LUND (C&R) \_\_\_\_\_

DATE. . . . . November 22, 1991

MEMBERS PRESENT . . . . . Jerry L. Allen  
Steven D. Powell  
Allen C. Horsfall, Jr.

Commissioner Allen Horsfall met with Bob *Stevens* who wanted to discuss residential development in what he believed to be the 100 year floodplain. He was advised that he would need to review the floodplain regulations but at this time *sent* nothing in the regulations would prevent him from pumping ~~system~~ back up on the bench, however, he was told that the commissioners were considering changing that regulation to a more restrictive form.

Commissioner Allen Horsfall was visited by Michael Howell who advised he would be sending a letter officially requesting that the Board let bids for the legal advertisements and that his opinion of the law was that general circulation and the cost of the bid as opposed to the number of subscribers should be our criteria for selection.

Commissioner Allen Horsfall and Commissioner Jerry Allen attended the announcement by Fred Thomas to run for State Auditor, in Stevensville. They also visited the City Clerk's office to obtain the documents on a proposal for Third and Main Street.
