberg seconded said motion. Motion carried. Copies of said Resolution were mailed out to each of the property owners in the zoning district.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, July 11, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

At 10:00 a.m., a Park Board meeting was held. Minutes are in the Park Board file.

George Corn was in to discuss the Public Defender job. It was agreed that he would be re-employed at a salary of $20,000 a year. We have an understanding that he would come in again after the first of January, 1985, with his hours and if the $20,000 was not proving adequate, we would re-negotiate to a maximum of $23,000 on an annual basis.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, July 12, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioner Tossberg present.

Chairman Williams and Commissioner White were out of the office for the day.

Commissioner Tossberg was on hand to attend to office management.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, July 13, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioner Tossberg present.

Chairman Williams and Commissioner White were out of the office for the day.

Commissioner Tossberg was on hand to attend to office management.

The Board adjourned to meet the following Monday at 10:00 a.m.

Hamilton, Montana, July 16, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Jay Unrue, County Road Superintendent, met with the Commissioners for his weekly road update. Chairman Williams explained that he had received a phone call from Sam Dennis, down on Chaffin Road. He feels that the County put in a culvert that is too small--he said the old one was 18 inches and the new one is only 12. Jay drew a picture of the situation and explained to the Commissioners that he feels the problem comes from the man down below who has blocked off the natural drain. Jay feels he can not contribute to putting waste water on other people's property, and that under state law, the natural drainage way should remain open. Jay said that he would go out and talk with Mr. Dennis on this. Chairman Williams showed Jay a letter from the Florence-Carlton Loop people (H.E. Round) saying thank you for the good job and saying that they do have a dust problem down there. Chairman Williams explained to Jay about the tree which is on the road on Zimmerman Lane--the person who called in said that a car had been forced to drive under it and wondered about County insurance. Chairman Williams also told Jay about a complaint on Camas Creek Road--they say the road is wash-boardy--Jay said that they are better off without the graders on the roads as long as it is so hot. The Commissioners discussed a call from Wilma McKinney on Oertli Road, and Commissioner Tossberg explained that he had received another call on Winkler Lane. Jay said that the people on the end have agreed to contribute footage for the cul-de-sac and it looks like it will all work out, but he wonders if it is the responsibility of the County to move the fence on the East, etc. After some discussion, it was decided that Jay should go ahead and take care of this as there is a safety factor involved and the people have contributed land

to take care of this situation.

The Commissioners asked when Jay will get at the Goat Trail-Grizzley Way project. Jay thinks around September or October, before the bad weather sets in. Commissioner Tossberg commented that the sooner this road is completed, the sooner the bridge can be closed down.

The Commissioners showed Jay a letter from PCI in connection with the asphalt bleeding and setting out their suggested solutions to the problem. Jay said that he feels that the procedures outlined in the letter are the only way they can go to solve this problem. Jay said that they are welcome to sand from the road department to solve the problem. The Commissioners went out to look into the situation at the airport.

The Commissioners said they had received another complaint on the Eight Mile-East Side Highway road. Jay said that they had followed the recommendations of the State engineer on this and feel it is the safest method to handle the problem.

Following review with Carol Jeppesen, Planning Office, the following Certificate of Survey was filed:

Occas. Sale & Rem. - In SW¼NE¼ Sec. 26-6-21 - David Jones

Commissioner Tossberg moved that we approve for filing the Amended Plat of Daly Acres, Reloc. of pt. Lt. 9, Blk. 3 - J. Allan Lind - Lot A; and Josephine Preston - Lot B. Chairman Williams seconded said motion. Motion carried.

Chairman Williams signed the Request for Financial Assistance Grant for District Court and it was hand-delivered to the Hamilton Post Office and the Certificate of Mailing is on file in the Clerk of Court file.

Application for Cancellation of Taxes #711 was approved in the amount of $64.32.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, July 17, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioners Williams and Tossberg present.

Commissioner White was out of the office for the day.

Ron Curdy was in to visit with the Commissioners in connection with French's Mobile Villa Conversion. Commissioner Tossberg explained that Larry Higginbotham and Bob Brown had met with Mr. Binkerd on this yesterday. He said that there is a note in the Commissioner's Journal that gave the Krafts permission to move their fence over 12 feet. He explained that Larry Higginbotham, County Surveyor, thinks this was a part of an abandoned road, but title was never given--Larry feels that if we went to court, they would get the 12 feet. Commissioner Tossberg said that he feels Ron Curdy and Dale Binkerd will have to come to some sort of an agreement on this so that there will be no suits resulting from this situation. He said that he feels either Ron should make a proposal to Mr. Binkerd, or talk with Bob Brown, County Attorney, and have Bob make a proposal. Ron suggested that maybe Tom French will bear some of the responsibility on this road too as it is his road.

Bob Brown, County Attorney; Mike Kleese, First American Title; Darlene Hughes, Clerk and Recorder; Myrna Lindquist and Diana Stoner, Insured Title; and Wally Scott and Shelley Oertli, First Montana Title; met with the Commissioners in connection with space being used by the title companies in the courthouse. Darlene Hughes explained that other states are charging a fee to the title companies for courthouse space, and with the problems they have been having, they are planning to do the same, and would like comments from those in attendance. She said that they have set a tentative figure of $200 per person per month. Commissioner Tossberg explained that they feel they have been abused by the present system and would like some compensation that would create an incentive from the title companies to finish up their work quickly at the courthouse and thereby alleviate the present space problem. Chairman Williams asked for reactions from those in attendance. Shelley Oertli said that this will not be a problem for them as they do not operate from the courthouse, and she has felt that this should be done for some time.

Mike said that he does not feel this will alleviate the problems--he wondered if they would then be charged for filming downstairs. Darlene said that she would not charge for the person working downstairs.

Myrna asked about a possible hourly charge--Darlene said that she does not want to create another bookkeeping system and would not want to keep track of hours.

Darlene said that this policy would be in effect starting August 1st.

Mike commented that he should be through building his files by the end of the year. Myrna said she should be through in a couple of weeks.

Darlene said that she had checked with Bob Brown on the legality of charging a fee for space and he said this was legal.

Darlene said that she will not be charging for the normal filing, copies and lien searches. The Commissioners said that they will be looking into charging any other companies that use the records to a large extent.

Dale Dye and Terry Magone, Highway Patrol, met with the Commissioners to discuss a problem they are having on the bridges with swimmers sunbathing on the bridge and jumping off the sides--particularly on th Woodside crossing and the Victor crossing. After some discussion, the Commissioners said that they would

try posting a sign on these bridges to stop this--they wanted to discuss with Bob Brown before making a decision.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, July 18, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioners Williams and Tossberg present.

Commissioner White was out of the office for the day.

Cheryl Richards, Assessor; Peg Wilson, Deputy Assessor; Ruth Cleveland, Treasurer; and Reba Falk, Admin. Assis.; met with the Commissioners to discuss a requirement made by the legislature to give livestock adjustments to those who go by last year's average livestock count instead of taking a March 1st count. There are about 205 people involved and approximately one-half are refunds and one-half are charges. Ruth said that she has never established a Cattle Reserve account so has no money to pay refunds. Commissioner Tossberg suggested that we may be able to use some PILT monies in order to establish the fund. He said that we might check with some of the other counties to see what they are doing--Ruth said that she feels we can work this out, and does not want to complicate things further. Cheryl's problem is that she is required by law to get these to Ruth within 30 days. After some discussion, it was agreed that Cheryl's forms could be used and then Ruth could stamp them "to be paid in 30 days", and work out a receipt for the people. Reba said that she sees no problem with this working out with the BARS system.

Gayla Thorne and John Thorne met with the Commissioners in connection with the bids received in connection with trimming the trees at the fairground. Bids were received as follows:

Tall Tree Service ----------$ 5,425.00
(John McElfish)
Leiding Tree Service----------$ 6,014.00
(Jerry L. Leiding)
Thorne's Tree Service----------$ 4,800.00
(John Thorne)

Commissioner Tossberg moved that we accept John Thorne's bid in the amount of $4,800 to trim the fairground trees and the work is to be completed by August 17, unless extended by mutual agreement. (August 17, 1984) Motion carried.

Commissioner Tossberg moved that we adopt Resolution #340 relative to the livestock assessments. Chairman Williams seconded said motion. Motion carried. Perm. File #6996.

Notice of Public Hearing on the Bray Road Petition--North Gold Creek Loop Rd., was delivered to the paper and mailed to all involved property owners and petitioners.

Application for Cancellation of Taxes #712 was approved in the amount of $114.51.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, July 19, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioners Williams and Tossberg present.

Commissioner White was out of the office for the day.

Inace Spannring, Marcy Mitchell, and Bob Brown, County Attorney; met with the Commissioners to discuss the Corvallis Estates park situation. They are against forming a homeowner's association and wondered if there was a way it could be stopped. The Commissioners said that the people down there had been given permission to form the homeowner's association and maybe the other people could work on their needs by joining the association and working this way. The ladies wondered if they could be forced to belong and Bob Brown said he did not think so as this association is different in that it is being formed after the subdivision is all established and most homeowner's associations have already been formed when a subdivision goes in so that everyone is automatically in it.

The question came up as to whether the general public would be allowed to use this park. Bob Brown said that this would depend upon whether the homeowner's association chooses to allow this--it will be their decision as the Park Board is leasing the park to the homeowner's association. Bob Brown explained that they will not know about the plans of the homeowner's association until the By-Laws are presented to the Park Board. If the By-Laws are not acceptable to the Park Board, this could be rejected.

Upon the discovery that the Bitterroot Conservation District account had been overdrawn, steps were immediately taken to balance said account. Check in the amount of $2,833.09 drawn on Ravalli County Bank from Bitterroot Conservation District was this day deposited to said account.

Following review with Carol Jeppesen, Planning Office, the following Certificate of Survey was filed:

Occ. Sale & Rem. - In NE¼ Sec. 7 & NW¼ Sec. 8-2-20 - Donald C. Raymond, Jr.

Commissioner Tossberg moved the adoption of Resolution of Intent with respect to the Darby Disposal District, to increase the annual assessment from $20.00 to $25.00 per year per household. Chairman Williams seconded said motion. Motion carried.

Chairman Williams moved the adoption of a contract for Sanitarian, Larry Fenster, for a one-year period, effective July 1, 1984, to be placed in Perm. File #6986. Commissioner Tossberg seconded said motion. Motion carried.

Joan Johnson, Ambulance Coordinator, met with the Commissioners to show them the proposed Request for bids for a new ambulance. The Commissioners said for her to get Dale Dye, Sheriff's signature, and then give us a copy.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, July 20, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioners Williams and Tossberg present.

Commissioner White was out of the office for the day.

Beckie Summerville and Dennis Lind were in to visit with the Commissioners in connection with an RSID on Riverview Orchards. He said that originally this subdivision road was to go in in two phases, but they have talked with Jay Unrue, County Road Supt., and he has inspected their gravel pit and says they can use the gravel from it, and the whole road can be done for $4,000 more than the first phase was going to cost, so they would like to go ahead on the whole project. He feels that the Notice of Hearing should be republished and still have the understanding that there is no chance of withdrawing the original proposal. He said that Jay Unrue has agreed to do the necessary inspections for him, but he would like the approval of the Commissioners to resubmit for publication and have a public hearing to create this new SID.

Commissioner Tossberg commented that he is concerned about the changes in ownership and that the new property owners are aware of the assessment to their property that this will create--he wonders if adequate notice will be given by just publishing and posting. Bob Brown, County Attorney, came in for the meeting and stated that he feels notices should be mailed to everyone who has an interest in this property so that we are sure that everyone is aware of what is happening. Bob Brown said that the publication should show the actual costs of the proposed road. Dennis said that it would. Dennis said that the number of lots has been increased so that the amount each person will have to pay will not be too much.

Commissioner Tossberg asked how many houses have been built within the property area and Mr. Lind said he thinks around 15.

It was agreed that Mr. Lind would send the notice for mailing, posting and publication for Bob Brown's approval, and that Commissioner Tossberg would check into the fee that will be charged for maintenance of this RSID.

Bob Brown said he does not think there is a way for the Commissioners to get out of doing this as there were commitments made to do this before any of them came into office. He asked Mr. Lind if he would plan to sell bonds. Dennis said that after the hearing is completed, they will be able to call for the sale of bonds and construction bids. They feel they can place the bonds privately for around 11%.

Dennis said that either he or Beckie Summerville will be calling next week on this as they would like to publish the first of August, and start the improvements on this road the middle of September or the 1st of October, 1984.

The Board adjourned to meet the following Monday at 10:00 a.m.

Hamilton, Montana, July 23, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Jay Unrue, County Road Superintendent, met with the Commissioners for his weekly road update. Commissioner Tossberg explained that he had received a call on the Old Darby Road--that it is real rough. Commissioner Tossberg had explained that heat compounds the problem and Jay said that this was good. Chairman Williams said he had received a call on Tripp Lane about a dust problem. Jay said that Lyman Dust Control of Missoula does these jobs at a minimum charge of $60.00, and that their method of control is effective. Commissioner Tossberg said he had received a call from Mrs. Davidson on Curlew Loop, that the County trucks are hauling up there and there is a lot of dust, and that the sprinkling truck has only run a couple of times. He said he called the road dept. on this. Jay said he could take care of this.

Chairman Williams said he had been out to look at the Sorenson Bridge and it is pretty shabby looking.

Commissioner Tossberg explained the visit from Terry Magone and Dale Dye on the swimmers on the Woodside Crossing Bridge, etc., and that we were going to put up signs. Jay agreed with the need for this and said he would help with the signs.

Chairman Williams asked when Jay will get started on Marcus. Jay said that week after next was when it was scheduled. He explained the method he will use to tide this road over to when the State monies are received to redo this stretch of road.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, July 24, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioners White and Tossberg present.

Chairman Williams attended a Council on Aging meeting in Polson, Montana.

Commissioners White and Tossberg were on hand to attend to office management.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, July 25, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Lewis Beer was in to express his interest in serving on the Weed Board. Commissioner Tossberg explained that this is a 5-man board. There can only be one urban dweller, and Pat Zeiler fills that spot right now; one other member has to have a degree in botany; and the other three have to be actively engaged in agriculture.

Commissioner Tossberg moved that we appoint the following individuals to the Ravalli County Council on Aging Board for a one-year term:

American Association of Retired Persons, Chapter 250----------Glen Marsh
Beth Marsh

Bitterroot Valley Railroad Veterans and Retirees Club----------Reno Peressini
Violet Peressini

Darby Silver Tops Senior Citizens----------Georgia Grenfell
Katherine Campbell

Darby Town Council----------Rose Goss

Goldenagers----------Caroline Langley
Margie Raudsep

Hamilton, City of ----------John Robinson

NARFE-National Assn. of Retired Federal Employees-Chap. 876----------Annie Leffingwell
Truman Smith

National Retired Teachers' Assn.----------Dorothy Baaska
Marion Gebhart

Senior Citizens Association----------Reverend Monroe Wilcox

Stevensville Senior Citizens and St. Mary's Chapter of Mt. Senior Citizens----------Etta Polette

Stevensville Town Council----------Chris Wilson

Victor Senior Citizens ----------Ruth O'Rell
Ethelyn Little

Commissioner White seconded said motion. Motion carried.

In regard to the City-County Planning Board, Commissioner Tossberg moved that we appoint Nils Ribi to serve on said Board. Commissioner White seconded said motion. Motion carried.

Commissioner Tossberg moved that we appoint Bev Steiner to serve on the City-County Planning Board. Commissioner White seconded said motion. Motion carried.

Commissioner Tossberg moved that we appoint Tom Brader to serve on the City-County Planning Board. Commissioner White seconded said motion. Motion carried.

Commissioner Tossberg moved that we appoint Peggy Munoz to serve on the City-County Planning Board. Chairman Williams seconded said motion. Commissioner White abstained from voting. Motion carried.

In connection with the County Park Board, Commissioner Tossberg moved that we reappoint Genie Sinrud for a 3-year term on said Board. Commissioner White seconded said motion. Motion carried.

There was some discussion on the expired term of Bob Cutler. Commissioner White suggested that Don Dobberstein be considered for the position. Commissioner Tossberg said he would like the opportunity to call and talk with Mr. Dobberstein to get a feeling as to how he would work out--this was agreed upon by the other Commissioners.

The contract with Ned Applebury and the Ravalli County Fair Board was discussed. Commissioner Tossberg moved that we approve the Management Agreement with Ned Applebury for the fiscal year 1984-85. Commissioner White seconded said motion. Motion carried. See permanent file #6951.

Commissioner White moved that we appoint Lena Bell to the Museum Board for a three-year term. Commissioner Tossberg seconded said motion. Motion carried.

Application for Cancellation of Taxes #713 was approved in the amount of $72.61.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, July 26, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Bill Clark of Clark Bros. Construction; and Tom Hanson, PCI; met with the Commissioners to discuss the following three problems:

1. Being paid for leveling the topsoil.
2. Reseeding after the first seeding did not grow.
3. The County retaining the $4640 from Clark Bros.

Tom Hanson explained that he feels that Clark Bros. should not be paid for the above two items--he said that the contract provided that the spoil areas should be leveled, and feels this should be included in the original agreement. On the seeding, he feels that the contract provides that the land be seeded and he feels that this was part of the agreement, even though it needed to be redone.

Bill Clark explained that he feels that Clark Bros. should not be paid for the above two items--he said that the contract provided that the spoil areas should be leveled, and feels this should

be seeded and he feels that this was part of the agreement, even though it needed to be redone.

Bill Clark explained that Nelsen Landscaping of Spokane was the low bidder for the seeding and the FAA contract does not refer to the end result, just that they needed to seed so many pounds of seed and that was done--he said that Nelsen Landscaping had also done the airport in Thompson Falls and had had to reseed this too, although they do seem to have a better stand of grass. Mr. Clark asked if this had been discussed with the FAA. Tom Hanson said that he had sent all correspondence to the FAA but had not discussed this with them. Bill Clark said that he would feel better if the County would submit a claim to the FAA--he feels they will pay it as they are used to these kind of things. He said he would probably not pursue the County on this if it did not work out as he has no desire to sue the County, but feels the effort should be made to collect from the FAA. On the topsoil removal, Bill said that he felt they could have left a "neat appearance" as the contract required, but they were instructed to move the topsoil to a different place, and that is why he feels they should be paid extra. Tom said that he only gave those instructions so that it would be clear what could be done with the topsoil--he did not at any time tell the people working on this that they could not remove the topsoil. Commissioner Tossberg said that he remembers wanting the topsoil removed too. Mr. Clark commented that he feels they should be paid the regular fee for spreading this topsoil instead of hauling it off. Commissioner Tossberg said that there was obviously a breakdown in communications between the engineer and the contracting firm. He said that if the FAA will bear the costs, paying $464 out of County funds does not bother him near as much as $4640. Tom expressed a fear that the FAA will not accept this as the final claims have been turned in and the audit is done.

Commissioner Tossberg said that he felt we could submit a claim and if this were turned down, it might be that the Commissioners, Tom and Bill would have to have another talk. He said that it would appear to him that Bill would feel better if they make this effort--Bill said this was right. Tom said that he would try this, but he wonders if it would not be better to talk with the FAA and explain the situation. Mr. Clark said that he feels that if we do not make an issue of this, neither will the FAA. Tom said that he would get in touch with the FAA on this and report back to Bill and the Commissioners.

In connection with the withholding of the $4640, Bill said he feels this is a real violation of the contract and kind of bribery against him--he asked why they did this and the Commissioners said that the County Attorney advised it. The Commissioners agreed that this could be paid at this time. Bill said that it would probably be better to go ahead and submit a claim for the additional $4640 and then he can sign for the whole $9280 and release his interest. He would like this submitted right away to keep within the 30 day time frame. Commissioner Tossberg said that if Bill decides he wants to be paid for the $4640, he should contact the Commissioners and they will pay him. Tom said that he would proceed with this as soon as possible.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, July 27, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioners Williams and White present.

Commissioner Tossberg attended a Board of Investments meeting in Helena, Montana.

Commissioners Williams and White were on hand to attend to office management.

The Board adjourned to meet the following Monday at 10:00 a.m.

Hamilton, Montana, July 30, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Jay Unrue, County Road Superintendent, met with the Commissioners for his weekly road update. Chairman Williams said that he had received a call on a new business in Corvallis that needs some work done on a telephone pole by their business. Jay said that Chairman Williams should refer them to the phone company man. Commissioner Tossberg explained that he had received a couple of complaints on a broke tree on Zimmerman Lane--Jay said his crew is taking care of this this morning.

Commissioner Tossberg said that they had also had a complaint on North Nordheim Lane. There was some discussion on Chief Victor Days in Victor and Jay said he was pleased that the people were careful with the pavement. John Boyer, an independent insurance agent, met with the Commissioners to discuss tax sheltered annuities.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, July 31, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Following review with Carol Jeppesen, Planning Office, the following Certificates of Survey were filed:

Occ. Sale & Rem. - In E½SW¼SE¼ Sec. 10-4-21 - Evelyn Cooper

Occ. Sale & Rem. - In Govt. Lts. 3, 4, & 6, Sec. 3-1-21 - Richard Lipp

Commissioner Tossberg moved that we grant conditional approval to the Horsemen Heights major subdivision in accordance with the conditions as set forth in the letter from the Planning Board. Motion carried.

Chairman Williams, as a member of the Ravalli County Headstart Board, signed a lease agreement between Thomas N. and Mary Thompson and Ravalli County Headstart.

Upon motion, the Board adjourned.

ATTEST:

Darlene E. Hughes, Clerk and Recorder

APPROVED: F. T. Williams
Chairman

SENIOR CITIZENS FUND

Ravalli Co. Council on Aging	15356	Transfer	17,813.38

TOTAL SENIOR CITIZENS FUND $17,813.38

John Thorne and his wife met with the Commissioners in connection with a partial payment on the trimming of trees at the Ravalli County fairgrounds. There are two trees that John says have so much rot in them that there is no way to trim them down and make them safe. He thinks they should be removed. There was some discussion as to how the stump would be left. Gary Wiens, Ravalli Republic, sat in on said meeting.

Commissioner Tossberg moved that we amend Mr. Thorne's contract to the tune of $510 for the removal of two trees at the fairground, for a total of $5,310, less the $2,000 paid in advance. Commissioner White seconded said motion. Motion carried.

Penny Maki, representing the Florence Community Park in Florence, met with the Commissioners to discuss the tennis court--it has been installed by Jack Blahnik, and they are real pleased with the job.

and feel that they got a good deal. However, Mr. Blahnik wants to be paid right-away. He said that a member of the Florence Park Board promised him that he would be paid upon delivery, and that a contract was signed so stating. The total cost is $6700 and the Florence Park only has $3600 in their account. However, the Park Board has promised them $5,000 toward their park. It was decided that these funds could be transferred and that Blahnik Construction could be paid promptly.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, August 2, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

The Commissioners attended a PERS meeting in the basement conference room to discuss the PERS program and its benefits to the employees of Ravalli County.

The Commissioners received a Petition on the Summerdale Road requesting dust control and a speed limit. Said petition was delivered by David and Clara Leicht and had 39 signatures.

Jim Mildenberger came in with a request that the Agriculture Restrictions be lifted on lands in W½SE¼ Sec. 16, T5N, R20W, P.M.M. The Commissioners checked this out and signed a Consent to Revocation of Agricuture Covenant.

Commissioner Tossberg moved that we lift the agriculture restrictions on the lands as above described. Commissioner White seconded said motion. Motion carried.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, August 3, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

The Commissioners were on hand to attend to office management and audit the monthly claims.

Commissioner Tossberg moved to revoke the agriculture exemption for Certificate of Survey #2918 as described below. Commissioner Williams seconded said motion. Motion carried.

Following review by Carol Jeppesen, Planning Office, and pursuant to the revocation of agriculture exemption as shown above, the following Certificate of Survey was filed:

Utility Siting and Ag. Exemp. - NE¼SW¼ Sec. 26-9-20 - Doug Chadwick

The Board adjourned to meet the following Monday at 10:00 a.m.

Hamilton, Montana, August 6, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Jay Unrue, County Road Superintendent, met with the Commissioners for his weekly road update. Bob Brown, County Attorney, sat in on said meeting. The Petition that was received on Summerdale Road was discussed.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, August 7, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Following review with Carol Jeppesen, Planning Office; and Darlene Hughes, Clerk and Recorder; the following Certificates of Survey were filed:

Retrace. Lt. 8 - Bk. 143, Page 241 - Ravalli Farms - Albert D. Lorenz

Retrace. Bk. 74-550 In SE¼ Sec. 22-9-20 - State of Montana

Occ. Sale, Rem. - Family Conveyance - In NW¼ Sec. 14-8-20 - Lynn R. McConnell

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, August 8, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Mr. and Mrs. Ray Spannring and Jim Crockett from the Corvallis Estates park were in to visit with the Commissioners and Bob Brown, County Attorney, about the Corvallis Estates park. They brought up a deed from when Homer Martin bought the land and this deed excluded 2.06 acres, which is the biggest part of the park--they think the ditch company has the deed to this property but the ditch company can not find it. The Spannrings would like to be in the position to maintain the ditch right of way as they have been doing. They said that they have talked with the ditch company and they would like to have them do this. The Commissioners asked Bob Brown to check further into the ownership of this piece of property

Bernie Swift, Mt. State Representative, came in to review the final budget for Fiscal Year 1984-85.

Jim Houghton, FAA; and Tom Hanson, PCI; came in to visit with the Commissioners on the airport project. Jim said that no judgement has been made one way or the other on the extra payment requested by Bill Clark for seeding double and for leveling the dirt pile. Commissioner Tossberg explained Bill Clark's position in this matter. Jim Houghton said that he feels there should have been some responsibility from the contractor to grade the land to specs, so there was a certain burden on him to take care of this--he feels that the contractor should accept part of the burden. On the double seeding, Jim feels that we do owe him something for taking care of this as a good-faith effort was put out on the first seeding that did not take. Jim said that there must have been an acceptance of the work when it was done the first time, so when it was done the second time, there should be a realization of what the first job cost and this amount should be paid to the contractor, as he should not have to come up with this money from his own pocket. However, on the dirt leveling, Jim feels the "[illegible]"

cost should be borne by the contractor. Commissioner Tossberg explained that the Commissioners had been out to the airport and made it real clear that they felt this pile should be leveled out. Jim said that there was no "change order" made up, but the letter from Tom was more of a direction on how to do the work according to the original specs. Commissioner Tossberg explained that at one time during the project they had discussed having the contractor move the pile of dirt to a place where it would have been more beneficial, but had decided that they did not want to spend the extra $2500 that the contractor said he would charge, and that they would let it be leveled according to the original specs.

Jim said that the FAA would be willing to pay 90% of a small figure, but would not be willing to pay on the whole amount. Jim read the minutes from the meeting the Commissioners had with Bill Clark. Jim said that he sees no reason why they can not bill the FAA if they want, he agrees that the FAA will not say anything unless the question is raised.

Chairman Williams suggested that we offer Clark $1500 for the seeding and $1000 for the leveling. Jim agreed that this would be reasonable as the contract price of $900 plus the cost of the seed and some administrative expenses should be paid for. He said that the FAA would be willing to pay the 90% of the $1000 on the leveling, but would not be willing to pay much more.

Mr. Houghton complimented the Commissioners on the fire building and fire truck out at the airport--he said that he would like to see other airports do this too.

There was some discussion as to who should do the negotiating on the $2500 offer. It was decided that the Commissioners should do this. Commissioner Tossberg asked if there was any chance for the Commissioners to retrieve 90% of the $451 spent for gravel and Jim said that the FAA could not help with this.

When this matter is settled, Jim said the County should pay Clark, and then should send a pay request and a copy of the cancelled warrant to the FAA because this has already been audited. Jim will need the release from Clark when he makes this payment so that the project can be closed out. He said that his records show that everything has been paid but $765 on this project--this is 90% of the auditor's fee. The final request for payment should be the $765 plus 90% of the amount that is negotiated with Clark. Jim wants just one request including both amounts--he does not want this to come in two separate requests.

Jim explained that he will be needing to ask Joe to remove some trees that are too high to meet airport specs out at the airport.

Commissioner Tossberg moved that we reappoint Edgar Wetzsteon, Tom Murphy and Pat Zeiler for another 2-year term to the Ravalli County Weed Board. Commissioner White seconded. Motion carried.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, August 9, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

The Commissioners were on hand to attend to office management.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, August 10, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Gary Mason was in to bring the Commissioners up to date on what is happening with the REA on model building standards. He said that he will be having a meeting in October which he would like the Commissioners to attend. A Legislative Committee has been funded that is looking into this and they will probably come up with some legislation from the State. He thinks there may be some opposition on the State level. He brought in some information sheets for the Commissioners. Gary is concerned because what is happening with the Bonneville Company will not affect a lot of people in the State so they may be unsympathetic to our needs here. Gary would like to see this go in on a statewide basis. He thinks that those utilities that are not dependent upon the Bonneville company will be able to go ahead with whatever they want.

Lois Joost will be setting up a meeting on this and Gary has asked that she invite all Commissioners, Mayors, etc. There was more discussion on energy efficient homes and incentives to get people to build them.

Andy Link met with the Commissioners in connection with the opportunity to sell the County employees Northwestern Mutual life insurance programs. Chairman Williams said that the Commissioners feel they are getting too many people who want to do this and they have to draw the line somewhere. Commissioner Tossberg asked how he would propose that he approach the employees. He said that the Commissioners really do not want someone coming in the courthouse and selling to the employees. Andy said he would be willing to make it a point to meet with the employees sometime other than business hours.

The Board adjourned to meet the following Monday at 10:00 a.m.

Hamilton, Montana, August 13, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Jay Unrue, County Road Superintendent, met with the Commissioners for his weekly road update. Commissioner Tossberg showed Jay a newspaper article where they are using Lignin for a dust suppressant. Jay said that they have experimented in eleven counties and have found that this is not worth it. Jay said that unless the conditions match the lab tests perfectly, it does not work out. He said it is

like weak concrete and water really affects it, and then you get real bad potholes which will not grade out because the material is too hard.

Commissioner Tossberg said he had received a phone call on the East-side Highway coming into Hamilton. Jay said that the County is responsible from the railroad East, and the City is responsible from the railroad West. He would like to patch it up as best as possible and tide this stretch of road over until it is completely redone about 1985 with the secondary road money. Jay said that the City is pretty strapped for money too. Jay said that they are working on the Marcus road and it is looking better, so he hopes it will hold until the new road goes through there too.

The Commissioners said that they had received a call from Duard Higgins on the Grizzly Way Road. Jay said that he is getting the preliminary work done. Commissioner White said that he feels the Board would like to see something started on this. Jay said that they need to do some fence work, and intend to have this project finished before winter.

Chairman Williams said that Terry Magone was in to say he is real pleased with the new signs on Bass and Harvey Lanes.

Chairman Williams said he had received a call from Larry Lockridge on the Bowman Road. He thinks the grader is not cutting deep enough. Chairman Williams had explained to him that we have not received enough moisture to make the grading real effective--Jay said that this is the problem.

Chairman Williams showed Jay a letter requesting a traffic study on Old Corvallis Road. Jay said that they are responsible for the railroad crossing signs.

Chairman Williams said he had received a call from Harry Lauer on a Traffic Safety Instruction meeting in Missoula in September. Jay said that he plans to attend and will give Harry a call to let him know.

Jay explained how they plan to improve the lower Mill Creek road--he drew a picture on the board explaining what he would plan to do--he will start with the bridge soon. Right now they are oiling some roads, and this will take them right up to fair time.

The Commissioners asked Jay to locate the keys for the Chrysler that was sold at the auction this weekend--Jay said he would.

At 3:00, pursuant to proper notice given in the Ravalli Republic, and notices being mailed to all property owners and interested parties, Public Hearing was held in connection with the Bray Petition to open up a public access, and extend said access by mutual consent of the owners. Chairman Williams read the Petition, the Notice of Public Hearing; and Larry Higginbotham, County Surveyor, read the Viewer's Report. The following people attended: Fred Bray, Floyd W. Colpitts, Ralph Springer, Larry McCrossin, Ronald Porter, John D. Foss, Bonnie Madeen, John A. Farley, Millo Huggans, Bob Brown, County Attorney; and Larry Higginbotham, County Surveyor. Chairman Williams asked for comments from proponents after Bob Brown, County Attorney, had explained that it was his understanding that Mr. Bray was asking that the roadway be opened and that two-thirds of said roadway was dedicated public right-of-way, and the other third would be donated one-half by Bray and one-half by Harts, so that the road would be opened all the way through.

Mr. Bray said that he hates to drive five miles around to get from one end of his property to the other when he would be able to get there in a mile and a half if this road were opened. He feels that if this is a public road, it should be opened to the public, not fenced off.

Larry McCrossin spoke for Alice Hart and said that his mother was out of town so he came to express her feelings. They have property up there and he said it would be nice to be able to go through this way. He said that until 12 or 14 years ago, it was possible to do this. He said that there is no problem with his mother on having it opened up as a public road.

Mr. Colpitts spoke up and said he would like to see it opened--it used to be, and the last few years he has rented the place and if cows are on the back side, there is no way to bring them out. He used to bring them down the road, but has not been able to do this since it was blocked off, so they have to make a four or five mile round trip. Opening the road would make it easier for him.

Commissioner Tossberg asked Fred Bray if he is willing to bear the expense of maintaining the road and building it. Mr. Bray said that he is willing to build and maintain this road as long as it stays the way it is fixed. The main expense would be the culverts and he would put in the culvert at the first East-end crossing of the drain ditch, and he feels the Fosses should put in other culverts. He said that otherwise, as long as he owns the property, he will maintain the road.

Ralph Springer commented that he feels this is a good time for the Commissioners to open up the road for future subdivision--he feels that the road will be needed more at that time. Commissioner Tossberg explained that it is generally not the County's responsibility to build roads in subdivisions.

Ron Porter said that he is interested in protecting the Ward Irrigation District's ditch. It would be nice for the ditch walker to be able to go through on this proposed road. Commissioner Tossberg asked if the ditch which extends from where the road currently ends to the gate is part of the Ward Irrigation System. Ron said it was abandoned a few years ago and is not presently a part of the district.

Chairman Williams asked for comments from Opponents. John Foss said that he is not opposed to the road being opened up, but he feels there will be problems with splitting the [illegible]

between Bray and Hart. He thinks the proposed road lies totally on Hart's property. He also thinks that the new road will interfere with the irrigation ditch and that thisproperty should surveyed so that it is done right. Bob Brown explained that this is a prescriptive right of way right now--one that is open so that they have the right to the ditch, to enter said road and keep the ditch clean. Bob Brown said that he could work with John Foss on this and check out the ditch right of ways with the State to see what ditches need to be protected. Millo Huggans commented that the expenses of surveying, fencing and culverts were something that they could not afford right now and would not be willing to pay, and that opening up this road would subject them to rustlers as Mr. Bray is only on his place about two months out of the year, and would not even be available to maintain the proposed road.

Bob Brown explained that if the Fosses do have a right to have the ditches, that they can not be disturbed--he said that it would just be a matter of checking all of this out in the Missoula office as they should have copies there. He asked if the road could be improved without interfering with the ditch. There was more discussion on the existing ditches and the need for protecting them--John Foss said that he just wanted the State Water Laws to be complied with.

Commissioner Tossberg commented that he remembers 3 and maybe four of these ditches across the road, and asked how many are essential--the Fosses said that all of them are. He feels that all of them have been there long enough to qualify under the law as legal ditches. Bray said that if he wants water through there, Fosses can put in the culverts.

Commissioner Tossberg explained that if the petition were granted, the Commissioners would require conditions to said petition, such as: 1. No expense to the County; 2. The County would not maintain the road; 3. Such other conditions as are needed.

Chairman Williams asked if it would serve any purpose to make a 60 foot right of way instead of a 40 foot right of way. Mr. Bray said he did not feel it would. Chairman Williams asked if Mr. Bray feels that this road would be hard to maintain so that it would not be breaking down as John Foss feels it would. Mr. Bray said that it would take a lot of gravel, but he feels a good road could be made--he said he would like to get gravel from the pit up by McCrossins. There was some discussion as to who owned the pit. Millo said that Mr. Bray would then be hauling gravel across their fields. Millo also commented that there seemed to be no advantage to anyone to open up this road, and she wondered who would build the fences to hold the cattle.

Commissioner Tossberg said that someone had commented that there used to be a bridge on the West end. Mr. Bray said that these bridges crossed the Ward Ditch and were used across the old irrigation system, but they were just plank bridges and had been removed.

John Foss asked what happens if Mr. Bray does not do a good job on the road--whose responsibility would this be?

Commissioner Tossberg moved that we take this matter under advisement and render a decision no later than August 31, 1984, and that all interested persons and property owners will be notified of this decision at that time. Commissioner White seconded said motion. Motion carried.

Commissioner Tossberg moved that we adopt Resolution No. 341 to approve and adopt the budget for fiscal year 1984-85, as finally determined and enter the budget at length in the official minutes of the Board. Chairman Williams seconded said motion. A roll call vote was taken: Tossberg - Aye; White - Abstain; and Williams - Aye. Motion carried.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, August 14, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Mr. and Mrs. Spannring came in to see what is happening in regard to the Corvallis Estates park. Commissioner Tossberg explained that Bob Brown has been doing some research and his research seems to bear out the evidence that the Spannrings discovered. Spannring said he would like it mentioned that the markers are not necessary on this ground. Commissioner Tossberg said he thinks we should just wait and see what happens at the meeting tomorrow. The Commissioners will ask Bob Brown to come and explain his findings.

Shirley Abel, Headstart Director, was in to get a check in the amount of $18,227 endorsed to apply on a bus that she has agreed to buy for $19,400. They will get the rest of the money from their budget.

Vickie Cornish from Touch America came to discuss a service they offer on long-distance calls. They are a WATTS line reseller and can offer from 20-30% savings on long-distance calls. The calls have to be made from touch-tone phones for the computers to pick up the sounds. This service does not stop the use of Mtn. Bell services, but just offers the opportunity to save on the long-distance calls.

Commissioner Tossberg moved that we execute the Cooperative Agreement between the State of Montana, Department of Revenue, Legal and Enforcement Division, Child Support Enforcement Program; the County Attorney of Ravalli County; and the Ravalli County Commissioners. Commissioner White seconded said motion. Motion carried.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, August 15, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present

Commissioner Tossberg, as a member of the Darby Disposal Board, attended a meeting on August 14, 1984, at 8:00 p.m. The bid of Kenneth B. Greenup for $3,000 per month was accepted, contingent upon a satisfactory agreement being signed by both parties.

At 10:00 a.m., a Park Board meeting was held. Minutes are in the Park Board file.

The Commissioners attended a Board of Health meeting which was held in the afternoon. Minutes are in the Board of Health file.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, August 16, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present

The Commissioners were on hand to attend to office management.

Chairman Williams was authorized to sign two agreements between Ravalli County Health Department and the Montana Department of Health and Environmental Sciences--one for the purpose of providing local sanitary review of minor subdivisions, and one for the purpose of inspecting and testing small public water supplies in ensuring their safety.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, August 17, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioners Williams and White present.

Commissioner Tossberg attended a Mental Health meeting in Kalispell, Montana.

Chairman Williams and Commissioner White were on hand to attend to office management.

The Board adjourned to meet the following Monday at 10:00 a.m.

Hamilton, Montana, August 20, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present

Jay Unrue, County Road Superintendent, met with the Commissioners for his weekly road update. Jay said that the repairs on the Sorensen Bridge will be started on or about September 1st, 1984. The Commissioners told Jay that Tony Armour and other residents of the Eagle Watch area have complained about the corrugated road conditions of the Eagle Watch road from the East Side Highway to the top of the first hill.

Jay advised that upon completion of the road oiling program they would begin routine grading operations for the fall season. This should occur about September 1st. The Grizzly Lane project will also be started in September.

Chairman Williams reported that the residents of the Poker Joe area are considering the possibility of creating an RSID road project.

Pursuant to advertising for bids as required by law, the ambulance bid opening was held at 2:00 p.m. with the following people present: June White, Deputy Clerk and Recorder; Dale Dye, Sheriff; Joan Johnson, Ambulance Coordinator; Norm Dewell, Representative of McPeck Motor Coach Co.; and Ken Stauffer, Representative of Becker Fire Equipment Co.

Before the bids were opened, it was noted that the bid from Front Line Emergency had been opened and immediately resealed. It was explained that noone read the bid.

June White, Deputy Clerk and Recorder, opened and read bids as follows:

1. National Ambulance Builders, Inc., 1985 Model Nat. Ambulance, FOS Orlando, Florida---------- $ 26,460.00
   Less trade in ---------- -1,500.00
   $ 24,960.00
   FOB Hamilton---------- $ 26,560.00

2. GEM General Emergency, 1984 Collins Crusader II, FOB Hamilton---------- $ 25,985.00
   FOB Hutchinson---------- 25,335.00

   Total price---------- $24,300.00
   FOB Orlando, Florida---------- $23,300.00
   (with tr

5. Frontline Emergency Vehicle, FOB Hamilton, $24,700, includes $1000 delivery $24,700.00

Commissioner Tossberg moved that we take the bids under advisement and the decision on the bids be made on or before 4:00 p.m., Friday, August 24, 1984. Commissioner White seconded said motion. Motion passed by unanimous vote.

Following review with Carol Jeppesen, Planning Office, the following Certificates of Survey were filed:

Retracement In NW¼ Sec. 25-8-21 - Mabel J. Casey & George D. Jernigan (owners)

Occasional Sale, In NW¼SW¼ Sec. 8-2-20 - Kathryn Robbins, owner

Over 20 acres - In E½E½ Sec. 34-6-21 - George Hieronymus, owner

and the following Amended Plat was approved:

Charlos Heights Orch., Lot 8, Blk. 4 - Joe Klucewich, owner

Commissioner Tossberg moved that we approve the above plat of Charlos Heights Orchards for filing. Commissioner White seconded said motion. Motion carried.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, August 21, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

In accordance with MCA 7-13-210 and 211, the Commissioners met today to consider protests on the proposal to increase the fees from $20.00 to $25.00 per household in the Darby Refuse District. Only one protest to the increase was received from John and Dolores Huggans. The Commissioners determined that one protest was insufficient to bar the increase and no further hearing will be held. The $25.00 fee will become effective in the Fiscal Year 84-85.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, August 22, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Commissioner Tossberg moved that we adopt Resolution No. 342 setting levies for fiscal year 1984-85 for county funds and different school districts to raise the amount approved in the budget heretofore filed with the Clerk and Recorder. Commissioner White seconded said motion. Motion carried. (Copy Attached).

RESOLUTION NO. 342

It is hereby resolved by the Board of County Commissioners, Ravalli County, Montana, that the following levies were set for fiscal year 1984-85 for county funds and different school districts to raise the amount approved in the budget heretofore filed with the Clerk and Recorder:

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, August 23, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioner Whi present.

Commissioner Tossberg attended a Board of Investments meeting in Helena, Montana.

Chairman Williams was out of the office for the day.

Commissioner White was on hand to attend to office management.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, August 24, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members pres

The Commissioners signed a request from Nancy L. Sabo and James A. Haynes requesting that they be allowed to be absent from their offices on Sept. 7, 1984; September 11, 1984; and September 24 - 28, 1984; and that Ruth Gordon be allowed to act as Justice of the Peace in their absence as provided in their budget by line item 410340-350.

Following review with Carol Jeppesen, Planning Office, the following Certificates of Survey were filed:

Occ. Sale & Rem. - In SE¼ Sec. 13-6-21 - L. Dean Porter, owner

Relocation - Amended Plat of Riverview Addition, Lots 5 & 6, Blk. 2 - Nile Smith, owner

Boundary Line Agreement, In NW¼ Sec. 28-9-20 - Custom Log Homes

Upon a motion by Commissioner Tossberg, seconded by Commissioner White, the Board agreed to accept the bid, dated August 19, 1984, of McPeck Motor Coach Co., Denver, Colorado, covering a 1984 Wheeled Coach Ford Type II Ambulance XL, FOB Hamilton in the gross amount of $25,800, less a trade-in of $1,500 with the net bid amount being $24,300.

The Board adjourned to meet the following Monday at 10:00 a.m.

Hamilton, Montana, August 27, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Doug Combs was in to ask why the gate is still locked up Hughes Creek. The Commissioners called Bob Brown, County Attorney, who came down and explained that he is taking action in court to get the gate opened.

Jay Unrue, County Road Superintendent, met with the Commissioners for his weekly road update. He said that his crew would be starting on the Grizzly Way road around the 1st part of September. Bob Brown, County Attorney, sat in on said meeting and said that Mark Lewing has agreed to fix the fence all the way up the road, so the road department will not have to do this. Bob Brown explained to Jay what is happening up the West Fork on Hughes Creek. Chairman Williams explained that the Commissioners have had several complaints on the condition of Oertli Lane, and a complaint from Natalie Drake on Fish Hatchery Road. Jay said that as soon as we get some moisture, the crew will be out grading as fast as possible. His crews are working on the Tin Cup Road and paving about one-half block of street down in Corvallis today. He will have his crews out grading to get ready for the school buses as soon as we get some moisture.

Z. Johns came in to discuss vending machines with the Commissioners. She sells the machines and then County employees would stock them and the County would then be able to retain all of the profits The machines run from $3100 to $3500. Commissioner Tossberg explained that there is a certain amount of inconvenience for the County employees to stock the machines, although he feels sure that there would be profit involved. Chairman Williams commented that he is reluctant to change what has already been set up. Z. Johns left copies of price sheets and sheets showing projected profits for the Commissioners to study, and the Commissioners said that they would check into this, and talk with the employees involved to get their reactions.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, August 28, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioners White and Tossberg present.

Chairman Williams attended a Council on Aging meeting in Polson, Montana.

Alan Anderson, sent by Bob Thomas Insurance Agency, came to inspect the County buildings for insurance purposes. Commissioner Tossberg showed him around the building.

Following review with Carol Jeppesen, Planning Office; the following Certificates of Survey were filed:

Retrace. - Lts. 4-7, Blk. 9, Darby, In NW¼NW¼ 14-3-21 - Don Guhrt

Ag. Exempt. - In SW¼ Sec. 17-5-20 - W. A. Kimp

Commissioner Tossberg moved that we grant conditional approval to the amended subdivision plat of Lot 53, Eagle Watch, a platted subdivision of Ravalli County, in accordance with the conditions as set forth in the letter from the Planning Board. Commissioner White seconded said motion. Motion carried.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, August 29, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Darlene Hughes, Clerk and Recorder; Sheri Harshbarger and Shelley Oertli, First Montana Title; met with the Commissioners to complain because Shelley and Sheri feel it is unfair that the other title companies in the valley are allowed to use the courthouse records and work out of the courthouse without paying for the space used. Commissioner Tossberg explained that the Commissioners and Darlene had felt that rather than getting into the legal hassle that might be involved, they would let the title companies have until January 1st to complete their records. Commissioner White commented that the real estate people come in also and use the plat books. There was discussion on what could be done to restrict the use of the books and records. Shelley then went to talk with Bob Brown, County Attorney, on this matter.

Fred Bray was in to inquire about the decision on the Bray Petition. The Commissioners gave him a copy of the proposed Order and asked that he visit with Bob Brown in connection with the water rights that the Fosses have.

Commissioner Tossberg moved that we adopt the Order prepared by the County Attorney on the Petition for opening of a roadway between Lots 10 and 11, 14 and 15, and 22 and 23, of Block 4, Ward's Cove, a subdivision of Ravalli County, Montana. Such work is to be completed within two years. Commissioner White seconded said motion. Motion carried. Said Order was filed in Permanent File #7005.

Fred Bray returned from Bob Brown's office and asked that the Commissioners help him to work with the Fosses to determine where the ditches should cross the road. The Commissioners said that they would help with this.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, August 30, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Chairman Williams was authorized to sign Statement of Assurance Certification Form EP16 to comply with the requirements of the Revenue Sharing Act 31 U.S.C. 6701-6724, as cited on the enclosed Statement of Assurance. Said statement was signed and mailed this day.

Following review with Carol Jeppesen, Planning Office, the following Certificate of Survey was filed:

Retrace. - Teal Young Orch. Tr. - Pts. of Lts. 10-14 - Henry Grant

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, August 31, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioner White present.

Chairman Williams was out of the office for the day.

Commissioner Tossberg attended a Board of Investments meeting in Helena, Montana.

Commissioner White was on hand to attend to office management.

Upon motion, the Board adjourned.

Ross Goss, Blaine Hoyt, and Jim Cornigan, all from the Human Resources District Council, met with the Commissioners to discuss the 1984-85 Program. This is the program that spends the Community Services Block Grant monies.

There was some discussion on the weatherization program--they said that they try to get those who qualify for the fuel assistance program on the weatherization program too so that they can cut down the long-range costs. They plan to do a detailed study this year to see where the savings are being made. They now have a computer so feel they can do an effective study. There was some discussion on how to help get people out of the poverty level. Commissioner Tossberg commented that he has noticed that the Human Resource program is running the meal services for the Senior Citizens in Missoula, and asked who funds this. Jim said that it is mainly funded from the Federal Government. They work jointly with Missoula County and SRS on the Work Fare Program and distributing Food Stamps.

The Human Resource Council employs seven people in Ravalli County on a regular basis and has just hired a VISTA volunteer for the valley who will be coordinating all of the programs if she accepts the position. VISTA pays all but the mileage on this program and Human Resource is authorized to pay mileage.

Chairman Williams commented that the Human Resource has such a large range of responsibilities, he wonders how they can do an effective job on each one. Jim said that they have a very responsible staff with experts in each field to run their particular program, and the computer is helping them to cover everything. Rose said that they recently ran an audit of the whole department and came out real well. She said that another asset to their program is that the Council gets involved and really takes an interest in what is happening. They requested a letter from the Commissioners approving their 1984-85 Plan.

Following review with Carol Jeppesen, Planning Office, the following Certificates of Survey were filed:

Occ. Sale & Rem. - In SE¼ Sec. 16-9-20 - Gayle L. Bruce and Cheri Hauntz, owners

Retrace Lts. 25 & 26, Blk. 8, Lt. 32, Blk. 9, Lake Como Orch., In 9 & 10-3-21 - John Little

Ag. Exempt. - In NW¼ Sec. 1-9-20 - Roland Moody

and the following Amended Plat was filed:

Cherry Loop Estates Am. Pl., Lt. 2 - Cindy Williams

Commissioner White moved that we adopt the amended plat of Cherry Loop Estates, Lot 2. Commissioner Tossberg seconded said motion. Motion carried.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, September 5, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

The Commissioners were on hand to attend to office management and audit the monthly claims.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, September 6, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Commissioner White moved that we purchase IBM PC Computer Word Processor (Emery) 256K and related software at a price of $5,036.00. Commissioner Tossberg seconded said motion. Motion carried.

Commissioner White moved that we approve the Fiscal Year 1985 Community Services Block Grant Work Plan as prepared by the District XI Human Resource Council. Commissioner Tossberg seconded said motion. Motion carried.

Commissioner White moved that we authorize the Chairman to sign the Agreement between the

County Library of Missoula. Commissioner Tossberg seconded said motion. Motion carried.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, September 7, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Stanton Cooper met with the Commissioners to discuss a County Park and the Big Ditch which runs through it, which is being used by the public as a swimming pool. Gary Wiens, Ravalli Republic, sat in on said meeting. Stanton said that the ditch belongs to the irrigation company and is not a part of the park. He is afraid someone will be hurt and the County will be sued. He was wondering if a "No Swimming" sign could be posted up there. Commissioner Tossberg got the plat of the property involved and there was some discussion on whether the ditch was included in the acreage described on the plat.

Peg Wilson and Cheryl Richards, Assessor's Office; Ron Foltz, Auditor; Betty Lund, Election Administrator; Stacie Walton, Ruth Cleveland and Phyllis Charlick, Treasurer's Office; and Polly Sanders and June White, Bookkeepers; met with Steve Riggins, IBM Programmer, and the Commissioners to discuss computer problems. Steve Riggins explained the overall picture of what is being accomplished with the computer. He said that the program starts in the Assessor's Office with the real property and any personal property that is carried with the real property, and then works through to the Treasurer's Office and the Bookkeeping-BARS system. The main problem lately is that so many people are working on the program at once that the machine is being slowed down. He said that Betty's Basic Program for voter registration takes a lot out of the machine and slows it down. He said that with proper communication and scheduling, this should be no problem. Betty said that they will post a calendar so that everyone can schedule their busiest times. The new printer should be here soon and that will also alleviate problems in this area. There was some discussion about rearranging the hours of the employees to make more effective use of the computer.

Steve Riggins was asked what kind of a charge was fair for computer printouts which the public might like to buy--He said that Cascade County charges about $30.00 an hour for computer time.

The Commissioners signed an Agreement and grant of Easement with the United States Department of Health and Human Services (See Certificate of Survey #3462) (See Sept. 27, 1984 minutes).

The Board adjourned to meet the following Monday at 10:00 a.m.

Hamilton, Montana, September 10, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Jay Unrue, County Road Superintendent, met with the Commissioners for his weekly road update. Jay said that the Sorenson Bridge has been completed for a couple of weeks--it took three men 1½ days and cost the County one 12 X 12 ten foot long timber and some used scrap iron. The road crew is now working on the Goat Trail--they have installed the culvert and are doing the preparation work--this project should be completed by the middle of next week. Jay feels that they will complete their schedule by the end of the year. The Commissioners set up a road tour to check out the roads on Monday, September 24th at 10:00 a.m.

Doug Combs met with the Commissioners to voice a complaint against Chris Gerber who runs an Auto Repair on the Big Corral Road. He has vehicles parked out in the County right of way all of the time, and Mr. Combs said that sometimes you can hardly get through on the road. Mr. Combs wonders if there could be a Public Nuisance charge against him for something like this.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, September 11, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Chris Devine, representing Search & Rescue, wants to set up a Search and Rescue week on the County, State and National level, and came in to ask for the Commissioners' endorsement.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, September 12, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

The signed contract with Darby Disposal, covering a three-year period, in the amount of $36,000 per year, was filed in Permanent File #5767.

At 10:00 a.m. a Park Board meeting was held. Minutes are in the Park Board file.

Following review with Carol Jeppesen, Planning Office, the following Amended Plat was filed:

Sunnyside Orchards, Amended Plat of Lts. 18 & 19, Blk. 6 - Henry Timm

Commissioner Tossberg moved that we approve the amended plat of Sunnyside Orchards, Lots 18 & 19, Blk. 6. Commissioner White seconded said motion. Motion carried.

Commissioner Tossberg moved that we appoint Mr. Don Dobberstein to the Ravalli County Park Board. Commissioner White seconded said motion. Motion carried.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, September 13, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Mr. and Mrs. Norway brought in a Stipulation Agreement on the Goat Trail matter. They feel that

9% grade. They have talked with Jay on this and he said he only has 50 feet to work with and it is hard to get that kind of grade in the space he has. The Norways have no other objections to the road, just want it done right now so that there are no problems in the future. The Commissioners said that they would discuss this with Bob Brown, County Attorney; and with Jay Unrue, County Road Superintendent.

Chairman Williams attended meetings with the Council on Aging and with the RC&D.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, September 14, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present

Commissioner Tossberg moved that under the provisions of MCA 15-24-926 the Treasurer be allowed to establish a Livestock Reserve Fund. Commissioner White seconded said motion. Motion carried.

Bill Smith came in to protest the closing by the Fair Board of the stable facilities on October 1, 1984.

Ned Applebury was in to relate to the Commissioners that the Board had taken action to close the stable facilities at the fairgrounds from October 1, 1984 until March, 1985. This time period will be used to handle the long overdue repair and refurbishing of the stall facilities.

The Board adjourned to meet the following Monday at 10:00 a.m.

Hamilton, Montana, September 17, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present

Doug Combs was in to say that there are six cars parked on the County right-of-way on the East side of Big Corral Road at Chris Gerber's place.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, September 18, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present

Commissioner Tossberg attended an energy meeting in Missoula, Montana.

Chairman Williams and Commissioner White were on hand to attend to office management.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, September 19, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present

The Commissioners went with Jay Unrue, County Road Superintendent, on a road tour.

Commissioner Tossberg moved that we appoint Jim Pfau to fill the vacancy on the Stevensville Fire Department left by the resignation of Chuck Anderson. Commissioner White seconded said motion. Motion carried.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, September 20, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioners White and Tossberg present.

Chairman Williams attended an RC&D meeting in Missoula, Montana.

Commissioner Tossberg met with Hank Winters from Mental Health to discuss the Mental Health Center.

Mary Raymond from the Hamilton Ambulance Crew met with the Commissioners to ask if they had received any complaints on the crew spending too much time down at the emergency room of the hospital. Commissioner Tossberg cited two complaints they had received over the past several months.

Commissioner Tossberg moved that we grant a one-year extension to Mr. Leland Ross on the Emma Johnson Addition to Corvallis. Motion carried.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, September 21, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioners Williams and White present.

Commissioner Tossberg was out of the office for the day.

Bill and Chris Smith visited with the Commissioners in connection with Mr. Smith's desire to lease the stable facilities at the fairgrounds.

Jack McFarland of 642-3940 was in to protest the actions of Sheriff personnel.

Following review by Carol Jeppesen, Planning Office, the following Certificates of Survey were filed:

Occ. Sale - In SE¼ Sec. 11 and NE¼ Sec. 14-4-21 - Lloyd Rennaker

Occ. Sale & Remainder - In SE¼ Sec. 1-6-21 - John Blahnik

The Board adjourned to meet the following Monday at 10:00 a.m.

Hamilton, Montana, September 24, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioners Williams and White present.

Commissioner Tossberg was out of the office for the day.

Ken and Gwendolyn Wallace met with the Commissioners to say that they had heard that the stable facilities at the fairgrounds were going to be closed and that they would like to use the

open. They stall three horses down there. They pay $15.00 per stall and $5.00 a month to haul manure. They buy their own feed locally and do their own feeding and training of the horses at the fairgrounds. Chairman Williams said that the Commissioners would check into this further.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, September 25, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Received a Petition from the property owners on Cormoret Loop in Florence, requesting that their road be put on the County Maintenance Program. Said Petition has 24 signatures.

Norm Vercruyssen met with the Commissioners on a personnel matter. Chairman Williams determined that the individual's right to privacy is greater than the public's right to know, and the doors were closed.

Ken Quattlebaum was in to ask about Lower Martin Lane in Florence, Montana. He was advised that his road is not in the county road system and that the Commissioners are not in a position to assist him on his request to grade this road.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, September 26, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Following review with Carol Jeppesen, Planning Office, the following Certificate of Survey was filed:

Occ. Sale - In NE¼NW¼ Sec. 17-2-20 - Kathryn Robbins, aka Kathryn Wilson

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, September 27, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioners White and Tossberg present.

Chairman Williams attended a MACO Board of Directors' meeting in Great Falls, Montana.

Bob and Brady Baxter; Jeff Langton, their attorney; Tom Hanson, their engineer; and Mike Gaudin, Robert's Realty; met with Commissioner Tossberg in connection with Blodgett Creek Heights. Bob introduced his son, Brady, to the Commissioners. They feel that this project will take three to four years to complete and want to proceed slowly and do a good job. Bob Baxter said that he will guarantee the bonds on the project, and that he will back his son, Brady, and stand behind him. Commissioner Tossberg explained that Ravalli County is very conservative on projects like RSIDs, but that he was sure that if the men came in before all of the Commissioners with a concrete proposal, it would be considered. Mr. Baxter thinks the project will run around $600,000. Mr. Baxter wants the street to the subdivision paved even if he has to pay for it. He stressed that he wants the project done right so that he can be proud of his contributions to it.

Agreement and Grant of Easement from Ravalli County to United States of America for an easement in NW¼NE¼ Sec. 36, T6N, R21W, Pine Grove Townsite, was today recorded in Book 169 Deeds, page 958. (Department of Health and Human Services--Rocky Mountain Laboratory). Mr. Steiner took the other two originals to be delivered to the proper persons.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, September 28, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioner White present.

Commissioner Tossberg attended a Board of Investments meeting in Helena, Montana.

Chairman Williams attended a MACO Board of Directors meeting in Great Falls, Montana.

Walt Newberry was in to say that he would rather not have the stalls at the fairgrounds closed down because he thinks it will be harder to get them opened up again.

Upon motion, the Board adjourned.

ATTEST:

Chairman Williams and Commissioner Tossberg attended a MACO meeting in Missoula, Montana.

Commissioner White was on hand to attend to office management.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, October 2, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Mrs. Harmish was in to visit with the Commissioners about the Sula GACD program. She said that some of the Sula residents are concerned as they do not want to lose their dump. A State inspector has been up there and did not give a good report, so Paul Wetzsteon, the head of the board, and Floyd Seegar, who helps him, are a little upset. Commissioner Tossberg explained that the budget is good until June 30, 1985. He explained that the Commissioners really do not have much to say about this--they just collect the money and make it available to the Sula residents. Any change in policy will have to be determined by a vote of the people involved. Commissioner Tossberg gave Mrs. Harmish a copy of

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, October 3, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Commissioner Tossberg moved to adopt the Resolution of Intention to Create Rural Special Improvement District, Resolution No. 344, to create Rural Special Improvement District No. 101, for Portions of Blocks 2, 3 and 4 of the Amended Plat of Riverview Orchards. Commissioner White seconded said motion. Motion carried unanimously. See Perm. File #7013.

Commissioner Tossberg moved that we adopt Resolution No. 343 appropriating unappropriated PILT monies in the amount of $20,000 to the County Commissioners' budget for a jail study. Commissioner White seconded said motion. Motion carried.

Following review with Don Mullin, Planning Office, the following Certificates of Survey were filed:

Occ. Sale & Rem. - In NW¼ Sec. 17-4-21 - Ethelene Gandy

Reloc. of Retrace. - In S½ of Sec. 24-3-20 - Darrell Pierce, W. W. Kendall, and Larry Reagan

Commissioner Tossberg moved that we grant conditional approval to Sunset Orchards #4, amended plat of Lot 10, Block 12, according to the conditions as set forth in the letter from the Planning Board. Commissioner White seconded said motion. Motion carried.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, October 4, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

The Commissioners were on hand to attend to office management and audit the monthly claims.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, October 5, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Sharon Ferguson, 153 Garnett Drive, P. O. Box 449, Victor, Mt., phone number 642-3313, met with the Commissioners to say she lives four miles from Victor and four miles from Stevensville, and pays taxes into the Stevensville district. She has had two children graduate from Stevensville, and one child is now in the Victor School, and she would like to pay taxes into the Victor District. The Commissioners said they would check this out for her.

A letter was sent to the Montana Economic Development Board with a Notice of Pending Application for Industrial Development Revenue Bonds for the Selway Corporation, asking them to conduct the required public hearing.

Following review with Carol Jeppesen, Planning Office, the following Certificates of Survey were filed:

Family Convey. 11.12 acres - In W½ Sec. 1-4-21 - Loyd Rennaker

Occ. Sale & Rem. - In SW¼ Sec. 34-6-21 - Brett Mildenberger

Because of the Columbus Day holiday, the Board adjourned to meet the following Tuesday at 10:00 a.m.

Hamilton, Montana, October 9, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

A resident from Bonanza Lands was in to complain that several families in the area are violating the Restrictive Covenants in the Subdivision by leaving old cars sitting around and building buildings closer than fifty feet from the road. Commissioner Tossberg explained that it is the owner's responsibility to enforce the covenants, not the County's. He said that they should get together on this and see an attorney. He said that she could talk with our Sanitarian on the junk vehicle problem.

Mrs. Buxton was in to say that she has a tree on the 700 Block of North 5th that she is afraid will fall into the street during the next snow storm. She does not live there, but is Trustee for the property. Commissioner Tossberg said she should go talk with the City officials.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, October 10, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioners White and Tossberg present.

Chairman Williams attended a Council on Aging meeting in Polson, Montana. While in Polson, he inspected the Lake County Jail Facilities.

Phyllis Daniels and Mary Costello from the Home Health Agency met with the Commissioners to say that they want to start their own agency and have applied for a license. They would call it Bitter Root Home Health Agency. Both are R.N.s and have had much experience in hospitals and with home health and are committed to serving the valley, and mostly the elderly, although they would not refuse to serve anyone. They are going into this as a non-profit organization so that they are allowed to accept donations for any indigent care that comes up. They would plan to contract with a nurse in the Darby area and physical and respiratory therapists from Daly Hospital, and with a social worker, to fill the needs that they can not meet. They would plan to work closely with the doctors and will get their referrals from doctors, hospitals, hospice, etc. They have received letters from Daly Hospital, several doctors, and some Missoula Hospitals supporting their project, and would like a letter of support from the Commissioners, if the Commissioners feel comfortable in doing this. Commissioner Tossberg said

that he would have no objections to doing this. The letter should be addressed to: "To whom it may concern" at Bitter Root Home Health, 514 Charlo, Stevensville, Montana 59870. The ladies hope to get their license in December and be operating their business by January 1st, 1985. They have talked with Henrietta Brandon, Public Health Nurse, and she said that she will work with them--they plan to also talk with Carole Graham, Human Services.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, October 11, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Following review with Darlene Hughes, Clerk and Recorder; and Carol Jeppesen, Planning Office; the following Certificates of Survey were filed:

Occ. Sale & 2 over 20 acres - In S½ Sec. 27-8-20 - Kyle Brinkerhoff

Retrace. - In SW¼NE¼ Sec. 7-5-20 and Pt. Blk. 3 - Grantsdale-Byron A. Williams and Raymond Johnson

3 parcels - locating corners - In W½NE¼ Sec. 34-5-21 - Lee Foss and Steve Foreman

Occ. Sale & Rem. - In N½ Sec. 18-10-19 - Norman L. Hughes

Adjust Common Bdries - In NW¼NE¼ Sec. 31-6-20 - Charles & Walter Stewart

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, October 12, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

The Commissioners were on hand to attend to office management.

The Board adjourned to meet the following Monday at 10:00 a.m.

Hamilton, Montana, October 15, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Jay Unrue, County Road Superintendent, met with the Commissioners for his weekly road update. He said that the snow plows are ready to go whenever they are needed. Jay said that Dick Martin has given them room on One-Horse Road, so they are widening that road.

Commissioner Tossberg said they had been in contact with Warren Drew on Alder Acres. He lives in Polson and has chosen not to come down because of the weather, but would like Jay to contact Ray Bergman, his road builder, to tell him what is required to bring the road up to specs. Commissioner Tossberg asked Jay for a rough estimate for building this road, and Jay felt it would be around $8,000--Jay said that they need to haul in about a foot of gravel. Commissioner Tossberg said that he would like to ask Ray Bergman to build a road comparable with that that Lloyd Moran had done for Mrs. Wolf. He asked that Jay talk with him and have him go look at the Wolf's road.

The Commissioners said that they had also received a call from Virginia Mirgon at 777-5370 and she wants to make an RSID and fix up her road--she said that 18 families are affected by this road--it is somewhere up Lincoln Green.

Commissioner White said that he feels a culvert is needed up Sweathouse Road--Jay drew a picture to explain the situation and said he would go up and look at the road again to see what is needed.

Ruth Dewey of 777-5378, Chapman Lane, now called Miller Hill Rd., South, was in to say that her road is really bad. It is a dead-end road and serves two families. Commissioner Tossberg said he thinks this is on limited maintenance and probably gets graded once or twice a year. The Commissioners told her they would check into this.

Following review with Carol Jeppesen, Planning Office, the following Certificates of Survey were filed:

Ag. Cove. & Remainder - In NE¼ Sec. 3-10-20 - Merlen Standley

Reloc. of Bdry. In Govt. Lts. 2 & 3, Sec. 3-1-21 - Gary Hassell & Kathryn Mickens

Tom Joste was in in connection with Big Creek Pines Subdivision. He said that the developer put in two flatcars on concrete pillars for a bridge and it is not solid. Dave Kendrick then put in some rocks to help hold this. He would like to know if there is a way to get after the developer to fix this. Commissioner Tossberg said that they could check out the conditions stipulated in the original plat, which was approved September 13, 1979. There are five lots beyond this bridge. Commissioner Tossberg suggested that Mr. Joste look into an alternate route for access to his property.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, October 16, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Mr. and Mrs. George Marshall came into the office to discuss the naming of a private road in the Corvallis area. Sharon Ellis was contacted at the Corvallis Post Office. She will assign a numeric address to the Marshalls. The name of the lane is to be May Lane.

Ruth Cleveland, County Treasurer, met with the Commissioners to check securities as of September 30, 1984:

First State Bank of Stevensville----------	$ 765,100
First Federal Savings & Loan ----------	1,642,810
Ravalli County Bank ----------	1,600,000
Citizens State Bank ----------	1,345,000
Farmers State Bank	1,105,000

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, October 17, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioners White and Williams present.

Commissioner Tossberg attended an energy meeting in Helena, Montana.

The Commissioners were on hand to attend to office management.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, October 18, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioner White present.

Chairman Williams attended an RC&D meeting in Missoula, Montana.

Commissioner Tossberg attended an energy meeting in Helena, Montana.

Barbara Green and Sally Stark met with Commissioner White to voice a complaint concerning El Capitan Road.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, October 19, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioner White and Chairman Williams present.

Commissioner Tossberg attended a Mental Health meeting in Missoula, Montana.

Chairman Williams signed an Agreement by and between Ravalli County Public Health Nursing Services and the Montana Department of Health and Environmental Sciences of Helena, Montana, for the purpose of providing residents served by Ravalli County with the services available under the Maternal and Child Health Services Block Grant Acct. #50342-14038.

Wm. C. Stewart, Hamilton, intends to construct a plane maintenance facility at the Ravalli County Airport. He requests the County to execute a 20-year lease with him covering a space located in Area C-1 consisting of 8960 square feet, said lease to become effective November 1, 1984. The 20-year lease period has been stipulated by the lending agency as a part of the construction loan to Mr. Stewart. The preferred lease period at the airport is for 10 years. However, to facilitate the financing of this project, Commissioner Williams and Tossberg agreed to the 20-year lease period and Commissioner White indicated he did not wish to deviate from a ten-year lease period. In view of the above, Chairman Williams signed the 20-year lease agreement to Mr. Stewart.

The Board adjourned to meet the following Monday at 10:00 a.m.

Hamilton, Montana, October 22, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioner White present.

Chairman Williams was out of the office for the day.

Commissioner Tossberg attended a Board of Investments meeting in Helena, Montana.

Charles Fullmer talked with Commissioner White requesting that the County fix his fence on Bowman Road where the gravel filled in--he said the cows can walk right out of it. Commissioner White said he would check into this.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, October 23, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioners White and Tossberg present.

Chairman Williams was out of the office for the day, but stopped by to take care of some office business.

Commissioners White and Tossberg were on hand to attend to office management.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, October 24, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioners White and Tossberg present.

Chairman Williams was out of the office for the day.

Following review with Carol Jeppesen, Planning Office; and Darlene Hughes, Clerk and Recorder; the following Certificates of Survey were filed:

Mtg. Rel. - In Lt. 2 - Am. Pl. #354, Sec. 11-6-20 - Steve Tintzman

Occ. Sale & Rem. - In NW¼ Sec. 23-7-21 - William Shirley

Relocating Boundaries - In NE¼NW¼ Sec. 25-1S-22 - Burley Reeves

Occ. Sale & Rem. - In SW¼SE¼ Sec. 13-8-21 - Lancetta Davidson

Occ. Sale - In SW¼ Sec. 10 & NW¼ Sec. 15-5-20 - Richard Bellan

Occ. Sale & Rem. - In SE¼ Sec. 22-7-20 - Verna Beffert

Retrace. Bdrs. - In SE¼ Sec. 14-3-21 - Ed Hart

Occ. Sale & Rem., gift to Family - In SW¼ Sec. 8-5-20 - Jim Mildenberger

and the following Amended Plat was filed:

Lt. 30, Blk. 1, Corvallis Tract - Fred Nimmick

Commissioner Tossberg moved that we grant final approval to Lt. 30, Blk. 1, Corvallis Tract. Motion carried.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, October 25, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioners White and Tossberg present.

Chairman Williams was out of the office for the day.

Joan Johnson, Ambulance Coordinator, discussed office space for the ambulance with the Commissioners Commissioner Tossberg advised that she should wait and see what happens when the welfare moves out, which should be around the first of the year.

Mrs. Ruth Centers of 363-3734, talked with the Commissioners about the Zoning District up Roaring Lion. Someone wants to log a parcel of land up there and she feels this is against the restrictive covenants and the zoning. Commissioner Tossberg said he would talk with Bob Brown, County Attorney, on this.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, October 26, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioners White and Tossberg present.

Chairman Williams was out of the office for the day.

Following review with Carol Jeppesen, Planning Office, the following Certificate of Survey was filed

Ag. Exemption - In SW¼NW¼ & NW¼SW¼ Sec. 35-7-21 - Mario Locatelli

Commissioner Tossberg moved that we grant conditional approval to Paradise Heights #2, Am. Pl., Lt. 9, Blk. 5, for Gordon S. Sutcliffe.

The Board adjourned to meet the following Monday at 10:00 a.m.

Hamilton, Montana, October 29, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Cal Hanson from the Westside Road came in to complain about some potholes that need filling out by the Beaver Farm and the "Sharp Curve" sign.

Bob Brown, County Attorney; Paul Dumond, Diana and Steve Melchert, and Bob Williams, landowners out by the Honeydew and Troy Addition Subdivisions; met with the Commissioners to say that they are very unhappy that these subdivisions were approved, and feel that they are illegal and that the intent was illegal when this was done by Mr. Cook. They have had a hard time getting enough water up in that area themselves and feel that the possibility of forty more residents up there is sure to cause damage to their property. They have hired a lawyer and said that there is a chance of suit if their property is damaged by the subdivisions. Commissioner Tossberg asked how long the people in attendance had owned their property. The Melcherts said that they had been property owners in the area since before the subdivision was made--Mr. Tossberg asked if they had protested when the subdivision was made and they said that they were not aware of it until the road building equipment came in this year--the subdivision was finalized in 1980 when the final plat was filed. Bob Williams said that Mr. Cook deceived the County when he did the Certificates of Survey splitting and giving parcels to family members--Commissioner Tossberg and Chairman Williams said that they did not dispute this. Bob Brown, County Attorney, explained that the statute of limitations would prevent them from having any authority over this anymore and that the County is powerless to act now that the final plat has been filed. Bob Brown explained that Missoula County has set up some regulations to prevent things like this from happening, and that we are in the process of doing the same, but this would not help in this situation because of the ex post facto laws. Chairman Williams suggested that the people selling this property should inform the potential buyers of the problems they may incur on this property. Bob Williams said that they were posting signs and were working through the Sheriff's Office as to how to put up signs and prevent people from removing them.

The Commissioners explained that the State Board of Health would have had to give approval at the time the subdivision was passed, and they explained the procedure that the developer had to go through. They suggested that Mr. Williams, the Melcherts, and Mr. Dumond check with the Sanitarian to see if sewer permits had been issued. There was some discussion about the road--the Melcherts feel they pay taxes on the road and wondered if they have to allow all of these other people to use it--Bob Brown explained that this has become a prescriptive right of way, and that he does not think they could prevent people from this access to the land. Gary Wiens from the Ravalli Republic came in and Commissioner Tossberg suggested that the people involved give him their story. Bob Brown explained that the County is a creature that is subject to the statutes and that the Commissioners can not act upon anything that is not specifically set out in the Statutes.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, October 30, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Chairman Williams

Tossberg present.

Commissioner White was out of the office for the day.

Commissioner Tossberg attended an energy meeting in Missoula, Montana.

Rich Duxbury met with Chairman Williams in connection with the Riverview RSID. Bob Brown, County Attorney, sat in on said meeting. Rich said that the neighbors in his area will have a meeting tonight to see how they plan to protest the action. Some of them will attend the hearing on November 7th. He said that when he bought his property he was told that the money had already been collected for the road, but he does not know where it went. Rick said that a couple of houses in the area do not meet the requirements set up by the Restrictive Covenants. Chairman Williams said that he should get together with the other people in the neighborhood who object to this and have an attorney write a letter to the offenders. Also, he said one person has an outhouse on their property. Bob Brown, County Attorney, recommended that they talk to the Sanitarian about this. Bob Brown got out the restrictive covenants and they provide for an assessment of $35.00 per lot.

Bob Brown explained that the Commissioners had been committed to go through with the procedure, but that if there are a lot of objections to the RSID, this would be a different matter, and the Commissioners would be obligated to turn it down.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, October 31, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Maxine and Layton Jones and Willie and Bob Christ met with the Commissioners to discuss the needs of the aging in Ravalli County. Maxine said that Duane Lutke from the Area VI Council on Aging has volunteered to help Maxine set up a RSVP (Retired Services Volunteer Program). There was some discussion on the way Ravalli County is kind of fragmented as to its Senior Citizen groups. Commissioner Tossberg commented that this might be good--that a little competition might keep things more interesting. Bob Christ commented that the only problems seem to be what night to dance, and he feels that this is right--that when you get to be that age, you should not have to worry where the next meal is coming from. He explained that the Grange is proposing a Retirement Center, to be built out by the golf course, and they are asking for recommendations from five counties through their Granges, and through the Commissioners, getting ready to apply for a grant from HUD. They want to be sure to get the grant application done properly this time as they were turned down last time. There was some discussion on providing meals for the elderly and Bob said that the Grange feels this is necessary and would not be interested in building a center if meals are not included. He feels that they can cater from the nursing home. After some discussion, it was decided that there may be some value in Maxine pursuing the RSVP program. Bob said that they need the support of the Commissioners on their project if it is to work out.

Rich and Lucinda Duxbury, and Sherry Boehrs met with the Commissioners to discuss the Riverview RSID situation. Chairman Williams explained that he had talked with the Sanitarian on the "outhouse" problem and he has already talked with the people involved and they are not doing as he requested. Mr. Duxbury said that someone is dumping sewage up there and he would like this checked out. Commissioner White said that he thinks this is legal as they do it up by his place. Mr. Duxbury said that he had delivered some petitions to the Clerk and Recorder as required by law. There was some discussion as to whether the petitions could be accepted. Bob Brown, County Attorney, was called in and said that the petitions were legal as the people had fifteen days from the postmark of their notice. Mr. Duxbury's notice was dated October 25 and Mrs. Boehrs was dated October 23rd. He said that this is the valid date, and that their protests would be valid. Bob said that if there is too much discrepancy as to proper notice being given, Mr. Lind would have to redo the procedure. Bob Brown said that the lot numbers should be designated on the protests so that this could be more easily checked out. Commissioner Tossberg advised the people in the area to save their envelopes to prove the mailing date.

Bob Brown said that the hearing should be held on November 7th as planned and then that hearing should be adjourned to a future date acceptable to those involved so that the problems can be resolved. Dennis Lind will produce a mailing list to show when the notices were mailed. In the meantime, all protests should be in writing and delivered to the Clerk and Recorder. Commissioner Tossberg asked when the first notice was postmarked and Rich said that probably Mel Finley's was the first.

Following review with Carol Jeppesen, Planning Office, the following Certificates of Survey were filed:

Ag. Exempt. - In NW¼ Sec. 11-8-20 - William Cornman

Correcting CS # 3243 - In SW¼ Sec. 36-8-21 - Linda R. Chrisholm

Occ. Sale & Rem. - In NW¼ Sec. 26-6-21 - Henry Plumb

Upon motion, the Board adjourned.

ATTEST:

Darlene E. Hughes
(Clerk and Recorder)

APPROVED: Harold White

APPROVED: F. D. Williams

APPROVED: F. B. Tossberg

---0---

Hamilton, Montana, November 1, 1984

The Board of County Commissioners of Ravalli County, Montana, met in regular session on the above date at 10:00 a.m., with the following members present: Chairman F. T. Williams, Commissioner Harold White, Commissioner F. B. Tossberg, and Darlene E. Hughes, Clerk and Recorder.

The reports of the Clerk and Recorder and County Treasurer for the month of August, 1984, were audited and found to be in balance with cash on hand in all funds in the sum of $7,453,052.22.

Upon motion made and seconded, the following claims were approved and warrants were ordered drawn in payment of same:

Don Dowling was in to visit with the Commissioners in connection with a problem with the East Fork property on which the Dowlings have had a cabin since 1921. Until five years ago, they were leasing from the Forest Service, but the Forest Service considered this a nuisance, so they arranged a trade of Arlo Ellison's 40 acres at Lake Como for the 8.8 acres of land up the East Fork--

Arlo Ellison for the 8.8 acre tract. However, the agreement was that 3.3 acres would be deeded to the Dowlings by Arlo Ellison. Because of Montana law, they can not make a division of land and create a new parcel without going through DEHS review. The Commissioners asked Don Mullin, Sanitarian, to come down and explain the situation. After some discussion about possible alternatives, Don said he felt the best route would be to proceed with the DEHS review and see how it goes. If this does not work out, there are a couple of other alternatives.

Mr. Wildung, who lives up Robbin's Gulch, visited with the Commissioners because he feels he is being taxed from Sula GACD and from Darby Disposal. Cheryl Richards, Assessor, came down to explain that Sula taxes on bare land, and part of Mr. Wildung's land is on the Sula District, and part on Darby, and this is why he has a charge from both districts.

The Board adjourned to meet the following Monday at 10:00 a.m.

Hamilton, Montana, November 5, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Jay Unrue, County Road Superintendent, met with the Commissioners for his weekly road update. He said that his graders are out each morning as soon as the roads thaw, around 11:00 a.m.

Commissioner Tossberg explained that he had received a call from Ray Bergman on the Alder Acres subdivision of Warren Drews. Jay said that he had gone out and checked the road and it has too much black dirt in it, so really isn't the best road, and would really like a better job done. Commissioner Tossberg said that the County did not specify that the road had to be done according to specs. He said he would like the County to develop some consistency on roads like this. It was agreed that the Commissioners and Jay would accept the road as it is not a County road, but a private road. The Commissioners explained a complaint they had received about the condition of the Eagle Watch road after someone had lain cable. Jay said they plan to fix this.

Chairman Williams asked Jay about the grade on the Grizzly Way road. Jay said that it could have a 10% grade at present as they are waiting for it to settle, and will do their finish work then to bring it to a 9% grade. The Commissioners and Bob Brown, County Attorney, said that they feel this is a nice road, better than any others in the area. Jay said he will finish it up in about two weeks. Bob Brown said that he would talk with the Judge on this today if he can catch him during a recess.

A lady was in to complain about the North Gold Creek Loop road and Jay said this is a private road, so does not involve the County.

Commissioner Tossberg asked Jay to set up some suggested specs for subdivision roads, to be used in the future. Jay said he would do this.

Because of Election Day, the Board adjourned to meet the following Wednesday at 10:00 a.m.

Hamilton, Montana, November 7, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

The County Commissioners signed a Proclamation for Search and Rescue Week for the Ravalli County Search and Rescue.

Lucinda Duxbury and Sherry Boehrs met with the Commissioners for the Riverview Orchards RSID hearing scheduled for 3:00 P.M. At 3:00, Commissioner Tossberg moved that in view of the fact that the letters to the property owners were not sent out at the same time the notice was originally posted and published, he would like to continue the meeting to another date, that date being Tuesday, December 4, 1984, at 7:30 p.m., in the office of the County Commissioners. Commissioner White seconded said motion. Motion carried.

Tom Hanson came in as the motion was being made and Chairman Williams explained what had happened.

Application for Cancellation of Taxes #714 was approved in the amount of $48.64.

The Commissioners approved the sale of the following used and obsolete office machines to the Citizens State Bank for the sum of $150.00:

Burroughs Wide Keyboard Adding Machines, Serial Nos. P424596S, P78451D and P3087805

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, November 8, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

The Board of County Commissioners of Ravalli County, Montana, met, according to law, as a Board of County Canvassers in the Commissioners' Office at the County Courthouse in the City of Hamilton, the County seat, on the 8th day of November, 1984, for the purpose of canvassing returns and declaring the results of the General Election held in the County of Ravalli on the 6th day of November, 1984.

Present: Chairman F. T. Williams, Commissioner Harold White, Commissioner F. B. Tossberg, Clerk and Recorder Darlene E. Hughes, and Election Administrator, Betty T. Lund.

For official returns, see records in the Clerk and Recorder's office.

Following review with Carol Jeppesen, Planning Office, the following Certificates of Survey were filed:

Mtg. Rel. - In W½ Sec. 25-6-21 - M. E. Taylor and J. W. Olson

Occ. Sale & Rem. - Tr. 1 - CS #3488, In E½E½ Sec. 24-6-21 - George Hieronymus

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, November 9, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Following review with Carol Jeppesen, Planning Office, the following Certificates of Survey were filed:

Retracement and Boundary Adjustment - In W½ Sec. 26-4-21 - Sidney Wilkerson

Occ. Sale & Rem. - In SW¼ Sec. 7-10-19 - Robert Wofford

Because of the Veterans' Day holiday, the Board adjourned to meet the following Tuesday at 10:00 a.m.

Hamilton, Montana, November 13, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Commissioner Tossberg and Ron Fisher talked with the Lion's Club about the jail problem.

The Commissioners were on hand to attend to office management.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, November 14, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

At 10:00 a.m. a Park Board meeting was held. Minutes are in the Park Board file.

Commissioner White moved that we accept Grizzly Way, Winkler Lane and Alberta Way into the County system as shown in Resolution #345 and that said Resolution be adopted. Commissioner Tossberg seconded said motion. Motion carried.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, November 15, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

A letter was mailed to the Planning and Statistics Bureau of the Montana Dept. of Highways stating that the rural road mileage in Ravalli County amounts to 1310.908 miles.

Following review with Carol Jeppesen, Planning Office, the following Certificates of Survey were filed:

Occ. Sale & Rem. - In NW¼ Sec. 3-6-21 - Anna R. Woodruff and Anna Lee Reynolds

Occ. Sale - In NE¼SW¼ and NW¼SE¼ Sec. 27-2-20 - Ken Robbins

Occ. Sale & Rem. - In NW¼ Sec. 6-8-20 - James M. Watts

Occ. Sale - In SW¼ Sec. 18-9-19 - William J. Anderson

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, November 16, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Chairman Williams and Commissioner White present.

Commissioner Tossberg attended an energy meeting before the legislature in Helena, Montana.

Elroy Brunner, property owner in the Eight-Mile Road area south of Circle Square subdivision, came in to complain of neighbors using a privately owned access road easement. Bob Brown advised that since the road is on private property, the county has no enforcement responsibility and suggested he secure legal counsel.

The Board adjourned to meet the following Monday at 10:00 a.m.

Hamilton, Montana, November 19, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Jay Unrue, County Road Superintendent, met with the Commissioners for his weekly road update. Bob Brown, County Attorney; and Larry Higginbotham, County Surveyor; sat in on said meeting. Larry Higginbotham said he had received a call from Steve Powell, surveyor, and Steve said the County Road Dept. has removed a ¼ corner pin and did not get it back where it belongs. Larry said that he feels the County should budget some money for this and hire a surveyor to replace any pins that need to be removed to protect the County from any liability.

Commissioner Tossberg said that he had received calls from Shelly Moles and Mr. Moles on the condition of the road up to their house. They can not get into their house and are running out of heating oil and would like to know what the County is going to do about this road. There was some discussion about the possibility of getting a right of way from the other side. Jay was asked how the County got started maintaining this road. He said that as far as he can tell, Ray Lord, the grader operator up there at that time, just started grading the road as a favor to the people. Commissioner Tossberg asked Bob Brown what the County's liability would be in this situation. Bob Brown said that there is a possibility that there would be more liability to the other people in the County because of the money being spent on this road. He said that not long ago the Supreme Court determined that it was illegal for the County to maintain a road because of the cost to the public. Commissioner Tossberg asked if the Commissioners should find a solution to the Moles' problem or just tell them we are not going to do anything. Bob Brown said that if we attempt to find a solution, we may be committed to find one. Jay said that the County moved the Moles family into an apartment and paid for the apartment in 1975 when this situation started--maybe that was done with Civil Defense money. It was agreed that Bob and Jay should do some research on this to see where the County stands.

Larry Higginbotham said that the survey crew is out on Grizzly Way checking out the [illegible]

grade. Jay said that he and his crew were trying to stay in the 50 foot right of way. Larry and Commissioner Tossberg said that they did not feel that Jay was required to stay within 50 feet, that he had been given extra footage if he needs it. Jay said that if it becomes necessary to do more work on this, his crew will do it, and there will be no problem.

Jay presented proposed specs for minimum requirements on subdivision roads to the Commissioners as they had previously requested. There was some discussion on the differences from the existing specs. These would be adopted with the understanding that these were roads that would never be adopted into the County Maintenance System, and that this gives some alternatives on the fill materials used to reduce expenses a little.

John Marron from the State Highway Department was in to say that he had received a request from the J.P.s and Highway Patrolmen to raise the speed limit on the new stretch of highway south of town. He showed the proposed plan to the Commissioners and said that this would come into effect automatically if the Commissioners did not voice any objections--it may even be adopted if they do object--the final decision is up to the State Highway people. The Commissioners said they could see no problems with this. The need for more stop lights was discussed and John said that they are watching the traffic flow and would put them in when needed. The two places for possible lights would be the Golf Course intersection and the Fairgrounds intersection. Chairman Williams explained the lack of visibility on the West side of the Golf Course intersection, and said that it might help to trim some trees--John said he would check into this. The Commissioners have 60 days to comment on changes, and if they do not object, the best course of action is to do nothing. John said that they plan to put a series of reflectors on the Sleeping Child road to make the turn more visible.

John said that in regard to the request for reduction of speed through Woodside, they had not found a need to reduce the speed. He said that he had received a request from the Westview principal for a "School Bus Stop" sign at Angler's Roost, and he was checking this out.

Sue Daly from Fish, Wildlife and Parks visited with the Commissioners on the Golf Course project--she said she had everything she needed, and just needed to inspect the project. The Commissioners went with her to the Golf Course to check this out. Chairman Williams asked about possible funding for the Lone Rock School project and Sue said that it would probably be available if they could get someone to sponsor the project who has control of the land. She said that no more money will be available until November 1st of next year as the time for applying was closed on Nov. 1st of this year. Commissioner Tossberg asked if there is a way to make the paper work less cumbersome and Sue discussed the ways she knows of and said they have been trying to use these methods to make the Florence Project go more smoothly.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, November 20, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

The Board of County Commissioners of Ravalli County, Montana, met, according to law, as a Board of County Canvassers in the Commissioners' Office at the County Courthouse in the City of Hamilton, the County seat, on the 20th day of November, 1984, for the purpose of canvassing overseas absentee ballots for the General Election which had been held in Ravalli County on November 6, 1984. These returns were duly noted and General Election vote totals were adjusted to include the results of the for-mentioned absentee ballots.

Peggy Brown and R. Y. Brown were in in connection with obtaining a sign to put on their road. They have named it Deer-Run Trail. They said that they will put the sign up if they can get it. The Commissioners said that they would check into this and try to get a sign for them. Their phone number is 777-3508. Greg Lakes, The Missoulian, sat in on said meeting.

Following review with Carol Jeppesen, Planning Office; and Darlene Hughes, Clerk and Recorder; the following Certificates of Survey were filed:

Retracement Survey - Nellie Nichols Land in Lot 4 - Alex Meuchel and Ralph Hobbs

Occ. Sale & Rem. - In NE¼NW¼ Sec. 31-7-20 - Frank E. McCauley

Commissioner Tossberg moved that we approve the filing of the final plat of Alder Acres II for Warren Drew. Motion carried.

Commissioner Tossberg moved that we approve the amended subdivision plat of the Relocation of Lts. 6, 7, and 8, Blk. 3, Corvallis, being a portion of Block 3, for Margaret Burreson and Dovie Simpson, Corvallis School District. Motion carried.

Chairman Williams executed a Modification of Agreement document between the Ravalli County Public Health Nursing Services and the Montana Department of Health and Environmental Sciences relative to the disbursement $31079 of the remaining uncommitted and unexpended Maternal and Child Health Services Block Grant funds after June 30, 1984.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, November 21, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Chairman Williams and Commissioner Tossberg present.

Commissioner White was out of the office for the day.

Dale Dye, Sheriff; Bob Brown, County Attorney; and the Commissioners met to discuss the jail situation.

The Commissioners approved Call for Bids asking for bids for the contracting of the publication of legal advertising and commercial printing for the County, to be published in the Ravalli Republic on November 27, December 4 and December 11, 1984. Said bids are to be received before 2:00 p.m. on December 13, 1984, at which time the bids will be opened and read aloud.

In accordance with the agreement reached with the Ravalli County Bank on June 8, 1984, the rate on registered warrants for the District Court fund has been renegotiated from 10% down to 9%.

Following review with Carol Jeppesen, Planning Office; and Darlene Hughes, Clerk and Recorder, the following amended plat was filed:

Sunnyside Orchard Lt. 19, 20, 21 & 22, Blk. 4 - Doris P. Bell and Stephen Cooke

Commissioner Tossberg moved that we approve the amended subdivision plat of Sunnyside Orchard, Lts. 19, 20, 21 & 22, Blk. 4 for filing. Motion carried.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, November 23, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Chairman Williams and Commissioner White present.

Commissioner Tossberg was out of the office for the day.

Chairman Williams and Commissioner White were on hand to attend to office management.

The Board adjourned to meet the following Monday at 10:00 a.m.

Hamilton, Montana, November 26, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present

Lectra Poll was in to ask that her street in Corvallis be oiled. She said that she moved to th valley in 1927, and to Corvallis in 1966 and now owns Lots 1, 2, 3 & 4, Block 4, Emma F. Johnson Addition to Corvallis. She said that Sam Hieronymus, the County Commissioner at that time, had promised her that those streets would be oiled soon back in 1965. She said that the school is renting the church for the kindergarten and this brings the buses down her street and the dust problem is real bad. The Commissioner said that they would check into this.

Jay Unrue, County Road Superintendent, met with the Commissioners for his weekly road update. Chairman Williams explained Mrs. Poll's request. Jay said that the school will be building on to the elementary school, so they will not be using the church after this year. They plan to add 6 rooms. He said that he wonders how much preparation work would be required to oil those roads, and said he would check into this.

Jim Weaver, Don Fallang, Ace Hoang, and Al Dutton met with the Commissioners and Jay in connection with the secondary road project. Don explained that they feel that the County can have more road for less money if they do not widen the road to 30', but stick with the 26 foot top. They said that the extra expense to widen the base is not worth the expense. He said that in most places, we already have 28 feet to work with. They will have to widen one bridge and will be putting up some guard rails where necessary. They will plan to address the high-accident areas, and will do some special work at the intersection in Corvallis. The first project was for 6 miles--just through Corvallis--they feel that the County has enough money that they could go 12 miles. They would plan to do this about 1988, and maybe 1987. The Commissioners said that they would definitely like as much done as possible. Jim Weaver said that the State prefers one large project to two small ones as they get much more for their money. He said that it would depend on how many problem areas are in the next six miles. Commissioner Tossberg asked if there may be some more pressing problems that the secondary road money should be spent for. Jay said that he feels this one is the most important one right now. Jay asked if the County could do some of the work on this road. Jim said that they would like to do this by contract and were reluctant to pay the Counties to do secondary road work. He said that maybe the County could do some slope flattening. He said that Jay could put in the flasher at the intersection in Corvallis. Jay said he would be glad to do this.

Don Fallang said that they would be sending the necessary forms to proceed with this project. He said it appears that there will be enough money--we might have to borrow one year ahead, but the State allows the County to borrow up to three years.

Jim Weaver said that he wanted it understood that narrowing the original plans for the road is sacrificing some safety, but that it will be an improvement over the present road. They will plan to leave the road wide down Marcus Street where it is already at least 30 feet.

In connection with the bridge south of Darby, Don asked Jay if he wants the present bridge for salvage. Jay said that he had sent a letter requesting it. Jim said he would check this out. Jim said that they may have to negotiate on how to get the bridge moved to where Jay wants it.

Commissioner Tossberg said that the West side of the bridge is used to put in boats and rafts as you can not get them in from the Fish and Game access. He said that people are used to parking their vehicles there as they float the river, and this is one of the most popular floats in the

Bitterroot, so he feels that this access should be protected. Jim said he would rather see the floaters use the Fish and Game access and he feels he can get after them to improve it as the State has given them some money. Commissioner Tossberg said that he may talk with someone from the Fish and Game on this too; he said that if there is no access at this point, it will stir up a real hornet's nest.

Jay asked Don if he needs to come up with a second priority and Don said that he would like one. Jim said that we can not count on the project going through until they get Federal approval, and the Feds are tightening down on them and there are quite a few exceptions in this stretch of road, so they may run into trouble.

The men were asked when the road from Charlos Heights to Conner will go in and they said that they are hoping it will be done in 1989.

Ren Cleveland met with the Commissioners to say that he would like to have the City-County Planning meetings held in the evening so that the working people could attend. Commissioner Tossberg said that he felt this was a good suggestion, and would pass it on to the City officials.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, November 27, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioner White and Commissioner Tossberg present.

Chairman Williams attended a Council on Aging meeting in Superior, Montana.

A letter was received from Don H. Kirby and Jeanne Kirby, his wife, withdrawing the request to open a road in Mountain View Orchards, as they have sold their property to Kay Engleke. See letter in Commissioners' file.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, November 28, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

The Commissioners were on hand to audit the monthly claims and attend to office management.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, November 29, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioner White and Commissioner Tossberg present.

Chairman Williams attended a MACO Board of Directors meeting in Helena, Montana.

Commissioners White and Tossberg were on hand to attend to office management and audit the monthly claims.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, November 30, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioner White and Chairman Williams present.

Commissioner Tossberg attended a Board of Investments meeting in Helena, Montana.

Terry Maier from the Hidden Valley area down by Florence met with Chairman Williams to say they have a zoning district that says all homes have to meet FHA specs, and no trailer homes. He said that five have been moved in during this past year, and there is an older home that has been moved in that does not meet FHA specs. He wonders what can be done about this. Chairman Williams said that he should get together with the other homeowners in the area who object to this and consult an attorney to notify the offenders. Terry said that the school bus is using their private road for about a quarter of a mile and he objects to this as the County does not maintain this road. He said that he would like to see the lower part of Hidden Valley Road taken into the maintenance system. He said that he feels this road gets more public use than any other in the area. Chairman Williams said he would check into this.

Chairman Williams attended a meeting in Missoula to discuss the proposed Noxious Plant Management Act.

Upon motion, the Board adjourned.

ATTEST:

Darlene E. Hughes
(Clerk and Recorder)

APPROVED: F. T. Williams

Jay Unrue, County Road Superintendent, met with the Commissioners for his weekly road update. Larry Higginbotham, Surveyor, sat in on said meeting and presented the plat for the recent survey on Grizzly Way. He said that the grade is just barely over 9%. He said that the road has no sharp transitions, and is a real good road. Jay said that the road has probably settled all that it will. The Commissioners said that they would have Bob Brown, County Attorney, present it to the Judge and see what he says.

Commissioner Tossberg explained that he received a call from Pat Williams' office on the road situation down by Florence. Jay said that they had received a call too and the graders were out and they were taking care of the roads. Commissioner Tossberg said he had explained to the man from Pat Williams' office that the School Superintendents usually call whenever there is a bad situation, and they had received no call from the Superintendents in the area.

Commissioner Tossberg explained that he had received a call from Bill Brooks about having the school bus come up a little further, and that they need a turnaround on private road. Frank Bedey has gone to look into the situation. Jay explained that they can not go on private ground.

Commissioner Tossberg said that he had received a call from Debbie Norway on the Grizzly Way road and she said that they are supposed to be relieved of their responsibility for the bridge by January 1st, 1985. The premium on their insurance policy is due then and they would not plan to renew it. Commissioner Tossberg said that he feels the Commissioners should work to have the bridge out by this time. It was agreed that they would talk with Bob Brown on this.

Commissioner White explained that C. V. Fullmer was in to complain about the washing of dirt and gravel into his fence. He feels the County should take care of this. Jay said he would look into this and talk with Mr. Fullmer.

Chairman Williams asked when Jay plans to put in the Dutch Hill bridge and Jay said it would be done in March.

Ray Atkins and Bill Hodge, who live just South of Corvallis, came in to discuss their concerns about the work the City-County Planning Board is doing to annex onto the City of Hamilton. They said that they would not be in favor of this annexing down in their area. Chairman Williams asked if they object to the planning, or if they just object that it might go so far. They said they feel that where the annexing is needed to protect sanitation and health, they felt it was okay, but feel that so many times it is done when it is not necessary. They feel it should be done slowly and cautiously. As for growth, the men said they feel it is on the decrease--that many people are trying to sell the places they bought 10 years ago. Commissioner Tossberg commented that he feels there is still plenty of activity. He explained that the Board is just in the talking process and are only an advisory board that will need to present any proposals they come up with to the Commissioners and to the public before they are in a position to annex any more land.

Ed Hopkins and Mrs. Hodge came in later to discuss their concern about the proposed annexation. Mrs. Hodge presented a letter to the Commissioners which they have given to the Grange and to the Chamber of Commerce objecting to the expansion of the City of Hamilton into their area. Commissioner Tossberg said he would see to it that the City-County Planning Board gets a copy of said letter. Chairman Williams explained that nothing is concrete and that there is a lot of work to do before anything will happen on this project. Commissioner Tossberg said that he is sure the Board has plenty to do within two or three blocks of the City limits to keep them busy for four years. Mrs. Hodge said that they are concerned about the hiring of a professional consultant and Commissioner Tossberg said that there probably will be the need to hire a professional at some time. Mrs. Hodge said that she is concerned about the cost that could result for the people. Chairman Williams said that all of the planning meetings will be open to the public and nothing will be done without public input.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, December 4, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Following review with Carol Jeppesen, Planning Office; and Darlene Hughes, Clerk and Recorder; the following Certificates of Survey were filed:

Relocation of Boundary - In HES #197 - T2, R18 - Joe Osterbauer and Sylvia J. Osterbauer, his wife

Occasional Sale - In SE¼ Sec. 11-6-21 - Joe Higgins

and the following Amended Plat was filed:

Hamilton Heights - Lt. 12, Blk. 11 - Russ Kearns

Commissioner Tossberg moved that we grant final approval to the amended subdivision plat of Hamilton Heights, Lot 12, Blk. 11. Commissioner White seconded said motion. Motion carried.

Carol Jeppesen presented the amended plat of Sunnyside Orchards, Lt. 15, Blk. 1 - Stephen J. and Ellen H. Anderson, for conditional approval.

Commissioner Tossberg moved that we grant conditional approval to Sunnyside Orchards, Lt. 15, Blk. 1, with conditions as set forth in the letter from the Planning Board. Commissioner White seconded said motion. Motion carried.

Jennie Forbes was in to say that she is working on a petition to form a fire district from the Job Corpos up to the West Fork Lodge up the West Fork. She plans to contract with the Darby Fire Dept. Commissioner Tossberg said he would talk with Bob Brown, County Attorney, on this, and that Jennie should call him to get information on how to proceed with the petition.

(See also minutes for this day on Riverview Orchards RSID meeting, which are in the file in the office of the County Commissioners.)

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, December 5, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Following review with Carol Jeppesen, the following Certificate of Survey was filed:

Ag. Ex. & Rem. - In SW¼SW¼ Sec. 34 & SE¼SE¼ Sec. 33-2-21 - Catherine Lieske

Jim Haynes visited with the Commissioners to ask that Judy Bruce become a Notary Public in their office. The Commissioners said to talk to Reba Falk about the procedure to go ahead on this.

Wendy Holmes and Stan McEntire met with the Commissioners to explain the Summit Outreach program. They have been working in Missoula County in connection with the Community Hospital under a Federal grant. Stan will be the coordinator in the Hamilton area and will work one-half day a week out of an office in the new welfare building. They will be providing services to the severely disabled. Wendy explained that they have a staff in Missoula that will come to Hamilton to work with the Ravalli County people that have needs. They will be working closely with social workers and home health people and will set up a small advisory committee to help with the problems in Ravalli County. They get some help from 3rd party payers such as medicare, worker's compensation, etc.

Commissioner Tossberg asked Stan what his job will be and Stan said he would be talking with people in Ravalli County and referring them to the Missoula people for followups. Stan is also interested in working with people in the city concerning the accessibility of the buildings to the handicapped. There was some discussion on ramping the Museum, and what buildings are accessible. Commissioner Tossberg said that the County at this time has no building codes but the city does have them, so Stan should talk with the Mayor. He said that any commercial building in the County is checked out by the State inspector.

Wendy said that they have instructors available to train people to help the handicapped if this appears to be a need in Ravalli County. She asked if there are other ways they might assist Ravalli County--they give professional services and training but do not go into the homes and do the actual work. They do have a fee system for their work, but do a lot of the work for free because of the grant monies. They are in the fourth year of their grant and there is money available for a fifth year, so would plan to apply for that.

Chairman Williams expressed concern about duplication of services already provided and Wendy said she did not think this would happen as they do not do the maintenance things--just teach skills, so they just bring the patient to a certain point and then no longer work with them.

Chairman Williams asked if there is a possibility of working with the hospital here as they do in Missoula and suggested that Wendy talk with Dick Atkins.

Wendy said that they have a lot of pictures of ramps that the Commissioners could study to choose one for the Museum.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, December 6, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

The Commissioners were on hand to audit the monthly claims and tend to office management.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, December 7, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Terri Wilner, Staff member, Northwest Power Planning Council; and Gerald Mueller, Council Member, Northwest Power Planning Council; Gary Mason, Ravalli County Electric; Robert Smith; Dick Sipes, Stevensville Mayor; Bob Thoft, Legislative Rep.-Dist. 63; Rose Goss, Planning Board; Greg Lakes, Missoulian; Fred Thomas, Legislative Rep.; Peggy Munoz, City-County Planning Bd.; Marion Davis, County Commissioner-Elect; Elmer Severson, State Senator; Bernie Swift, Legislative Rep.; Bill Farrell, Leg. Rep.-Dist. 31; Janie Stiles, Ravalli Republic; Albert Moody, Darby Mayor; Ben Ouellette, Montana Power Co.; Butch Fullerton, Fullerton's Plumbing & Heating; and Robert Bailey, Ravalli County Electric Co-op; met with the Commissioners to propose the proposed Model Conservation Codes. Commissioner Tossberg explained the purpose of the Northwest Power Planning Council. They are required to set up Model Conservation Codes for the purpose of conserving energy, and the most controversial issue is the adoption of codes for residential construction. Western Montana is the most affected by the problem because the Bonneville Power Assoc. will be required to place a surtax on energy sold to any of their users who do not adopt energy codes. In Ravalli County, Montana Power serves about 2/3rds of the people and Ravalli County Electric serves one-third. The Commissioners are interested in the public viewpoint so they can know how to deal with this even-handedly.

Gerald Mueller explained the background for the power council and said that the Governor has told the Council to make sure that we will have enough electricity for the next twenty years and to buy the cheapest sources available. He said that as far as they can tell from their studies, more electricity will be needed than is available right now. Right now the cheapest sources of electricity are the big dams like Grand Coulee and Hungry Horse, but there are no more locations like this available and any new coal, nuclear, or thermo plants will cost more than those did, and raise the price of energy. The other way to keep the bills down is to conserve what we now have, and that is why they are trying to set up some model conservation standards to force people to build in an energy-conservative manner. They have set January 1, 1986 as their target to have everything into effect. They have been asked to prolong the adoption of the codes two years, but explained how costly it would be to the Northwest region to delay this another two years. They will not be asking the Legislature to set up the rule-making procedure, but will ask the Administration to do this as they have more time to put thought into it than the Legislature does.

Gary Mason confirmed the fact that the BPA will be issuing a surcharge of from 10%-50% if the codes are not adopted by the council <u>or</u> if the RCE does not come up with some codes of their own. They have been trying to insulate the existing homes. This surcharge could mean as much as $200,000 to the Ravalli County Electric, so could affect the individual user a lot. The surcharge will be based on energy savings. It would cost from $3,000 to $5,000 more to build a house according to these codes, but there would be a good pay-off for doing it. Dick Sipes said that it will still cost more, and the energy bills will still go up, so the people are still going to pay. Mr. Mueller said that they are trying to keep the bills from climbing more--any savings is going to keep the bills from climbing. Gary Mason commented that there are refrigerators on the market that can save energy enough that it would pay to go out and buy a new one as it would pay for itself at a rapid rate. The principal is that one person affects all of the rest, and all have to pay for the increased energy needed.

Butch Fullerton commented that he has four areas of concern:

1. Why not try to find more energy--it seems like there should be more economical sources out there.
2. He has found that it costs more than the codes say for the contractors to conform to the standards, and most people are not willing to pay the extra amount as it does not increase the sale price that much.
3. State of Montana does not have any building codes that affect single-family dwellings--the legislature raised them a few years back.
4. Butch does not feel the legislature will buy the proposed standards. Gerald said that they do not plan to present the whole package to the legislature--that they will leave most of it in the hands of the Administrative Department, but will just ask the legislature to readopt the codes they raised a few years ago. Butch feels that the NW Planning Council should still have an alternative proposal ready for the legislature.

Fred Thomas asked how the standards will differ from those required by FHA and HUD right now--Gerald said that they are more stringent.

Bill Farrell voiced concern that Montanans may enact the codes and Washington or Oregon not do this, and Montanans will then be forced to pay for those who have not enacted. Gerald said that they will then be surtaxed as the legislature has provided for this. He said that Tacoma has already adopted codes.

Bernie Swift asked what happened to the "incentive program". Gary said that they had proposed this and it "just did not fly at all".

Commissioner Tossberg said that he feels BPA should pay the entire difference in building costs on new homes and has suggested this to the committee, but could not get them to "tumble for it". He

said that they would still be better off paying these costs than building new plants.

Rose Goss asked about the insulating factor on glass and Gerald said that the codes would provide for windows and where they can be placed. Rose Goss also asked if people will be provided who can enforce the codes. Commissioner Tossberg said that the County Attorney, Bob Brown, could enforce the program for violators, and Ravalli County Electric could provide the inspectors.

Chairman Williams explained that California has codes and says it is working and Canada has had codes for some time and it works for them.

Bob Thoft asked if the surcharge has been tested in court. Gerald said it has not been tested as it has not been applied yet, but there are a group of homeowners who are suing the council as they do not feel the codes are good and the briefs are in so we will see soon how this comes out. He asked what would happen in Ravalli County if they went ahead to prosecute a violator. Commissioner Tossberg said we will know more when we find out what happens to the homeowner who built in the floodplain with no sewer permit.

Commissioner Tossberg commented that he has been concerned with this for some time and the only problem is convincing the public that there is a need to conserve--the only possible other way would be to find a source of energy that is so plentiful that there would be no further need to conserve. He feels that this is worthwhile in spite of the problems involved.

Elmer Severson commented that he feels that the system will take care of itself, that codes should not be forced upon the people. Commissioner Tossberg commented that the legislature passed laws to help conserve gasoline and that is what gets things started.

Gary Mason said that another problem arises if they do go ahead and build new plants and get indebted for these and then people decide to conserve energy on their own.

The Board adjourned to meet the following Monday at 10:00 a.m.

Hamilton, Montana, December 10, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Bruce Midgett from the Ravalli County Chemical Dependency group brought in their quarterly report to be approved by the Commissioners. There was some discussion on the court school and the hostility involved. He said that they are bringing a law enforcement officer and a judge in for one of the sessions and this cuts down the hostility. Bruce also left the Goal Achievement Report for the first quarter of 1985 for the Commissioners to study. He said that the legislature has allowed the insurance companies to pay on chemical abuse now and they are trying to pinpoint their diagnosis to match the insurance companies' expectations. They have not been getting their money from the insurance companies and this has hurt their program so they are anxious to get this started.

Bruce said that they get good cooperation from the State whenever they need to refer a patient to Galen, but they prefer to refer to Hilltop in Havre or the Rocky Mtn. Treatment Center in Great Falls.

Their treatment usually is from three months to one year--they feel that if they do not get results in a year, the patient probably needs some other help from another source, such as mental health. Bruce would like to see a Community Intervention Workshop done in Hamilton--the cost would be around $25,000, and he is hoping that is something the community will take on as a community project sometime within the next couple of years. He said that Missoula has held three of these. Bruce has been to one of these and can testify to its effectiveness.

Bruce left the reports and will be getting back with the Commissioners within the next week so that he can get them into the State by December 31, 1984.

Jay Unrue, County Road Superintendent, met with the Commissioners for his weekly road update. Jay said that there are freezing rain conditions in the Stevensville area and in the higher elevations--his sanders are out. He discussed the problem on Wyant Lane and said he may have to raise the cul-de-sac about 3 feet to take care of the problem. Jay drew a picture on the board and explained what he plans to do.

Commissioner Tossberg said he had received a call from Bob Kline up the West Fork and said that he would like the road department to plow his road as there is a build-up starting on it. Jay said he would check this out.

Chairman Williams said that Joe Reif has requested a 25 mph speed sign on the road into the airport, and asked if Jay has any objections--Jay said this would be okay. This will take a Resolution by the Commissioners and then Jay will put up the signs.

Commissioner Tossberg explained that he and Chairman Williams had been up to Riverview Orchards and drove the roads to see what the condition of the roads is like. They said that some of the roads are rough and some are not too bad. Jay said that in most areas they just need to peel off the dirt and put gravel down and build it up above the surrounding area.

Jay said that his crew is building up the Blodgett Creek Road to help with the run-off problem.

Commissioner Tossberg said that he and Chairman Williams also drove the Grizzly Way Road and could see Larry's stakes. Commissioner Tossberg said that he feels the County Road Department will have to get the grader up there and get the grade to 9% to satisfy the Judge and the Norways and get this

down there. Chairman Williams said that he agrees, and that Jay should check with Bob Brown on this. Jay said he will take care of this before the first of the year.

Jim Haynes and Nancy Sabo, Justices of the Peace; met with the Commissioners to discuss the crowded situation upstairs in the courtrooms. They said that the District Court law and motion day will be changed to Wednesday and that is going to make their problems worse. They wondered if there will be extra room when the welfare offices are taken out. They really need a courtroom and a jury room. The Commissioners suggested that Jim and Nancy could use the downstairs conference room and asked that they look at it to see if it would work out. Commissioner Tossberg said that they could even put up a divider to allow them to have a jury room. Gary Wiens, Ravalli Republic, sat in on said meeting.

Commissioner White asked if they could use the Police Department facilities in the basement, and asked them to check this out and come back. The possibility of the Extension Conference room was discussed, but Jim said it was a little small. Nancy said that they will need to create the proper setting with the proper furniture. They said that they could work out the election needs if they could be promised the room for the majority of the time. The matter of the sound-proofing of a room for the jury should also be considered.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, December 11, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Dennis Lind and Becky Summerville, Attorneys for the Riverview Orchards owners; Bob Brown, County Attorney; and Gary Wiens, Ravalli Republic; met with the Commissioners at Mr. Lind's request as he felt it would be helpful to sit down and see if the problems could be resolved. Dennis said it would appear to him that a number of the comments were directed at a total frustration of the project because the conditions have not been completed. This is due to the many changes in ownership. Some of the people did not want better roads, some did, but did not want to pay for them, and the developers are in a bind as the condition for getting the plat filed was that the roads would be built to County standards. Mr. Lind said that he feels the RSID is the best method to get the roads improved. He wants to be sure that this is settled in a way to prevent any litigation in the future. He explained the chain of title down to the present owners. He said that the agreement was that if the developers went back through the subdivision process, the Commissioners would help them to get the roads fixed up, and when it was submitted for review, the Commissioners wrote a note that they would okay the RSID if they would complete the conditions for filing the plat. Nothing then happened on this as the property went into default and Stash Ashmore repossessed the property back in September or October, 1983. He said that if the Commissioners decide not to pursue the RSID, then Mr. Ashmore will have to decide whether litigation would be required.

Chairman Williams commented that there has been so much apprehension and discussion on this problem that maybe the best route is not to go ahead on the RSID. He said that he does not think that the opposition can be resolved--it would be extremely difficult to settle the problems. Mr. Lind said he did not understand the people opposing this who had agreements not to have to pay for their share anyway. Commissioner Tossberg explained that he feels there is a fear that the guarantee is not worth anything--there is no way for the County to keep the costs of the RSID so that it will not attach to the individual lots in case the developer defaults.

Dennis Lind said that he feels he has come up with a solution to this problem. He talked with Toole & Easter on this and they said that the developer could purchase a bond to guarantee the payment. There was some discussion on the amount of property owners who are not covered by this agreement, and Becky said that she thinks about 9 are not covered. Commissioner Tossberg said he could not see why they did not pay for all of them. Dennis said it was a matter of finance--they get an interest break on the RSID. He said that he really sees no problem in paying for all of the RSID provided that in subsequent sales they can pass on the cost to the new owners. Commissioner Tossberg said he feels this would be okay as long as there was a full disclosure before any sales are made. Dennis said this will be taken care of because after an RSID goes through, it would show up on any title policies. He said that they do intend to live up to every agreement that has been previously made as there was no disclosure to these people. They said that there has been an agreement between the Mikesells and the Grethers to remove a fence on the East of this property.

Commissioner Tossberg commented that if the developer guaranteed the payment with a bond, this might be a solution, but he would not want to make any commitments until he could discuss this privately with Bob Brown, County Attorney.

Bob Brown, County Attorney, then commented that another alternative would be to let the developer put in an improved road, but not have to bring it clear up to County specs. There is also the problem of road maintenance. Dennis said that there is a Homeowner's Association to take care of this. Commissioner Tossberg said that it appeared from the original agreement that it was obligatory for the County to provide maintenance and then charge the property owner. Chairman Williams commented that there may be some pressure in the future to oil this road. Bob Brown said that by the time this were needed, the original RSID would probably be paid off and they could refinance to oil the road.

Commissioner Tossberg commented that he still feels that it is not a good business practice to put an RSID on property where the taxes are delinquent, and he would like to see the back taxes paid up. This is on 55 lots owned by Hensler--the last half 1982 taxes, the last half 1983 taxes and 1984 taxes. After some discussion, it was decided that they would talk with the treasurer and send the tax statements with Mr. Lind when he leaves. He said that there would be no problem getting these taxes paid.

Commissioner Tossberg also commented that he wants Mr. Lind aware that our Assessor is out reassessing property so that the lots that they are now paying $14 for will be going up to $135 next year. This is not just for the Riverview Orchards subdivision, but is happening all over the valley. Dennis Lind commented that he thinks this should have been done a long time ago.

Mr. Lind asked that the Commissioners give him the bottom line on what they will do so that he can go to the developers and present this to them. Bob Brown commented that they need to discuss this as they want to consider all of the alternatives available.

One alternative is to upgrade the roads for one-half the cost--not to require County standards. Mr. Lind said that the only problem is that he sees a risk of a law suit because the original agreement says "County specs". Bob Brown said that we would have to get the land owners' input on this to see if they would agree not to sue.

Another alternative is to only do the South half of the subdivision, but Commissioner Tossberg said he thinks we might then get sued by those on the North half. Especially because they might feel they were guaranteed good roads, unless we could get an agreement that they will not sue. Mr. Lind said that they would need a release to the developer to proceed with any of these methods.

The possibilities are:

1. Create a district and the developer pay all of the RSID, with a bond to guarantee payment.
2. Do a portion of the subdivision, such as the South half, and secure releases from the other land owners.
3. Deny the RSID and reduce the requirements on the road.
4. Don't create a district, and do nothing.

In any event, this will have to go back to the land owners for their consideration.

There was some discussion on how the RSID could be paid if it were done by the developer, and it was decided that Mr. Lind would need to talk with Ruth Cleveland, County Treasurer, to see how she would handle this.

The Commissioners told Mr. Lind and Becky Summerville to take a break and allow them to discuss the alternatives, and asked that Gary Wiens not print their discussion in the paper because they were afraid of endangering other negotiations by having this printed. Mr. Lind and Becky Summerville then left the room.

Bob Brown, County Attorney, said that he thinks reducing the standard on the roads and not having an RSID would be the best solution. This way the County would not be obligated. Commissioner Tossberg said that this would be a less complicated procedure, but the only thing against this would be the possibility of a law suit--they would have to secure indemnification from the land owners that they will not sue. Also, over a long-term period, it might be better to bring the roads up to County specs. Commissioner Tossberg asked Bob if he thinks we can get the necessary assurance from the property owners that they would be content with less than the County standards on the roads. Bob Brown said that they would have to put out a letter stating what they planned to do and see if they can get the landowners to agree. Commissioner Tossberg asked what would constitute an "upgrade" of the roads. Commissioner White suggested that we could ask them to put up a bond. Commissioner Tossberg said that we could ask them to come up with a proposal and present it to the Commissioners for acceptance.

Mr. Lind and Becky Summerville came back into the office. Bob Brown explained that the Commissioner preference was no RSID and to waive the requirements to bring the roads up to County specs, and then upgrade the roads to a certain standard. Mr. Lind asked what standards would be acceptable. It was agreed that he would have to talk with the County Road Superintendent and come up with an agreement. When the 15 days are up to make the decision, if they have not come up with a proposal, the Commissioners will continue their decision over until they have time to make their proposal. It will be necessary to get an agreement from the land owners that they will not sue.

Mr. Lind asked if he should contact the property owners or if the Commissioners and Bob would do this. He said he felt it should come from the County offices. It was agreed that Dennis and Bob should work out the letter to the property owners. If this does not work out, they will proceed with the other alternatives. They will talk with their clients and see how they feel about this and then get back with the Commissioners.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, December 12, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

At 10:00 a.m. a Park Board meeting was held. Minutes are in the Park Board file.

The Commissioners attended a Board of Health meeting which was held in the afternoon. Minutes are in the Board of Health file.

Commissioner White moved that we adopt Resolution #346 establishing a 25 MPH speed limit on that portion of road between the Eastside Highway and the Ravalli County Airport. Commissioner Tossberg seconded said motion. Motion carried.

The Commissioners sent a letter to Billy Crist in connection with Sunnyside Orch. #3, Am. Pl., Lt. 7, Blk. 10, showing comments from the Planning Board with respect to his proposed subdivision, and stating that the County Commissioners can not approve the proposal until the problems are solved.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, December 13, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Jim Kazebier met with the Commissioners to discuss building codes and the new energy standards.

Larry Baecht from Professional Impressions, Darlene E. Hughes, Clerk and Recorder; and Gary Wiens, Ravalli Republic; met with the Commissioners at 2:00 p.m. for the opening of the bids for printing the County's needs, and for the opening of the bids for legal publications. A bid was received from Ravalli Republic for the legal publications. Said bid was as follows:

"Year 1 (Jan 1 1985 - Dec 31 1985): 80 percent of allowable maximum rates.

Year 2 (Jan 1, 1986 - Dec 31 1986): 100 percent of allowable maximum rates."

Rates are quoted in the bid filed in the office of the County Commissioners.

A letter was received from Paperwork Management Systems, not a bid, but just to introduce the Commissioners to what is available through his company. Larry commented that he has used the services of this company and would probably continue to do so.

Bid was opened and read from Professional Impressions for the County printing contract--see bid in Commissioners' file.

Commissioner Tossberg moved that we take the bids under advisement and make a decision within the next ten days. Motion carried.

Chairman Williams attended an RC&D meeting in Missoula, Montana, and was not present for the bid opening.

Following review with Carol Jeppesen, Planning Office, the following Certificates of Survey were filed:

Relocation - In Govt. Lt. 2 - Sec. 30-6-20 - Dennis Loftis and Hugh Davidson

Occ. Sale - In SE¼ Sec. 34-10-19 - Charles C. Noakes

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, December 14, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Chairman Williams and Commissioner White present.

Commissioner Tossberg attended a Board of Investments meeting in Helena, Montana.

Carol Graham, Ravalli County Human Services Supervisor, advised that on December 13th Jean Penrod, Ravalli County Human Services Eligibility Technician, slipped and fell on the sidewalk north of the Museum, severely bit her tongue and sprained her right wrist. Our insurance carrier was advised of this incident.

The Board adjourned to meet the following Monday at 10:00 a.m.

Hamilton, Montana, December 17, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Jay Unrue, County Road Superintendent, met with the County Commissioners for his weekly road update. Bob Brown, County Attorney, sat in on said meeting. Jay asked Bob Brown about the Lake Como Road which the Forest Service would like to build. Bob Brown said that they need a letter from the Forest Service saying that they would like to have a road which they will construct and maintain as a Federal roadway. The Forest Service will be replacing the bridge and they can not spend money until they own the right of way. Jay said that he would take care of this. After this, the Forest Service will maintain the road up to Lake Como. They do not plow snow, but they will have the general maintenance.

Commissioner White asked Jay if the Grizzly Way road had been fixed. Jay said that they were surfacing it this morning, and that there is no problem--it will be exactly 9% when he is finished.

The Commissioners received by certified mail copies of the case number CV 84-240-M, John Fesler Lance Pro Se vs. James B. Wheelis, et al, one copy to each Commissioner. Dale Dye, Sheriff, came in with his copy which he had received. Bob Brown, County Attorney, said that they should sign acknowledging receipt of their copy, and Bob will find out where to deliver the acknowledgments.

Chairman Williams said that Rose Goss called and complained that the West Fork Road was extremely slippery up to the dam, and wanted Jay to check into this.

There was some discussion about obtaining signs from the prison--Jay and Chairman Williams are checking into this. Bob Krout said that they need some signs too.

Commissioner Tossberg asked about Wyant Lane--Jay said it is taken care of.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, December 18, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Commissioner Tossberg attended an energy meeting in Missoula, Montana.

Chairman Williams attended a Noxious Weed Legislative meeting in Missoula, Montana.

Commissioner White was on hand to attend to office management.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, December 19, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Jay Unrue, County Road Superintendent, came in to report to the Commissioners that the Grizzly Way road is complete, and that he would like them to take a ride tomorrow at 1:00 p.m. to check it out. He also wanted to leave a note to say that Lawrence Haas is first in command while he is gone, and Bud Dye will be second in command--his phone number is 363-4761.

Chairman Williams asked Jay about an irrigation ditch overflowing up Sheafman Creek. Jay said he would check into it, and if there are any further problems, he would be glad to take care of them.

Mary Ann Peterson, insurance agent, met with the Commissioners to present a couple of group health plans which she has received bids on. They are from VPA-Economax and Economize.

Economize--80%-20%, with $100 deductible--$900 out-of-pocket--she did a comparison with Blue Shield and said she felt there would be better coverage. With a $250 deductible, the rates would be $58.15 for single and $156.85 family. The dental plan could be added with $11.50 for single and $28.75 for family. Medicare supplement would be $32.65. $100 deductible would run around 20% more.

Economax--no deductible 50%/50% up front on first $2500--75%--up to $7500; and 100% on next half million. You could add dental. $135.94--family and $50.40 single.

The rates are higher than the present Blue Shield, but Mary Ann feels Blue Shield will probably raise their rates or their deductible this year.

Commissioner Tossberg moved that we postpone making a decision on Riverview Orchards RSID and continue the meeting until January 11, 1985 at 1:30 P.M. Commissioner White seconded said motion. Motion carried.

There was some discussion on Planning Board appointments. Commissioner White suggested that the Commissioners wait until he is out of office and Marion Davis takes office to make these appointments. It was decided that they would do this.

In accordance with a letter from Bob Krout, Florence Fire Department, Commissioner Tossberg moved that we appoint Vern J. Shreve to fill the unexpired term of Boyd Lambson, who has resigned from the Florence Fire Department Board. Commissioner White seconded said motion. Motion carried. This term will expire on April, 1985.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, December 20, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

The Commissioners and Jay Unrue, County Road Superintendent, checked out Grizzly Way road. It appeared to be constructed as agreed.

Commissioner Tossberg moved that we accept the Ravalli Republic's bid for the printing of legal notices for the County for a 2-year time period. Contract to expire January 1, 1987. Motion carried unanimously.

Commissioner Tossberg moved that we accept the Professional Impressions bid for the County Printing contract for a 2-year time period, and said contract is to expire January 1, 1987. Motion carried unanimously.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, December 21, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Commissioner Tossberg attended a Mental Health meeting in Polson, Montana.

Following review with Carol Jeppesen, Planning Office, the following Certificate of Survey was filed:

Occ. Sale & Rem. - In S½NE¼ Sec. 21-6-21 - Dale Linduska and Neal McCurdy

The Board adjourned to meet the following Monday at 10:00 a.m.

Hamilton, Montana, December 24, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioner White and Commissioner Tossberg present.

Chairman Williams was out of the office for the day.

Commissioners White and Tossberg were on hand to attend to office management.

Because of the Christmas Day holiday, the Board adjourned to meet the following Wednesday at 10:00 a.m.

Hamilton, Montana, December 26, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioner White and Commissioner Tossberg present.

Chairman Williams was out of the office for the day.

Commissioners White and Tossberg were on hand to attend to office management.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, December 27, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Commissioner White and Commissioner Tossberg present.

The Commissioners were on hand to attend to office management.

Chairman Williams was out of the office for the day.

The Board adjourned to meet the following day at 10:00 a.m.

Hamilton, Montana, December 28, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with Chairman Williams and Commissioner Tossberg present.

Commissioner White was out of the office for the day.

Dan Kemmis was in to discuss RC&D problems with Chairman Williams.

The Commissioners were on hand to attend to office management and audit the monthly claims.

The Board adjourned to meet the following Monday at 10:00 a.m.

Hamilton, Montana, December 31, 1984

The Board met pursuant to adjournment on the above date at 10:00 a.m., with all members present.

Blanche Rogers came in in regards to the possibility of establishing an RSVP program for the Ravalli County elderly.

Stan Snyder, Al Gile, Larry Higginbotham, County Surveyor; Darlene E. Hughes, Clerk and Recorder; and Don Mullin, Planning Office; met with the Commissioners to request that the plat on Lt. 9 and a Portion of Lt. 10, Block 4, Corvallis Tract, be filed.

Chairman Williams moved that we approve the amended plat of Lt. 9 and a Portion of Lt. 10, Block 4, Corvallis Tract, relative to the purpose of relocating a common line between the lots for Robert Engels. Motion carried.

Upon motion, the Board adjourned.

ATTEST:

Darlene E. Hughes (Clerk and Recorder)

APPROVED: F. T. Williams (Chairman)

APPROVED: F. B. Tossberg (Member)

APPROVED: _____ (Member)

----------0----------

Hamilton, Montana, January 2, 1985

The Board of County Commissioners of Ravalli County, Montana, met in regular session on the above date at 10:00 a.m., with the following members present: Chairman F. T. Williams, Commissioner Harold White, Commissioner F. B. Tossberg, and Darlene E. Hughes, Clerk and Recorder.

The reports of the Clerk and Recorder and County Treasurer for the month of November, 1984, were audited and found to be in balance with cash on hand in all funds in the sum of $9,320,500.18.

Upon motion made and seconded, the following claims were approved and warrants were ordered drawn in payment of same:

COUNTY PAYROLL FUND
