ROAD NAME PETITION

Processing Fee: \$125.00

1. APPLICANT INFORMATION:

Name: _____

Address: _____

City/State/Zip: _____

Telephone: Work: _____ Home: _____

2. MAIL DETERMINATION TO (if different than applicant information):

Name: _____

Address: _____

City/State/Zip: _____

3. ROAD LOCATION: Township _____ Range _____ Section _____

DESCRIPTION: _____

4. PARCEL TAX-ID: _____

5. PROPOSED ROAD NAME: _____

BACKUP NAME 1: _____

BACKUP NAME 2: _____

BACKUP NAME 3: _____

(Shorter names make for better road signs)

6. SIGNATURES OF PROPERTY OWNERS WHO ADJOIN OR ACCESS THIS ROAD:

The applicant hereby certifies that the signatures on this petition constitute the required amount of the landowners accessing or adjoining the road to be named by this petition.

Applicant's Signature: _____

This instrument signed before me, _____, a Notary Public for the State of Montana, this _____ day of _____, 20 _____.

(SEAL)

RAVALLI COUNTY ROAD NAMING POLICY

A private road is a non-county road or driveway that provides access to multiple ownership parcels or dwellings. To comply with 911 requirements, every private road must be named.

Naming a New Road:

1. Obtain a Road Name Petition from the Ravalli County GIS Department or download a copy from the GIS Web page.
2. Fill in all of the pertinent information. (Use the Road Location and Parcel Tax-ID items to provide a good clue as to where this new road can be found.)
3. Supply at least three alternate road names.
4. Make sure that the road names have suffix types that comply with U. S. Postal Standards such as Court, Drive, Lane, etc.
5. Obtain signatures of at least 60% of the adjoining land owners—these signatures indicate that those persons approve of the chosen road name.
6. Sign the Road Name Petition before a Notary of Public.
7. Return the completed form to the GIS Department with the appropriate fee (\$125).
8. Allow a week for processing.

Renaming an Existing Road:

To rename an existing road, the process is essentially the same as above, except that signatures from 100% of the adjoining land owners are required. All residents of the road must change their physical address to reflect the new road name and address sequence.

After the new road has been entered into the GIS database, you will be sent a letter stating that the road has been entered into the County's system.

Addresses and Road Signs:

It is your responsibility to erect an appropriate road sign for your newly named road. The County no longer has the resources to build and install road signs. The sign should be reflective and large enough to be read from a reasonable distance.

The Clerk and Recorder's Office is responsible for issuing new addresses. They will provide you with the official green reflective numbers and a mounting board. Please display your address numbers in such a manner that emergency responders can find you.

Important Notes:

1. **The road must be accessible to facilitate GPS collection by the GIS staff.**
2. **Proper road names must be unique - they cannot be duplicates of existing names within the county. For example: "East Side Lane" will not be accepted because "Eastside Highway" already exists. Also, new road names cannot phonetically sound like existing names.**
