

**Project Scoring Worksheet**  
 (To be completed by Applicant)

**Project Name:** \_\_\_\_\_

**Applicant(s):** \_\_\_\_\_

This Project Scoring Worksheet uses a numeric system and standard criteria to quantify aspects of an application. It is only one piece of the evaluation process, and the entire application will be considered when determining suitability for approval. There may be circumstances where the Project Scoring Worksheet does not truly reflect the value or uniqueness of a project, or where the scoring over-values a project. Higher scoring projects are not guaranteed to be approved, nor are lower scoring projects guaranteed to be denied. Please see the Ravalli County Open Lands Guidelines document for more information.
